

TECHNOLOGY TRIMS WILLIAMS AND CORNELL ON TENNIS COURTS

THIRD CONSECUTIVE VICTORY SCORED BY INSTITUTE COURT MEN

Beat Cornell 5-1, Saturday After Trimming Williams by Same Score

Technology Tennis Men Show Improved Form in Both Tournaments

Chestnut Hill, Friday and Saturday saw a double victory for the Engineer tennis quad. Captain Scott and his mates each time emerged with a 5 to 1 triumph. The first to taste defeat at the hands of the Cardinal and Gray combination was Williams College, when it met the Institute quartet on the indoor courts of the Longwood Cricket Club. Cornell University traveled down Saturday only to meet with the same fate as the collegians. The Saturday match was held on the clay courts which had dried sufficiently to permit play. They were soggy in spots, however, but were nevertheless less preferred to the concrete floor.

Williams brought a team whose mainstays are Captain Rowse and H. S. Prescott. Prescott faced Captain Scott in the first match and was an easy mark for the Beaver leader in the first set, which the captain won 6-1. His game improved from then on. He managed to make Scott work hard in taking the second set 8-6. Last year Prescott twice defeated Scott and this year's reversal can only be ascribed to the exceptional all around improvement made by his conqueror. Prescott is considered a brilliant performer. He may have been handicapped by the indoor courts. His comeback in the second set was marked by good placing when the Institute leader overran several of his plays. Scott had to come up from behind to win this fray.

Williams Captain Easily Defeated
Dick Carver did not exert himself to dispose of R. E. Rowse, who heads the squad from Williamstown. The purple leader lost his match 6-1, 6-3. However, he with Prescott presented a better front in the doubles against their former singles opponents. After the first doubles set favored the purple duet 5 to 2 games the Beaver captain and Carver made it five all and then nosed out Williams' best pair 8 to 6. At times the Williams players failed to play return drives that landed somewhere near the dead line on the middle of the court. Carver took full advantage of this.

Tremaine Plays Brilliantly
H. H. Cook did not have a chance to display his wares when he opposed L. L. Tremaine of the Engineers. The latter was so superior in his game Friday, using the back hand stroke and placing his shots with such ease that Cook was non-plussed. Tremaine took his sets 6-2, 6-1. His service has improved greatly in the last few days.

Louis Hobbs, whose dependability and steadiness makes him valuable could not quite match Ewing in the fourth singles of the day. Ewing had to work hard to win the only match for Williams, it taking three sets to decide the match. Ewing took the first 7-5, Hobbs the second 3-6, while Ewing captured the last 6-4. Hobbs and Tremaine paired up to meet Cook and Ewing in the second doubles of the afternoon and worked together

so smoothly that the match went to them in 6-0, 6-2. Cook's erratic playing and wild swings were responsible for the bad showing of the Williams pair.

Cornell's Ability Established
Before Cornell arrived for Saturday's match there was a doubt about the red team's ability to perform. It was gathered that they managed a tie with Syracuse the Saturday previous, but Syracuse was an enigma also as far as past records go. The hot Saturday afternoon sun quickly brought out the qualities and weaknesses of the Ithacan players. Their number one and two positions, held by C. S. Barkeley, Jr., and their captain, G. H. Thornton, respectively, did not show the strength usually credited to players holding them. Carver met Barkeley, while captain met captain. The Cardinal and Gray in each instance played the better game. Captain Scott cornered the first set and in the second tried out every style of play known. His service was speedy and he found his back hand stroke working better than usual. The red captain seemed off his game. Scott took the match 6-0, 8-6.

Roger Carver delivered the goods also by taking his match against Barkeley 6-1, 6-4. His game was going great on the outdoor courts. He used the chop stroke occasionally and with success. His opponent's service was exceptionally poor. Barkeley lost several games through this inability to serve.

Hobbs Comes Back With Win
At first it looked as though Hobbs would have to content himself with a second defeat in two days. Just as A. H. Harper, his antagonist across the net, was going great Hobbs surprised the Cornell player by taking four in a row, making the first set four all. After this each man had struck his stride and the match settled down to a hard fought battle. Hobbs slowly gained the upper hand and finally won the first set 9-7. Harper then seemed to have lost heart and gave away the second by a 6-3 score. Hobbs' very creditable performance was largely due to his coolness and experience.

His team mate, Tremaine, did not get off so easily. His splendid playing of the day previous suffered a serious relapse. He nevertheless won every bit of the way, and finally conceded Suender to be the better man. The match went to three sets. Suender, the only winner for the visiting team, took it 6-1, 6-8, 6-3.

The Harvard tennis team will meet the Institute quartet next Tuesday on the Divinity courts at Harvard. By way of comparison, Harvard also won from Williams 5 to 1. Their match was played Saturday afternoon, but they preferred to remain on the indoor courts.

