ATHLETIC ADVISORY COUNCIL GATHERS

Decides on New System of Scoring for Field Day Events

P. D. SHEELINE ’19 SPEAKS

At the first meeting of the Advisory Council forField Day Events, held in the Council Chamber in the administration building on Tuesday afternoon, it was voted that the system of scoring for field day events be changed. It was proposed that the system be changed by vote of Council, and the vote was taken. The vote was unanimous. The new system is as follows:

A record of all field day events will be kept, and each contestant will be given a number. The scores will then be recorded in a book, and the contestant with the highest number of points will be declared the winner.

P. D. SHEELINE ’19 SPEAKS

In his recent lecture, Dr. Charles P. Steinmetz described the development of the smoke detector. He explained how the smoke detector was invented and its importance in modern safety systems. According to Dr. Steinmetz, the smoke detector is an essential component of any fire protection system. He emphasized the importance of regular maintenance and testing to ensure the detector is functioning properly.

SUPERPOWERANT IS SMOKER SUBJECT

An application for the position of smoker subject has been filed with the administration. The candidate for the position must have a strong background in chemistry and a passion for safety. The successful candidate will be responsible for ensuring the proper functioning of the smoke detector and maintaining it in good working order.
