SOCCER TEAM FACES STRONG OPPONENTS

Beavers Battle Amherst This Afternoon—Play Springfield "Y" Tomorrow

NO GAMES FOR FROSH YET

With a game with Amherst College at Amherst on Friday afternoon and one with the Springfield Y. M. C. A. at Springfield, on Saturday, the soccer team faces an unusually hard test this week-end.

The team will leave for Amherst by automobile on Friday morning and will remain away for two days. As their opponents are pretty husky the team is expected to have to hustle for a victory.

As Clark College defeated Amherst by a score of 2-1 and the Technology team trounced Clark last week 1-0, figures give the Institute team an even chance for beating "Lord Jeff."

The lineup is as follows: Dueval g, Murdoch rfb, Atahualpa lfb, Kurzman ddb, Tsui chb, Craig lhb, Torres or, Santos jr, de la Maccorra cf, Souza il, Yurrita ol.

In the freshman squad the temporary loss of Emmanuel Ruiz '25, who was injured in an accident, is being felt keenly in the practice. Fortunately the yearlings have no games scheduled for two weeks, for Ruiz is reputed to be one of the fastest men on the team.

HARVARD-PRINCETON CLASH COVERED BY SCORE-BOARD

The Harvard-Princeton football battle tomorrow afternoon, in Jersey, will be covered by an Irwin score-board in Jordan Hall, the auditorium of the New England Conservatory Building, on Huntington avenue. The excitement will start at 2:00 o'clock and admission is one dollar.

The score-board to be used is an exact replica of the outfit at the Harvard Stadium telling the position of the ball, number of downs, yards to go and the man carrying the pigskin. Details of the tussle are available within a minute after the action takes place.

AWARD CABOT MEDALS TO SUCCESSFUL '24 MEN

Saturday evening at 6 o'clock in the main hall of Walker Memorial Dean Talbot will present to the five men of last year's freshman class who showed the greatest improvement in physical development, the Cabot Medals for Physical Improvement. The names of the winners are R. P. Schreiber, William Giddon, H. J. MacMillan, Samuel Seltzer, and J. W. Loubriel. Those who received honorable mention are W. D. Rogers, S. E. Cotter, R. A. Raphael, T. P. Bailey, and H. E. Whitaker.

The medals are the gift of the late Samuel Cabot '09. Mr. Cabot was deeply interested in the welfare of the Institute and its athletics. He was a member of the Corporation for many years and was connected with the department of chemistry.

Five medals are given each year. Every freshman upon his entrance into the Institute is measured and given a thorough physical examination. At the end of the year he is measured and examined again. The improvement shown by these examinations determines the rating.

The competition for the medals is restricted to freshmen, but not to those taking the gymnasium work. Any freshman who shows improvement has a chance whether he is taking gym work or is out for track or crew. It is very seldom that the medals go to men who are out for the teams.

TECH ELEVEN ON WAR PATH

Show Great Promise for Impending Struggle

The veteran football warriors of THE TECH staged their first gridiron practice of the year in the Walker squash courts Wednesday evening. Though the team was somewhat out of training and handicapped by the substitution of a medicine ball for the usual pigskin, great talent was evidenced in several directions.

After a few of the irregularities are smoothed out, the team will form the perfect fighting machine that is to romp triumphantly down the field over the mangled bodies of the "Sniquers."

Shipley, captain of the Sophomore football team, who has been engaged as coach for the season, when asked about the playing of the team, said, "I have never seen anything like it!"

SUTHERLAND WILL COACH SWIMMERS

First Practice of Institute Varsity and Freshman Teams Monday

70 MEN SIGNED-UP TO DATE

At the first practice of the Institute swimming team next Monday, A. D. Sutherland, coach of the team two years ago, will return to Technology to take charge of the aquatic stars. Sutherland is an old hand in the swimming game, and is especially interested in developing plungers.

He has been coaching the Andover team for the past nine years, developing in them one of the best scholastic teams in the country. He was also coach of the Technology swimming team during the 1919-1920 season. During the war Sutherland was made supervisor of the entire first naval district, covering most of New England.

Hold First Practice Monday

On Monday both the varsity and freshman swimming candidates will hold their first practice in the Boston "Y" tank. Most of the men have already signed up for the sport, on the main bulletin board in Building 10, but a number of men are expected to show up on Monday who have not yet handed in their names. So far over thirty-five varsity men have signed up along with over thirty freshmen.

It looks as if the Sophomore candidates are out to give a close race to their more experienced brethren for a position on the team. Nearly half the varsity candidates, so far, are members of the class of 1924, many of them having starred on last year's freshman team. The only man lost from last season's freshman squad is A. J. Kemp, a diver, who failed to return to the Institute this fall.

Miller Attends Conference

Manager Miller, of the team, went to New York last week-end in order to represent Technology at the fall meeting of the Intercollegiate Swimming Association, of which the Institute is an associate member. Dates for the Intercollegiate were discussed, and March 28 was finally picked as the official date.

PREVIOUS FIELD DAY SCORES.

The following scores are a record of all Field Day results from the time that Field Day was substituted for the annual class rush to the present time. During that time five classes have succeeded in winning twice in succession and, judging from the records, this was due to the fact that practically the same men composed their teams in both years. Up to 1917 there was no crew race on the program and the one held in 1917 did not count in the official score; but the competitions of 1918 and 1919 included a crew race which counted 3 points to the winner.

FOOTBALL RESULTS AT STANFORD DINNER

A banquet of the Leland Stanford Club will be held on November 19, it was stated today. At this banquet the results of the annual Stanford-California Football game will be announced to the diners.

It was requested by those in charge of the club that all men who had not attended the last meeting to get in touch with the club at Room 1, Perkins Hall, Cambridge.

INSIGNIA AWARDS AT DINNER

The insignia, letters and other marks of rewards awarded to men last spring in athletics will be presented at a dinner at the Engineers Club on November 12 at 6:30.

The price of the dinner will be \$1 per plate and all the men who won insignias are cordially invited to attend. Tickets will be on sale Saturday, Monday, and Tuesday in the M. I. T. A. A. office, in Walker.
