INSTITUTE SOCIETY PLANS

GREATER BOSTON MENMARCH

An attempt by technologists to form a Greater Boston Monem Society, and to hold joint meetings with social hours following, heads the plans of the Monem Society for the coming year.

"Among the colleges of Greater Boston," said Samuel Sengel '25, president of the Monem, "there exists a particularly fertile field for the coop-

er-ation of the Monem Societies in

such an extent that joint meetings

might be held in which the study and advancement of Jewish culture and ideals might be made more of a reality. After these meeting social hours with dancing would follow where, by con-

touch with each other, the members

might achieve culture besides gaining

in the more social way. The plan is to

hold one meeting a month and on the

22nd, Boston University

invited to attend."

Non-Jewish speakers will be asked to

address some of the meetings this

year as non-Jewish viewpoint on Jewish

issues.

CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. CAMELS are as good as it's possible for skill, money and lifelong knowledge of fine tobacco to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make CAMELS the best cigarette it's possible to buy. Nothing is done simply for show.

Take the CAMEL package for instance. It's the most perfect packing device science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke more than any premiums or coupons. And remember —you must pay your extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarette aftertaste.

It's CAMELS for you.
