### COLLEGE SPORTS

The University of Pennsylvania crews made a clean sweep of the Yale oarsmen last Saturday, winning all three races by boat lengths.

The Annapolis track team decisively defeated the University of Pittsburgh team 85 to 40, in the dual meet last Saturday. The Navy team showed particular strength in the sprints. The Middies also possess a 22 foot broad jumper.

Princeton ran away with the triangular meet with the University of Virginia and Johns Hopkins last Saturday. The Tigers scored 85 1-3 points to 21 1-3 for Virginia and 19 for Johns Hopkins. Stevenson of Princeton ran the quarter mile in 50 1-5 seconds.

## Tennis Team Opens Season at Providence

### Capt. Scott Will Lead Players to Brown Tomorrow in Search of Repetition of Last Year's Win

Tomorrow the varsity tennis squad, under the leadership of Captain Bill Scott, travels to Providence where it aims to hand Brown a repetition of last year's drubbing. Although the loss of two of the best players on last spring's squad has left places for new men. Captain Bill thinks that he has players who will come through, though the match will be by no means as easy as it was when Cauldwell and Brookmann were with the squad. Captain Scott and Roger Carver, ranking as one and two respectively are the nucleus around which this year's team is built.

J. D. E. Jones is a veteran on the Brown squad and looms up as quite a formidable opponent. He is a member of a famous tennis family among which a younger brother Armand, who is a freshman at Yale, is prominent. Armand Jones has already gathered fame, being considered an opponent worthy to meet such players as Tilden, whom he has played in several matches.

Practice playing has been much handicapped by poor condition of the

courts. The men showing up as possible winners are Lyman Tremaine, Stuart Doubleday, Louis Hobbs, and Powell Robinson. These Beavers may accompany Captain Scott and Carver on their trip tomorrow.

**Eliminations Progressing Slowly**  
The varsity and freshman tournaments for first round matches are still being played and will continue until Saturday, when all returns must be in. April showers and prom week had much to do with the interference to the scheduled games, but the whole week leeway that the management granted will not be extended further. Of the varsity matches listed thirteen still remain to be played. About half of the victors in the matches played needed three sets to win. Those requiring three sets were C. L. Dunn vs W. A. Harding, Erwin Schoeffel vs R. DeR. Brouwer, and Stuart Gourley vs H. P. Kurzman. Dunn defeated Harding 4-6, 6-1, and 6-3, while Schoeffel came through with 3-6, 6-2, and 6-1 sets marked to his credit. Stuart Gourley won his first set in 6-3 after which he eased up a little and gave Kurzman the second set 2-6. However, Gourley came back with plenty of pep when he finished the match by taking the third set in 6-1.

George Clifford beat F. H. Clark 6-2 and 6-2. George Storb, who won a "T" insignia in basket ball this year, had no trouble in disposing of B. E. Zavoico in straight sets 6-0, 6-1. George is another one of those who believes an athlete must be able to hold his own in several lines.

**Freshman Returns More Lively**  
The freshmen are taking the eliminations with a more serious air, although a number of matches still remain on the schedule. The first round returns now in show victories in straight sets all the way through. The results follow: G. H. Fuller beat F. N. Cheever, 6-1, 7-5; P. Glasson beat H. W. Cox, 6-3, 6-1; R. G. King beat T. D. Storie, 6-1, 6-1; D. L. Miller beat S. Glaser, 6-4, 6-4; E. McKibben beat M. B. Frost, 6-0, 6-0; J. K. Peck beat C. P. Worthington, 6-0, 6-0; H. Browning beat J. E. Sutcliffe, 6-2, 6-3; C. H. Bowles beat R. C. Mader, 6-2, 6-2; J. W. Boyd won from M. T. Freeman by default.

### Intensive Work for Runners in Next Two Weeks

The track squad put in a strenuous day's training yesterday afternoon as Coach Kanaly is planning to make up for the recent respite from work by giving double doses for a while. Today is the usual rest day of the week but Saturday's practice will be a stiff one according to the coach. He said that with the season's big event, the Harvard meet, only two weeks from tomorrow "intensive training to whip the men into top form" will be the rule. The Penn Relays on April 29 will affect only the mile quartet and possibly one or two weight men who are to compete but the goal of the entire squad is the clash with the crimson the following week.

