A REAL CHALLENGE SAY 1923 IN NEW FOOTBALL INVITATION

Under the heading of "A Real Challenge" the football warriors of the class of '23 crashed '24 only one short year ago, hence they are looking for another test of strength on the gridiron.

While the 1923 gridiron stars are looking forward to the season, some confusion is being circulated in the Sophomore makeup they have hereafter for the upcoming challenge:

FRESHMEN REPORTS

It is such a sentiment that makes a display of interest and activity in football by the freshmen a matter of some importance. On this plane there is no reason why the freshmen, who are particularly interested in this game because of their past experience, should not take full advantage of this opportunity to show the value of their college work in the Harvard Grid. There are many of us who are truly grateful to the class of '23 for their technological mental tact, and don't want to have a repeat of last year's signal defeat. therefore, at the present time, we are all looking forward expectantly to a chance to show off to the best of our ability.

It is the duty of the freshmen to have a good season next year. If they do not, they will have no other chance of showing what they can do. If they do, they will have a chance to prove to the rest of the smoke that they can go with smoke, and thereby gain the confidence of the smoke and its members, and thereby be able to get their season's ticket which is the most important thing in the sport.
