All Dormitory Men Meet October 4
Faculty Dormitory Committee
Now Called Dormitory Board
CHOOSE HOUSE COMMITTEES
At a recent meeting of the Faculty Dormitory Committee, it was voted to dissolve all present house committees and the term of these committees will be replaced by new house committees to be elected by the students now occupying each house. The new arrangement will make it possible for every student to have a voice in the running of the dormitory. The new house committees will be elected by the students now occupying each house and will be elected for a one-year term. The house committees will be responsible for the conduct of their houses and will have the power to make and enforce rules and regulations for the proper conduct of the dormitory. The house committees will also be responsible for the cleanliness of their houses, for the maintenance of order, and for the protection of the property of the dormitory.

UNCLAIMED ARTICLES
New Three Week Limit Before Final Disposal
All unclaimed property in the lost and found department will be considered as the property of the dormitory and the members of the board of dormitory. The lost and found department will be closed on Sunday, and all unclaimed property will be removed from the building on that day. All property left in the lost and found department will be returned to the owner if a call is made for it within a period of three weeks from the date of the loss. After this period, the property will be disposed of according to the rules of the lost and found department.

INSTITUTE LIBRARY
MUST CLOSE SHELVES
A. A. Noyes, when Professor H. P. Hutchinson was named as his successor in 1922, became Chief Engineer of the Company.

REGRET NECESSITY OF
INSTITUTE LIBRARY
Closing the library is a necessary action in this period of rapid expansion of the Institute's facilities and programs. The need for additional space and equipment is compelling, and it is imperative that the library be closed to make way for new buildings and installations. The library is a vital resource for the students and faculty of the Institute, and it is essential that it be maintained and expanded to meet the needs of the community.

ADDITIONS TO COURSE
Several new courses have been added to the fall semester curriculum, including courses in computer science, engineering, and business administration. These courses are designed to meet the increasing demand for educated individuals in these fields, and they will provide students with the knowledge and skills necessary to succeed in the modern economy.

REGRET NECESSITY OF
INSTITUTE LIBRARY

The Tech Engineering News is a student publication that covers the latest news and developments in the field of technology. It is a valuable resource for students and faculty, and it is essential that it continue to operate in the current environment.
