

NEW ENGLAND TRACK MEET EXPECTED TO BE HOTLY CONTESTED

Technology Entrants Will
Attempt to Gain Sixth
Straight Victory

B. C. AND WILLIAMS TEAMS
PARTICULARLY DANGEROUS

Points in Annual Competition
at Worcester Probably
Widely Scattered

By Captain H. C. Pierce '20

Twice Dartmouth won the New England track for five years in succession only to lose on the sixth year. This year makes the sixth time for Technology. Beginning with 1917 Technology has not lost a New England. Can we break the jinx which pursued Dartmouth and make it six times in succession? That depends on the fighting ability of the team.

In the 100 yards dash Carter of Brown, who won last year, and Miller of Williams, who was second, are back. Miller looks the better for the added year's experience. They should run first and second. Dodge of Williams, Clark of Amherst, Seiberling of Wesleyan, Carroll of Holy Cross, Sullivan of M. A. C., and Poole, Hayes, Porter, and Webster from Technology are all contenders for the last two positions. Poole is our best man, and should get at least fourth.

Driscoll Favored in 440

Driscoll of Boston College and Carter and Dodge, who finished one, two, three in the 220 last year, are back. Dodge is running better than the rest. His teammate Miller is very dangerous here as well as in the hundred. Poole, who won in 1920, is running better than last year and should place. All who were mentioned in the hundred together with Pinkham of Maine, Soelner of Brown, and Butler are dangerous men.

Driscoll has no peer in the quarter. Given a good day he will smash his own record made last year. At present Stowers of Williams ranks as second best. Gurney, W. L. Smith, A. D. Smith, and Chittick of Technology, Moyer of Amherst, Forstall of Brown, who was fourth last year, Lawrence of Maine, Foran of Colby, Tierny of Holy Cross, Dillon of Boston College, can all beat 52 seconds. The battle to follow Jake Driscoll will be very stiff.

Half Milers Not Exceptional

In the half mile, no one man stands out supreme. Caffrey of Boston College, if in condition, should win easily. I doubt if he has recovered from his illness yet. Kirley of Boston College and Nutter of Brown look to be about equally fast. Richmond of Williams is only a shade slower. Dolan of Boston College, Snow of Technology, McCready of M. A. C., Hunt of Bowdoin, Moyer of Amherst, rank just behind Richmond. Boston College should place two men in this race.

Sanborn ranks as the best miler. He should win, but must fight hard to defeat Welch of Boston College, who has done 4:32 this year. Mahoney of Boston College, Poor of Technology, and Herrick of Maine are the others who have beaten 4:40 this season. Monks of Brown and Forbes of W. P. I. have only an outside chance.

Ray Buker of Bates will go after the two mile record and has a chance to get it. Hendrie will take second undoubtedly. Fasse of Williams, Marston of W. P. I., Flanders from Technology, and McGulley of Bates will fight for third and fourth about one hundred and fifty yards behind Hendrie.

Cooke of Wesleyan, Phillips and Coleman of Williams, and Merrick of Boston College are the best in the high hurdles. Wackell of Holy Cross, Riley of Boston College, Blodgett and Ambach of Technology, Brown of Amherst, are also good performers who may take a point or so.

Chittick May Score in Low

Carrington of Wesleyan should win the low hurdles. Chittick of Technology, Wing of Amherst, and Phillips of Williams should follow Carrington in the order named. Hershey of Tech-

BLANKET TICKETS GO ON SALE TODAY

Will Admit to Senior Prom,
Class Dinner, Picnic, and
Pops [Night

'FIRST COME FIRST SERVED'

Blanket tickets covering the major events of Senior Week at a reduced price will be placed on sale in the booth in the main lobby from 12 until 1:30 o'clock today and tomorrow. Admission to the Prom, Class Dinner, Picnic, and Pops night may be had in this way for a total price of \$10 which is considerably below the expense if individual tickets are purchased.

Only holders of blanket tickets will be admitted to the Prom and at the other events they will be given the preference. The only function not included under the blanket arrangement is the Tea Dance, tickets for which will be on sale next Monday.

A total of 300 tickets will be available today and the policy will be "first come first served." As more than 400 men signified their intention of purchasing a blanket ticket on the questionnaire, the committee in charge advises men to buy early if they wish to be on the safe side. The committee consists of: J. C. Patty '22, L. K. Cowie '22, and C. W. Bryden '22.

TECHNOLOGY MAN NEW E. I. N. A. PRESIDENT

W. G. Pierce '24 Selected as
Association Head for
Coming Year

At the convention of the Eastern Intercollegiate Newspaper Association, W. G. Pierce '24, one of the representatives for THE TECH, was elected to the presidency for the ensuing year. W. G. Pierce is Editor-in-Chief of THE TECH. Williams, Editor-in-Chief of The Cornell Sun was elected vice-president, while Whitten, Business Manager of The Harvard Crimson became the new secretary.

