THE HISTORY OF THE TECH

The formation of a Sophomore baseball team in the fall of 1878 was a natural outgrowth of the success of the Freshman team of 1877. The Freshman team was formed the year before and won the intercollegiate championship for the first time in the history of the College. The Sophomore team was formed to continue the success that had been achieved in the Freshman team and to provide a means for the Sophomores to participate in intercollegiate sports.

The formation of the Sophomore team was not without its challenges. The team was formed with the support of the administration, but it was also met with resistance from some faculty members who were concerned about the impact of intercollegiate sports on the academic environment. The team was also challenged by the need to organize and manage the team, including scheduling games, finding opponents, and ensuring that the team had the necessary equipment.

Despite these challenges, the Sophomore team continued to grow and flourish. The team played its first game against Harvard on October 15, 1878, and won the game by a score of 5-4. The team went on to win its first intercollegiate championship in 1879 and continued to be a fixture in the intercollegiate landscape for many years to come.

The formation of the Sophomore team was an important milestone in the history of intercollegiate sports at the College. It marked the beginning of a tradition of success in intercollegiate sports that has continued to this day. The Sophomore team set the stage for the future of intercollegiate sports at the College and paved the way for the formation of additional teams in the years to come.

CANCELLER SUSPENDS SYRACUSE “ORANGE PEEL”

Suspension of the “Orange Peel” publication was announced by the Chancellor of the University for the second time in three years. The Chancellor had also suspended the publication for the football season of last November and the first half of this season.

The “Orange Peel” was first suspended in 1918 when it was charged with publishing “improper” material. Its publication was resumed after a special examination. No excuse was advanced under this regulation.
