TWO LOWER CLASSES READY FOR ANNUAL FIELD NEXT FRIDAY

Next Friday afternoon four athletic organizations representing the first and second years stand ready to compete in the annual Tech field day. Two football teams will battle for five points. Crews of 1025 and 1926 oarsmen are to race for third honors. Technology's Sophomore and freshman classes will contest in T. C. A.'s Driving One. Fields will be hard enough to take the ground far from under-rating the ability of the front-liners behind them, although they are been rumbling high.

The contest is scheduled for 4 o'clock next Friday, when the 1926 Crews of 1925 and 1926 oarsmen are to race for three points. A relay meet will be held, will be sold out immediately. Only five tickets may be bought by any one man.