About 45 delegates from the leading collegiate newspapers of the East have been assembled at Ithaca, N. Y., in the third annual conference of the Association. The delegates from THE TECH were W. G. Pierce '24, Editor-in-Chief; Ingram Lee '24, Managing Editor; and L. B. Leighton '24, Advertising Manager.

Next Year's Convention Here

The convention took place last Friday and Saturday, two days of business and pleasure sessions. On Friday, a general meeting was held in the morning; in the afternoon came separate meetings of the business and editorial men; and then a banquet at the Hotel Ithaca concluded the day's business program. Saturday morning another general meeting was held until luncheon; the afternoon was spent in attending the Pennsylvania-Cornell track meet and the baseball game between Cornell and Syracuse. That evening the delegates were entertained at the All Cornell Hop.

It is announced that next year's convention will be held here in Cambridge, under the auspices of the Technology and Harvard newspapers.

PEARL AND JAZZ BAND AT LAST DORM DANCE

Next Friday, the last dorm dance of the term will be run in the main hall, Walker. Tickets for this affair are on sale by members of the committee whose names may be obtained from the many posters advertising this in the corridors.

Music will be furnished by a battle of music between Morey Pearl and the Tech Jazz Band of the musical clubs. Both of these orchestras have played at dorm dances, and were both acclaimed very good; this will furnish an opportunity to see them at their best endeavoring to perform in the comparison.

Mrs. W. R. Freeland, Mrs. R. G. Hudson, and Mrs. W. M. Ross have kindly consented to act as matrons for this entertainment. Special souvenir programs will be distributed.

INSTITUTE COURTMEN TIE HARVARD TEAM IN RETURN CONTEST

Yesterday's Match on Courts
at Longwood Result
in 3-3 Score

FINAL DOUBLES WON
BY UNIVERSITY PAIR

Excellent Tennis Features
Second Crimson Clash
with Engineers

In four long drawn out singles and two doubles matches the Institute tennis team made it an even break with Harvard's crack squad yesterday afternoon, 3-3. The affair was a return match of last week's engagement. The Longwood courts were in tip top shape and the weather ideal for tennis. All of the singles went the limit of three sets and one of the doubles also. Until the first doubles were over the score switched either way with equal facility. When Captain Scott and Carver, however, put their doubles on ice the score stood 3 to 2 in the Institute's favor. On the last doubles hinged victory or a tie. Harvard saved itself from defeat by winning the doubles.

Pfaffman Again Downs Captain Scott

The Cardinal and Gray leader was determined to make a comeback against his rival Pfaffman. Captain Scott started in great style, winning the first set with apparent ease 6-2. In the second Pfaffman came into his own and after a hard struggle won it 8-6. From then on Scott could no longer hold Pfaffman who came through with the third set with a 6-3 score. He had Scott 5-1 in the last set when the Captain made a desperate effort by winning the next two games, but to no avail.

The Crimson leader did not play in the singles event, so Dick Carver faced G. Guild. The latter proved an easy mark for the Institute's number two man, although the score 6-3, 4-6, 6-4 tends to show otherwise. Dick did not exert himself at any time. When he was in need of a point he went after it and got it. Guild seemed rather weak in returning and was chalked up with a considerable number of overshots. Carver took full advantage of the Crimson man's wildness.

Number One Doubles Win

In the first doubles match between the Scott-Carver and Duane-Pfaffman combinations, the former pair started off with a bang. The first set was 6-3 for the Beavers. On the second set Carver and Scott got a start of two games when the Harvard leader began to find himself. The Crimson pair captured five in a row and things looked for a moment as though three sets would have to be played. Then the Beaver duet got down to business and by sheer determination and good tennis came from behind and pulled out a winner in two sets 6-3, 7-5.

The match was marked by nice placement shots and deep lobs on the part of Captain Scott and Dick Carver. Pfaffman several times managed to recover a few of the deep lobs. Tremaine Comes Through This Time
Lyman Tremaine worked harder perhaps than any other singles player. Bradley of the University seemed to have the Institute youngster at his mercy. He worked Tremaine to one side of the court and then the other, continually making points by this method. Tremaine, however, did not seem to mind this and kept up his regular game from beginning to end. In this way he was able to cop the last two of three sets when the Crimson player rambled off into wildness at the crucial moment.

Tremaine used the chop stroke mixed with the drive and has his back hand stroke going nicely also. At one time it was match point against Tremaine. Tremaine lobbed short and Bradley smashed. Tremaine practically took the ball off the back stop. Then Bradley tried an easy placement which Tremaine killed.

Louis Hobbs had harder luck against his rival, but also lengthened out his duel to three sets. He seemed tired and Holmes had the edge at all

(Continued on Page 4.)

TECHNOLOGY CREWS TO MEET COLUMBIA

Varsity and Seconds Leave
Friday for Last Race
of the Season

150 POUNDERS RACE HERE

The last race of the varsity and junior varsity crews against Columbia Saturday will, outside of the Navy clash, prove their hardest. The two eights, with but few changes in seating, will leave for New York Friday morning, the two shells being shipped the night before. The Columbia crews, easy victors over Yale this spring, will give Technology all they can hold in the way of competition.

