Amherst met at the hands of the Institute golfers Saturday in a good match at Woodland. After the greens were over an ele-

nate was held for captains for next year, in which W. H. Schley '22 was chosen to lead the team.

The score of the meet was 4 to 5 in favor of the Engineers and two of the singles. Kohan had the best Institute score in singles, as he won over Dorr of California. Two of the singles were won by aynı, with a score under 90.

Presents was a little out of form on a long drive on the final hole in his singles. No advantage could be taken of the weakness in the singles or they had played over the course, and therefore with Brooks had been cut off.
