MENORAH SOCIETY TO HEAR BOSTON PASTOR AT MEETING

The first academic meeting of the Menorah Society will take place Nov. 30, at 8:00 o'clock, in the Faculty dining room of Walker when Reverend A. H. Rihbany, pastor of the Church of the Disciples, will address the gathering.
 Dr. Rihbany, who is a very popular speaker in this section, has addressed many student gatherings. He will speak to the Menorah Society as a gentle preacher and on topics which are essentially Jewish.

In time trials held over both the Franklin Park and Belmont courses several of the members of the freshman squad have been able to turn in better times than men on the regular varsity. The times do no discredit to the varsity but you have to hand it to the yearlings.

The Beaver harriers came out of the N. E. I. C. A. A. run last Saturday rather fortunately in that none of the team were injured or thrown out of form by the run. Coach Kanaly has been inclined to give rather easy workouts this week so his squad will not be overtrained for the I. C. A. A. A. run Monday afternoon.

This is the first time that the Inter-collegiate have been held on a Monday. Formerly they were held on Saturday which made the contestants miss exercises on both Friday and Saturday. By the new system only Monday classes are omitted.

TOP NOTCH HARRIERS PLENTIFUL IN I. C. RUN
 (Continued from Page 1.)

finish early. W. S. Hart of Bowdoin, who won the N. E. I. C. A. A. run, will have a chance to repeat.

Beaver Yearlings Fast
 So little is known about the various freshman teams that the outcome of the three mile yearling race is hard to predict. Coach Kanaly, however, has been more than satisfied with the running of the freshman harriers and expects much from them Monday. Eleven colleges have entered freshman teams.

The varsity and freshman squads will leave tomorrow evening from the South Station at 6 o'clock. Both runs are over the Van Courtlandt Park course, New York City

ARENA OPENING NIGHT OFFERED HOCKEY TEAM

Unique Honor to Institute Puck Chasers

The Institute hockey team has been offered the use of the Arena on its opening night. This is quite a unique honor and arrangements are being made to schedule a match between Technology and some other college on that night, December 9.

Plans for the coming year for the team are rapidly taking shape and a new coach for the team is being arranged for. The man whom the management has under consideration is one who is very well known in hockey circles for his past work with college and other amateur teams. He should do much towards turning out a winning team this year, if he is procured, with the proper support of the students by trying out for the team.

The meeting next Tuesday at 5 o'clock in 10-275 will be addressed by Dr. Allen W. Rowe, secretary of the Advisory Council, and by Mr. Frank M. Kanaly, in charge of physical training at the Institute and coach of the track team. These two men have very pertinent words to say to those men interested in hockey who attend the meeting. There will also be other talks by members of the team last year and the manager and captain will say a few words.

It is urged that all men interested in hockey, both those who are eligible for positions on the teams and others not eligible, but who are interested in seeing the Institute put forth a winning team, should come to this meeting. Those men who have suggestions to make will be as well received as those who come to try out for the team.

The competition for the three freshman assistant managers will start at this meeting. The men wishing to try out for this position will sign up with the manager, F. A. Kinch '23, at this meeting.

TRY OUT 34 BATTlers IN FROSH BOXING MATCHES

The first of the elimination bouts for the freshman boxing team will be run off next Tuesday at 4 o'clock, in the boxing room in Walker. Thirty-four men have signed up for the tournaments and the material is better than that of previous years in both experience and class. The tournaments will be run off in three installments, the first on this Tuesday, the second a week from Tuesday, and the third probably on Friday, December 2.

The following bouts are to be run off this Tuesday: 115-pound class: R. C. Urben and H. S. Rogers; 125-pound class: J. C. Betts and R. W. Chatelaine, M. Glickman and P. E. Hess, H. R. Parker and R. M. Wick, R. Williams and F. G. Duncan; 135-pound class: C. A. Carry and P. G. Goble, A. N. Nickerson and J. Roll.

125 Pounders Fast

Betts and Chatelaine, contestants in the 125-pound class, have both had previous experience and will put up a good bout, replete with action. In Goble and Carry, the team has two good contenders for the 135-pound berth.

The bouts will be under the supervision of James H. Fitzpatrick, who has offered gold medals to the title winners of the respective classes. This factor as well as that of representing the team are two dominant influences on the contestants and some fast bouts are expected to take place.

Manager J. C. Howell has been absent due to an attack of pneumonia.

At Missouri University, any student falling in any of his subjects automatically becomes an inactive member of his fraternity, and is not allowed to live at the fraternity house until the failed work is made up.

Discrimination

Who can discriminate more carefully than the college man? To his natural equipment are added the resources of culture and the association with great minds of all ages. Such discrimination leads naturally to the choice of Melachrino, the One Cigarette Sold the World Over.

Remember that Melachrino is a master blend of the finest Turkish Tobaccos as originated by Miltiades Melachrino. Egyptian cigarettes are simply those that originated in Egypt. But the tobacco is what you want to know about —and if it’s Melachrino—it’s right
