In the system of locker rental a deposit is required to be made; this deposit is returned to the owner when the keys are handed in at the end of the year. There is a date fixed for the return of all keys and if the keys are not returned on that date he forfeits his deposit. This is in order to avoid the loss of keys.

The towel service is an added convenience. The first one is free, the other two extra. The first to be returned is required to wash it and to return the other two for fresh ones.

In charge of this and all other facilities is Mr. E. A. Maynard, the Institute Barber Shop.
