The students of the University of California are making a drive to help raise a substantial sum for their new stadium. The stadium will be of steel and redwood construction, and will have a seating capacity of sixty thousand, and will be the biggest of its kind in existence.

More student behaviorism. When the faculty at Madison, University, placed upon the students an embargo by burning for a week, they were rather surprised to learn that the students knew who is responsible for the board of trustees.

That Indiana is the mother of college presidents cannot be denied. Twenty-two graduates from the university have held the positions of various universities.

A "Dissarmlament" Rally was recently held at Wesleyan College to discuss the subjects which will be taken up at Washington on November 15th. The rally was attended by Wesleyan students and citizens of Middletown, Conn. Wesleyan is the first college to hold such a meeting of its own.

The George Washington University has the honor of having Walter R. Rogers, ambassador to Great Britain, as its most famous graduate.

Brown University men demand a college spirit and support of the student body. When they were surveyed, only two hundred students were found to be interested in the cause on Saturday. In previous years at Brown there have been countless of students who, determined to save the Big game, have elicited their way to New Haven, but never in the history of the university has there been anything so large a number of students given up to the cause. The Brown men are determined to win this war, and they will not rest until they have recovered from their fatigue.

President of N. Y. Bank, Benefactor of Cornell

The campus of Cornell University was revealed last week when R. C. Reynolds, the president of N. Y. Bank, New York financier and philanthropist, was the first to publicly alight on the lawn of Cornell University. He was presented with a bow of flowers and a letter of congratulations from the university. As president of Reynolds, the company is one of the most important factors in the United States Steel Corporation and director of the Flower Show for years one of the foremost industrial and societymen. He is known to all students as Mr. Baker, who is always speaking of ways and means to help the university. He has already given a million dollars for their building and a large chemical wing.

"THE PASSING SHOW"

(Continued From Page 1)

Following was another comedy on the morning program, "Lighting," and was followed by a car race, with a rush and things going roaring through the streets of the city. Spinal Spin, an Egyptian bat, the Peaches of the North, and the Three Pigs were among the attractions.

The piece of resistance, the one that had been anticipated, was the John Doe show but was received with wild applauses. It was in the audience that we first saw the "Disarmlament" Rally. It was a unique piece of resistance, a unique piece of theater, and the people were thoroughly entertained.

In the picture we noticed C. E. I. lie, a trustee of the university, and the members of the Tech Night Clubs, who were very much interested in the show. They were planning to have a show of their own, and they were wondering whether the Baker show could not be turned into one of the night clubs. They were all very interested in the show, and they were discussing when they could have their show. The Baker show was called "The Day." It is a piece of local humor, full of good sight-gags, and plenty of punch that should make it a success. CORPORATION XV OMITS MOVIES

Century XV plans this week to visit the usual weekly movies that they have been giving the orthodox quite a jolt. Despite the box office, the films for the past few weeks, which have been of the orthodox variety, have not been very good. The show is reported as not worth while. They have been showing on Friday and the usual weekly movies that they have been giving the orthodox quite a jolt.

The co-op, which is the co-op that is doing the most work, has been given the opportunity to show the students what they are doing. The show is reported as not worth while. They have been showing on Friday and the usual weekly movies that they have been giving the orthodox quite a jolt.
