

Midshipman Champion Gymnasts Show Their Skill in Intercollegiates Tonight

FRESHMAN TRACK TEAM WILL ELECT CAPTAIN TUESDAY

Expect to Avoid Trouble by Naming Leader for Spring Season

1925 TRACK SCHEDULE

- April 17—Interclass Meet.
- April 22—Andover Dual Meet at Andover.
- April 29—Worcester Dual Meet at Worcester.
- May 13—Exeter Dual Meet at Exeter.
- May 20—Huntington High (tentative).

In order to forestall any ill prospects in freshman track athletics this year things are being organized thoroughly. The question of electing a captain to lead the yearlings will come up at a meeting of '25 track enthusiasts next Tuesday afternoon in room 10-275. The meeting is called for four o'clock.

The fact that this year's cub aggregation will not be handicapped by the lack of a leader should prove an important factor in the outlook. Former freshman teams have had the misfortune of not having someone to take charge. This need was always most felt at the end of the season when it was entirely too late to remedy affairs.

New Events to be Entered

In the Exeter meet at least three new events, the javelin, the hammer, and the discus will be entered as part of the program. These contests are becoming more popular every year and the departure will gratify the desires of those who are adept with the weapons. The rest of the opponents on the yearlings' schedule are also to be brought into line on the javelin, hammer, and discus.

Institute Tennis Players Discuss Plans for Season

Captain Bill Scott Will Be in Charge of Meeting This Afternoon

CHESTNUT HILL COURTS READY FOR ACTION SOON

Larry Rice, Who Places Ninth in American Ranks to Act as Coach

Captain Bill Scott will tell tennis candidates all about the seasons plans and the policy to be pursued at a meeting to be held at five o'clock this afternoon. The prospects will be gone over in detail and a line on the available material doped out.

Varsity practice and matches will be held as usual on the courts of the Longwood Cricket Club at Chestnut Hill. Until they can be gotten ready men desiring to practice may go to Jarvis Field, where some of the courts have been put in condition for that purpose. The next ten days should see the Chestnut Hill courts ready for regular practice.

Larry Rice to Coach Temporarily

Lawrence B. Rice has signified his willingness to coach the team until he leaves for the Pacific coast with Tilden to compete in the spring California tournaments, and also to play in the East vs. West tournament. Last year the tennis team was greatly strengthened by his interest and enthusiasm. It is greatly to be regretted that the team will be deprived of his services during the crucial part of the season.

The success Larry has achieved warrants the recognition he has received by the American Lawn Tennis Association which is sending him to the coast with Tilden.

Coach Rice Makes Unique Record

Since his graduation from Yale, where he played on the varsity team, the coach has won laurels which have raised him by leaps and bounds until finally he has earned a place on America's First Ten for 1921, now ranking at No. 9. Last fall he beat Tilden for the Rhode Island singles championship at Providence. Still not satisfied he defeated Vincent Richards several weeks ago, thus annexing the championship of the Bermuda Islands where the match took place. Richards ranks at No. 3 in America's First Ten for 1921. The score was 3-6, 6-3, 8-6, 6-2.

Larry has returned to his home at Newton Centre, where he won his first tennis trophy ten years ago. The trophy, a playground cup, was won when he was still in grammar school. Newton High saw him for two years, after which he went to Yale, playing No. 4 singles in 1919 and teaming with Charles Garland in the doubles.

Eliminations to Decide Team

This year's players will be picked by elimination tournament and a round robin among the most likely candidates. Recognition will be given to men having good form with prospects for future development. In order not to miss any of the important points pertaining to chances of making the team, the gathering in room 10-275 should be attended by all Institute tennis enthusiasts, says Captain Scott.

RIFLEMEN HAVE WON TEN AND LOST TWO MATCHES

The record of the rifle team is now: matches won, 10, matches lost, 2. The next match will be a prone contest against the Drexel Institute. There are only two more dual contests before the indoor season is over. These will be against the University of Pennsylvania and the University of Maine

COLLEGE GYM TEAMS STAGE COMPETITIONS (Continued from Page 1.)

and then taking a beating from Navy. Very little is known of the calibre of Haverford University's team since they cancelled all their dual gym meets for this year and are entering into collegiate competition for the first time this season. Usually they put out a strong aggregation, tying with Princeton for fourth place in last year's intercollegiate. Harvard has lost every meet of this year, bowing to Technology, Dartmouth, Princeton, and Yale, but is putting forth a strong bid for placing in the horizontal bar event. New York University is a dark horse about whom very little is known, last year capturing first place in the horse event. Rutgers and Penn are possibilities but not strong ones.

CAPTAIN NESMITH THOMPSON
 Who Will Perform on the Rings For Technology at the Intercollegiate Meet

N. Y. U. Horse Man Hopes to Repeat
 Pearson and Cory of the Navy are the two probabilities for first place in the horizontal bar event, having tied for that position last year. Bailey and Kenyon are the Beaver entries for the event, while Captain Bailey of Harvard, brother of the Institute entry, is out for laurels in the same line. Creamer of N. Y. U., who in the previous season captured first place on the horse is in line for similar honors tonight. Vicinus, Littlefield, and Brink are the Institute entries. Captain Thompson, Shea and McCoy will represent Technology on the rings, while McCoy and Apollonio will compete on the parallel bars. Keenan and Littlefield will handle the clubs for the Engineers while the Institute tumbling entries may include Wood, Davidson, Spengler and Anderson.

