The Senior Formal Dance that is to be given next week is something on a higher plane now that the impending inauguration of the Student Tax is no longer a dream but a reality, and a tax. We hope that this may be the origin of a tradition which will be handed down to the succeeding classes. Heretofore the only get-together of the graduating class was at the annual dinner, and on many occasions even that was not possible. The Senior Fastness exercises, of course, drew the men to the floor, but that at times was followed by the traditional junior jamboree, a custom which we hope to sublimate to the real issue of the occasion: graduation. Now, however, the Seniors have a chance to come together for other purposes than to enjoy themselves with established. For the benefit of the students the Senior Fastness, that is to say, the dance will be abandoned.

The Class officers are working hard and the members are giving a cordial and whole-hearted support. They are most fortunate in having the financial aid of the Boston Athletic Association boat house meets with the approval of the whole student body. It is clearly to be seen that such a source of income as the Student Tax was much needed and that the purchase of the boat house, combined with the boat house and sculling facilities to be obtained, will not only benefit our athletics but will give the entire student body a chance to enjoy themselves.

The S. A. A. BOAT HOUSE

The action of the Executive Committee of the Corporation in authorizing the purchase of the Boston Athletic Association boat house meets with the approval of the whole student body. It is clearly to be seen that such a source of income as the Student Tax was much needed and that the purchase of the boat house, combined with the boat house and sculling facilities to be obtained, will not only benefit our athletics but will give the entire student body a chance to enjoy themselves.

FORERUNNER INSTRUCTED IN WASHINGTON RESCUE WORK

Karl L. Ford who was an assistant laboratory assistant in the Medical Chemistry Laboratory, from 1910 until January of the present year has been named the first rescue to rescue the B. F. S. in the Second National Civil War.

The rescue was referred to by the St. Louis-born fireman as the work of the men at the front. It is a difficult and hazardous job, but the rescue was perfect. The men at the front were most grateful for the work of the rescue man, who was a native of St. Louis.

NOTES FOR UNDERGRADUATES

THEATRE VICTIM IMPROVED

S. M. Lee '25, who is employed by the Boston Post, was injured last night when the 8th Street Theatre was burned. He is expected to recover.

S. M. Lee '25 is a member of the Student Council's theatre committee. He is expected to recover.

The great and august municipality of the city of Boston is about to receive its first college in the form of the Old Colony Trust Company. The company was founded in 1873, and has been in existence since that time. It is a corporation of the state of Massachusetts, and is authorized to do business in the Commonwealth of Massachusetts. The company has a capital stock of $1,000,000, divided into 100 shares of $100 each. The company's offices are located at 152 Boylston Street, Boston, Massachusetts.