**Frosh Meet Andover Tomorrow**  
The yearling track team journeys to Andover for the annual dual meet with the Academy. Owing to the limited financial backing the frosh have received only twenty men who will make the trip so that the prep aggregation ought to have the edge on their visitors. Andover proved too much for the Institute freshmen last year and in fact usually manage to annex their contests with the Beaver yearlings but this year's combination is somewhat better balanced than has been the case in the past. However, its weakness in the field events, as well as in numbers, leaves the Blue and White a favorite.

**Novices Clash With Newton.**  
The Institute novice team composed of all track men who are not on either the varsity or freshman combinations, excepting the varsity ineligible, is

### SOPHOMORES SCORE IN TENTH AND TRIM MILTON BY ONE RUN

#### After Busy Ninth Inning, in First Game, '24 Noses Out Academy

The Soph ball players came out on the winning end after a bitterly contested 10 inning game with the Milton Academy nine Wednesday afternoon, winning 11-10. The 1924 team started out with a rush and in the first few innings put up a good safe lead of six runs, but were cut down in the eighth, when Milton tied the score at seven. The ninth inning netted three runs apiece and one more was slipped over by the Sophs in the first of the tenth. Milton's half of the last inning was a walk-away for Guy Canfield, the first two men retiring after three good swings each, the last of Milton's hopes being thrown out on a clean peg from Michelena to Bates at second.

**Canfield Too Fast For Milton**  
The work of Guy Canfield in the box was the biggest stumbling block for the Milton boys. Canfield pitched the entire game for the Sophs, while Milton had the advantage of a good staff of pitchers. Stoup Clark was on the job on the third sack and provided some exercise for the Milton fielders. The whole team was up on its toes all during the game as the score shows. The Sophs lined up as

### Why Not Learn To Fly?

IF you cannot fly an airplane, but have ever entertained a desire to do so, this message should be of intense interest to you. Especially is this true of students in Airplane Engineering—for flying instruction is a distinct aid in airplane design.

#### LEARN TO FLY THIS SUMMER DURING VACATION

Aviation is here to stay—and it has a future even brighter than many imagine. Already, greater strides are being made than most people are aware. Our training of pilots, which was discontinued on America's entrance into the late war, has been resumed—and with facilities such as were never before known. It will be great sport for Tech students to learn to fly this summer.

Send for Booklet if interested

If the above thoughts appeal to you, address our School Department, No. 2, for further information. There will be no obligation at all and we have a complete new booklet on this particular subject which is free for the asking. Even if you should decide you would not care for it for yourself, why not send for it for some one else?

School Department No. 2

Dayton Wright Co.  
Dayton, Ohio, U. S. A.

"The birthplace of the airplane"

THOUSANDS of smokers have proved it—and now give the verdict to you—

Of all the other tobaccos NATURE has produced—none can approach the finest varieties of pure Turkish for cigarettes—None has the delicious FLAVOR of the finest Turkish—None gives the ENJOYMENT of the finest Turkish—None will SATISFY you as will the finest Turkish—

**MURAD**  
THE TURKISH CIGARETTE

None but the highest grade and personally selected Turkish tobaccos is used in MURAD.

To enjoy 100% pure Turkish at its VERY BEST—to reach the PEAK of Cigarette Quality—you have but to smoke MURAD—

Try MURAD today and

"Judge for yourself—!"

### A Scott Specialty In Student Suits

A SERGE for service for a serge suit will stand up and wear and wear when an ordinary Tweed or Cheviot would be hopelessly done-up.

And, indeed, apart from its service point of view, it's the greatest of all utility suits. What other business suit has its semi-social value?

Fine worsted Serges, various weights, Priced \$50 to \$65. Direct from our own work rooms.

"For the chemist it is of the very first importance to be able to discriminate between slight variations of hue or shade, to recognize minute differences in the macroscopic and microscopic structure of precipitates, to recognize trifling changes in bodies, and to recall them; he should have a delicate sense of touch and of smell"—Dr. R. E. Rose.

The present American Chemical Industry is the result of the labors of chemists trained along these lines.

Its future development rests with those who develop within themselves these same qualities.