Middle After Parallel Place

Silverman of the Navy, is looking for the best berth in the parallel bar event while Pearson of the same institution, who rated third on the event last year and was the only man to score twice, will come across with some stiff competition. Half of the Annapolis visitors is out for a duplicate of his last year's performance of taking first place on the rings.

The loss of Dandrow from the hammer doesn't loom up quite as seriously as it did before Dexter and Osborne got to work. Although a comparatively light man for this event, the latter is certainly getting away with some nifty throws.

Carl Dippel is back on the job again in the broad jump and the way his preliminary practice sessions have been going he is on the road to ruining his last year's mark.

Boli and Holt, while having their pretty much their own way over the rest of the fields in the javelin throw, are hard at it trying to beat each other. At present George's experience has helped him keep just one foot ahead but Holt is making him work.

With Bill Burke wearing the crimson in the mile the Engineer entries have a whale of a job on their hands in that event but Elmer Sanborn is looking pretty good this spring and against anyone but the redoubtable Burke would seem a sure bet. Sam Vadner is working out regularly and is probably the logical choice as Elmer's running mate.

Coach Ryder's B. C. team is confident that their recently developed field events team will make the New England Championship a hard nut for the Engineers to crack, but if Technology comes through against Harvard it isn't likely that anything the Maroon and Gold can show will stop the Beavers.

INSTITUTE CHESS TEAM CLOSES SEASON TONIGHT

Season's Victories Include Winning Intercollegiate Championship

The last match of the Institute Chess Team will be played tonight in the Walker Memorial. Its opponent is the Suburban Team. The first match with the Suburbans this year resulted in a 6-0 for the Engineers, so the Institute men expect an easy victory tonight.

Of the 13 matches played so far this year, the Institute Team has secured 7 wins, 4 draws, and has been defeated only twice. Two of the contests, one against Harvard and one against the Suburbans, were won by a score of 6-0, while the heaviest tally against the Institute was 5-1, made by the Boston Chess Club.

The summary for the season:

- Nov. 11—Boylston Chess Club, (T) 2½, (O) 3½.
- Nov. 18—Bay State C. C., (T) 3, (O) 3.
- Nov. 25—Boston City Club, (T) 5½, (O) ½.
- Dec. 2—Boston Chess Club, (T) 1, (O) 5.
- Jan. 6—Jolly Rogers, (T) 3, (O) 3.
- Jan. 13—Harvard, (T) 6, (O) 0.
- Jan. 20—Boston Chess Club, (T) 3, (O) 3.
- Jan. 27—Bay State C. C., (T) 5, (O) 1.
- Feb. 3—Boylston C. C., (T) 5, (O) 1.
- Feb. 10—Boston City Club, (O) 3, (T) 3.
- Feb. 17—Suburban C. C., (T) 6, (O) 0.
- Feb. 24—Jolly Rogers (T) 3½, (O) 2½.
- Mar. 3—Harvard, (T) 5½, (O) ½.

Besides the regular games of the season, the Team took part in the intercollegiate Chess Tourney held in New York during the Christmas holidays. It was very successful here, winning the Intercollegiate championship, and with it the trophy offered by Harold Philips. The trophy is in the form of a shield, and is now on exhibition in the Walker Memorial. The shield will become the permanent property of the first team that wins five of the Tourneys. Since the competition was opened only this year, the Institute Team has a lead of 1 point over the other teams.

CREW MANAGEMENT STARTS CAMPAIGN FOR MORE FRESHMEN

Plenty of Varsity Men but Few Yearlings Turn Out for Sport

1925 CREW SCHEDULE

- April 29—Harvard on the Charles.
- May 6—Yale at New Haven.
- May 20—Huntington High on the Charles.

Of the 120 men out for crew only 20 are freshmen. As races have been secured for the second freshman eight, another drive is being made for candidates. Exemption from physical training for the third term can be obtained by turning out for crew. Last season nearly as many freshmen as varsity candidates turned out, and the men this year are giving the old varsity men a scrap to hold their places.

The crew management is anxious to keep the number of experienced underclassmen coming up into varsity rank large; they want nothing but first class crews to represent the class of '25 when they meet Harvard on the Charles and Yale in New Haven.

The first race, with the Harvard freshmen on the Charles, is scheduled for April 29, less than a month away. Speedy work will be needed to get the new men into shape for the event, but it can be done. All that remains for the freshmen to turn out and sign on the dotted line. They are to report to the M. I. T. A. A. office after 5 o'clock or to the boathouse.

Journalism Schools Can Teach No More

There is no regular course in journalism listed in Technology's curriculum. For the many men who would take such a course if there were one, its absence should be no obstacle to getting the journalistic training that that course would ordinarily provide.

The work of the newsman on THE TECH is in nearly every respect the same as that of a reporter on any big daily, making such work a unique opportunity for practical experience in journalism. Men who have had no other experience than what they got on THE TECH news staff, are today holding positions on a number of city newspapers. It is a course that costs you no more than your time. All incidental expenses are paid by the paper.

Competitions for positions on the News Staff have just started. You pass the News Room every day as you come to lunch. It is room 3 in the basement of Walker. Drop in and make yourself known.
