**STUDENTS EXCEED  
CONFERENCE QUOTA**  
(Continued from Page 1)

meetings held at the conference on  
topics of national interest and import.  
Sherwood Eddy, who has spoken at  
Technology both this year and last  
year with an enthusiastic reception,  
will be at Silver Bay and inspire his  
hearers as he did at the Institute. Mr.  
Eddy has been actively interested in  
student conferences for many years,  
and is well known to all who have at-  
tended them both for his discussion  
of world problems and for his solu-  
tions to personal problems.

Although the religious aspect is fun-  
damentally the basis of discussions in  
the meetings at the conference, more  
emphasis is laid on the practical, ev-  
ery-day religion of friendly help and  
service to others. Besides such dis-  
cussions, problems of international  
importance such as labor questions,  
nationalism, and patriotism will be  
spoken of.

**Many Activities for Delegates**

There are unusual facilities at Sil-  
ver Bay for the annual conference. A  
good cinder track will afford the op-  
portunity for a meet between the dele-  
gates, and baseball diamonds allow the  
formation of a league which will play  
a deciding series of games. Tennis,  
swimming and boating are well pro-  
vided for at Lake George by the loca-  
tion in the mountains.

Besides athletic activities there will  
be a stunt night at which each college  
that is represented by 25 or more men  
may put on an act; several publica-  
tions will be edited and printed by the  
delegates, and hikes will be organized.

**Men Offered Opportunities**

Because of the fact that every col-  
lege in the east will be represented at  
the Silver Bay Conference, it is great-  
ly to the interest of every man who  
can possibly attend to do so. The op-  
portunity of meeting hundreds of men  
from other colleges who are gathered  
together for a kindred purpose is in  
itself a fine chance to broaden the  
view-point and to learn of the ideals of  
others.

Men will attend the conference who  
are on various college publications,  
and will be able to discuss the policies  
of the different institutions. Heads of  
activities and class officials have the  
opportunity of meeting to talk over  
problems that arise in the adminis-  
tration of their departments, and in this  
way learn much from each other.

Those who go to Silver Bay from the  
Institute will enjoy a vacation in such  
surroundings with other Technology  
men. The fact that those who have  
gone to previous conferences usually  
return the following year speaks favor-  
ably of it. All who go will find that  
they have taken advantage of a good  
opportunity for themselves and for the  
Institute.

**SENIORS TO HAVE POLICE  
GUARD THROUGH CITY**

**CAMEL  
QUALITY**

We worked on Camels for years before we  
put them on the market. Years of testing—  
blending—experimenting with the world's  
choicest tobaccos.

And now, EVERY DAY, all our skill, manu-  
facturing experience and lifelong knowledge  
of fine tobaccos are concentrated on making  
Camel the best cigarette that can be produced.

There's nothing else like Camel QUALITY.  
And there's nothing else like Camels wonder-  
ful smoothness, fine tobacco flavor and freedom  
from cigaretty aftertaste.

That's why Camel popularity is growing  
faster than ever.

A better cigarette cannot be made.

We put the UTMOST QUALITY into  
**THIS ONE BRAND.**
