SURPRISED AT ENDOUATION

New York, Dec. 6. (UP)--Kanejiro Matsumoto, com-

mitted with the Japanese Com-

mission, was interviewed today con-

cerning the opinion of Japanese

business men in regard to Ameri-

can educational institutions. Mr.

Matsumoto consented to prepare a few words for the

Press concerning this subject. He

had inspected the schools of his

nation and was asked about his

impressions.

Mr. Matsumoto wrote:

I was greatly surprised to see the

various departments of Technology,

especially the Electricity Depart-

ment. It is obvious that this insti-

tution is a very important one for

the preparation for the Fall Term

Examinations.

This school, through its corps of experienced and effi-

cient tutors, will offer reviews in the more important courses as

preparation for the Fall Examinations.

Private tutoring will also be furnished at all important subjects.