Freshman Ballplayers Confident That Second Game of Series with Sophomores Will Even Standing

Freshman predictions about the proposed defeat of the Sophomore nine next Saturday are running high this week. The yearlings do not seem to be ruffled by the walloping they took at the hands of their upper class brethren last Wednesday, and are coming back with the same team for another dose. Ted Muller, who is managing the team, says the sophs are not going to get away with as easy a game as they did last week; his nine is putting in some hard practice in the few remaining days before the game on Saturday, and expects to furnish some stiff opposition.

Tufts Game Cancelled
Last Saturday's game with the Tufts' frosh was cancelled on account of the track meet on Tech field, but the frosh were sure of putting up a good scrap if they had played. No games have been arranged for this week with the exception of that with

the sophs, so Phil Carrier's nine will have plenty of opportunity to get ready for this game if time is all that is required.

Next Wednesday the Sophomores travel to West Newton to cross bats with the Allen Military School, and, according to prediction, they should come out on top. Besides having a strong infield, the '24 team is fortunate in having such a battery combination as Walt Kennett or Guy Canfield and Michelena, and when Walt in particular gets his fighting whiskers up, nobody can touch him. Bill Delahanty has been appointed by the M. T. A. A. to manage the team, and while the schedule is pretty well arranged, Del will have his hands full for the rest of the season.

Sophomore Baseball Nine will report for practice tomorrow at 4:30 o'clock. No practice today.

TRACK MEN BEATEN IN HARVARD DUAL MEET

(Continued from Page 3.)
rested since his victory in the mile, passed the Institute runner but could not shake him off. Around the long turn and down the straightaway they sprinted but Burke had the finishing drive that put him across. Here again was a repetition of the low hurdles; at the very tape a Crimson jersey shot past and MacCarthy of Harvard got second honors.

Field Events Feature Brown
Captain Fiske Brown of the University was the outstanding star in the field events, with wins in the shot put and hammer. In the shot Big Nimick came through with some dandy throws and cleaned up three points for the Institute. Clark of Harvard took the lone tally. Brown's distance was 40 ft. 3 1/2 inches while Nimick's was just two feet less. In the hammer the Technology men also trailed the Harvard captain, Tonon took second with a good throw of 132 ft. and Howard Dexter got third.

Four Men Tie in High Jump
Merrill of Technology was one of the few Beaver athletes to upset the dope in their own favor. His jumping was too much for Morse, the Harvard entrant who had been favored to win. Greenough, the other Institute dependable, tied for second with three of the visitors, Morse, Gerould, and the versatile Fitts. The broad jump was one more bright spot for Technology. Carl Dippel won with a jump of 21 feet 5 inches and Eddie Heap beat out Thayer, the Crimson best bet, for second place. The pole vault was disappointing with Gratwick winning at 11 feet 6 inches while Sheldon of the Engineers tied with Reidy of the University shutting Stearns out of the scoring.

Discus and Javelin All Crimson
The javelin was won by Greenidge for Harvard although Tillie Tonon gave him some strenuous competition. Leck of the Crimson got the other place. The discus went to Carpenter and Miller nosed out Nimick by seven inches. 125 feet 4 inches won the event while Miller's throw of 115 feet 11 inches was just seven inches better than Big Nim's worthy effort. One Hundred Yard Dash; First Heat—

Won by Poole (T); second, Wansker (H); Second Heat—Won by Chase (H); second, third, Porter (T). Time 10 3-5 secs. Evans (H); third, Hayes (T). Time: 10 3-5 secs. Final Heat—Won by Chase (H); second, Poole (T); third, Wansker (H). Time: 10 2-5 secs.

INSTITUTE OARSMEN ROW TO VICTORY OVER UNION

maintained it throughout the race. The two mile course was longer than the Engineers had been used to, but a good current made the going easier and the times much faster than would be possible on the Charles.

Both of the freshman crews maintained a stroke of about 32 throughout the race. Yale, rowing in a familiar shell and on the home course, displayed slightly better watermanship, but the freshmen fought every foot of the way, their opponents slowly increasing the lead obtained at the start, until a quarter of a length of open water showed at the finish. In the race between the second crews, Technology got off to a fast start and for a while maintained the lead. But before the mile mark had been reached Yale was on even terms again.

TIREX (ALL RUBBER) PORTABLE CORD

A large proportion of portable tool troubles are cord failures. TIREX wears longer than other cords and keeps the tools in operation. It always comes back from one job ready for the next and stays in service, without repairs, more than four times as long as fibrous covered cords.

In Medicine—

WHEN you get out into the medical world, you'll find young doctors are judged by something more than diagnostic ability and knowledge of their subject. The atmosphere of success plays its part—the evidence that you have "arrived." And among the little details that indicate success, there's the habit of preferring

"The One Cigarette Sold the World Over"

Remember that Melachrino is a masterblend of the finest Turkish Tobaccos as originated by Miltiades Melachrino. Egyptian cigarettes are simply those that originated in Egypt. But the tobacco is what you want to know about—and if it's Melachrino—it's right.
