A FREE ISSUE

We are giving away free the first two issues of THE TECH in order that every student might have an opportunity to see what the paper is. We are doing everything in our power to give the school a bigger and better newspaper and in return we are asking every student to subscribe. It seems a great deal to the other activities around the Institute and to our advertisers if they can be assured that every time they put something in THE TECH that it will be seen by every one of the 3000 students at the Institute. Of course we have at Technology a number of men who are dead as far as anything except a few test tubes or nasty books are concerned and those we are not worrying about but we do want every live man in the Institute as a subscriber.

Pay your $1.50 at the main lobby or at the office of THE TECH on the third floor of Walker Memorial.

T. E. N. WILL PUBLISH EXTRA ISSUE FRIDAY

To Be a Miniature Replica of Recent Editions of This Year

The Tech Engineering News is published weekly in tabloid style on this paper. This will be a special extra issue, a miniature edition of the regular Sunday paper. It will be given free to students. In the regular issue of the paper, the news is written in regular size, and will be used in all of the School.

HENRY HUMPHREYS

Leaves Institute

Resigns From Position as Registrar to Join Boston Firm

Served Since 1910

The following from the Institute's Registrar, Henry Humphreys, was announced at the Regular Meeting of the Alumni Association for the time being, since his new position will locate him in Boston.

The following, at the request of Professor T. E. N. Will, has taken up his position as Registrar at the Institute:

...