One point that will be greatly in favor of the Institute is that the race, instead of being over the usual mile and seven-eighths will be but a mile and a half. The Engineers have always held on even terms with their opponents for the first part of the race. In the varsity race with Harvard last Saturday the crew was nearly half a length ahead at the mile and a half mark.

The same afternoon that the varsity crew rows Columbia several of the minor eights will participate on the Charles in the Harvard regatta. The 150 pound crew will race two Harvard 150 pound crews, one the varsity and the other a freshman crew. The second freshmen will have their hands full when they meet the second and third Harvard freshmen. Both these races will be over the mile course.

CROSS COUNTRY MEN OUTLINE WORK TODAY

Captain R. E. Hendrie '23 and
Coach Kanaly Meet
Candidates

Captain Bob Hendrie and Coach Frank Kanaly will meet cross country candidates in the track house at 12 o'clock today. A second meeting is scheduled for 1 o'clock so that all men will be able to attend.

Since the athletes do not return to Technology until the beginning of October and since the first cross country races are scheduled early in the fall a certain amount of work at home is always required of the candidates. It is chiefly to acquaint the harriers with the plans for this summer training and to give the coach a line on the material available that today's meetings have been called.

The team will lose Art Flanders and perhaps Elmer Sanborn this year, as well as Sam Vadner, and the competition for these places on the varsity promises to be very keen. A number of top notch freshmen are available and will make the regular, and substitute, runners of last fall work to maintain their places.

According to the management it is essential that all candidates be present at one of the two meetings today.

EXTRA TECHNIQUES FOR WAITING LIST SUPPLIED

Enough extra copies of the Technique have been ordered to supply every man on the waiting list with a copy. Men who have signed up on the list are asked to pay for their books and give their mailing address to any member of the board before May 20. Books will be mailed to those only who do this. The price is \$4 plus postage.

TECHNOLOGY SIGNAL BATTALION ELECTS

Last Monday night the preliminary organization of the new Technology Signal Battalion for members of the advanced Signal Corps unit was completed. The following officers were elected: Capt. L. L. Clayton, honorary battalion commander; C. P. Clapp '23, president; K. M. Smith '23, vice-president and treasurer; C. E. Loud '23, secretary; R. H. Henderson '23, and E. W. Sturdy '24, committee in charge of professional and social activities.

ANNUAL M. I. T. A. A. BANQUET HELD LAST NIGHT IN WALKER

All Athletic Awards Except
Technique Cup Awarded
to Winners

DR. J. A. ROCKWELL '96
AWARDS COVETED HONORS

Emphasises Athletics for "the
Greatest Good to the
Greatest Number"

More than 200 men attended the annual banquet of the M. I. T. A. A. held last night in the main hall of Walker Memorial. The meeting was started with a four course dinner supplied by the Walker dining service. T. M. Taylor '22, the retiring president of the Athletic Association, was toastmaster, and introduced the various speakers who made the athletic awards. He gave a short speech in commendation of the recent action taken by the Executive Committee of the Corporation in approving the redistribution of the student tax and the acquisition of the boat house.

Dr. Rockwell Presents Shingles

Dr. J. A. Rockwell '96, chairman of the Advisory Council on Athletics, was introduced as the first speaker of the evening. He emphasized the fact that athletic awards are given to the men for services rendered, and expressed his gratification with the development of athletics at the Institute. He then proceeded to award the shingles and "T" awards to the various winners. The former group was awarded collectively to the men on each team while the latter were awarded individually. He expressed his desire that athletic activities should follow the principle that had been originated at the Institute of being for "the greatest good to the greatest number."

Major Briggs Awards "T" Charms

Major F. H. Briggs '81, president of the Varsity Club, awarded the "T" charms to the new members of the Varsity Club. He preceded his presentation by a learned discussion of the internal policies of Peru in relation to the existing immigration laws in Alaska; this was deeply appreciated by his audience. Major Briggs has always been a prominent figure in amateur athletics, and as referee of the last Penn relay carnival, he succeeded in breaking a record which has stood for 18 years, by running off the entire event in a little over an hour.

The Technique cup was not awarded as had previously been announced. This is because of the fact that the biggest opportunity for getting points toward the cup is in the N. E. I. C. A. A., and the I. C. A. A. A. A. meets which are still to be held. D. R. Linsley '22, gave a short account of how the idea of a Technique cup was conceived. It was at first proposed to have a cup similar to the Barrett cup at Dartmouth but it was finally agreed to have it as a permanent trophy to be awarded each year to the man who made the highest score in track and field athletics according to a point system worked out by the committee in charge. Each point scored in an I. C. A. A. A. A. meet counts for five points toward the cup; a point in the N. E. I. C. A. A. or a triangular meet counts three points;
