

Jordan Marsh Company

Annual Overcoat Event

SIX months ago we were planning and buying for this—

RESULT

Special prices and special values in exactly the Overcoats you want at the time you want them.

All this season's models; fresh, new merchandise, including:

- New Box Overcoats
- New Chesterfield Overcoats
- New Double-breasted Coats
- New Belted Overcoats
- New Town Ulsters
- New Bat Shoulder Coats
- New Big Storm Ulsters

ALL AT

29.50 and 36.50

And this includes many London-Made Overcoats

All sizes are here up to 50 inch chest measurement—Extra salesmen to wait on you—The usual prompt Jordan Marsh Company Service.

JUNIOR COMPETITION FOR M. I. T. A. A. OPENS

Assistant Treasurer Will Be Chosen This Term

The competition among members of the Junior Class for the office of assistant treasurer of the M. I. T. A. A. has been opened. This competition will last until shortly before the close of the first term when the successful candidate to the office will be announced. The position leads directly to that of treasurer in the Senior year. All candidates will meet W. K. Coolidge '23, the present treasurer, in the M. I. T. A. A. offices today at 5 o'clock.

The position involves the responsibility of handling all the funds of the Athletic Association and the immediate control over all the expenditures of the team managers. It carries with it membership on the Executive Committee of the Athletic Association, on the Budget Committee, and on the Finance Committee.

L. S. McLANE '23 ELECTED HEAD OF CHEM. SOCIETY

State Chemist, H. C. Lythgoe '96 Speaks at Smoker

At the combined smoker and meeting of the Chemical Engineering Society held last Friday night L. S. McLane '23, was elected president of the society. During the smoker Mr. H. C. Lythgoe '96, a state chemist, spoke on the subject of the enforcement of the state food and drugs act. Mr. Lythgoe gave several instances where, by means of his inventions, criminals were brought to justice.

Next Wednesday there will be a meeting of the officers of the society for the purpose of discussing the means of carrying out the plans which have already been formed. The meeting will be held in Runkle 202. The exact hour of the meeting has not been announced.

CAPT. CLAYTON HONORED WITH FAREWELL DINNER

A dinner will be tendered Captain L. L. Clayton '17, who is retiring from the service, by the Signal Battalion in the Faculty dining room at 6 o'clock on November 7. The committee invites all men in the advanced Signal Corps unit to attend. Tickets may be obtained from the following members of the committee: T. E. Rounds Jr. '23, and W. W. Sturdy '24, at the price of \$1.50.

Captain Clayton has been in charge of the Institute Signal Corps unit for more than a year. He entered the service after graduating from Course XIV and was formerly stationed at Camp Alfred Vail, New Jersey.

OUTING CLUB ELECTS TEMPORARY OFFICERS

Connections with Appalachian and Dartmouth Clubs Assured

At a meeting of the Outing Club last Wednesday the primary elections were held in which B. B. Zavoico '24, was chosen president; G. W. Elkins '24, vice-president, and Henry Sachs '25, secretary and treasurer. These elections are temporary and another will be held in November for permanent officers.

All students interested in the Club will be present at the first meeting on November 4 in the Faculty and Alumni room, in Walker, at 4 o'clock. At this meeting, all desired information will be given, and plans for the future are to be discussed. A second meeting will be held on November 8 at 5 o'clock at the same place.

Special Privileges for Club

The president states that the club will be connected with the Dartmouth Outing Club, and the Appalachian Club. The club will have the right to use the golf courses in Boston and vicinity. It is also stated that arrangements will be made with the Longwood Cricket Club for the use of their covered tennis courts. The club hopes to make arrangements with the stables at Winchester for the use of horses at reduced rates. As regards trips outside the city, special railroad and hotel prices are to be arranged.

A dance will be given monthly for members of the club, and also an annual dance will be held, open to any of the entire student body who wish to attend it. It is announced that, for the present, the membership of the club will be restricted to fifty members.

TECHNOLOGY PREFERRED FOR TRAINING OFFICERS

Thorough Engineering Course Leads to High Army Positions

A majority of men training for positions as officers in the Engineer Corps of the Army have chosen Technology as their training school. Last year Rensselaer Polytechnic Institute was designated as the official training college, and year before last the government appointed Technology for that capacity. This year, however, it was decided best to allow the men to choose their own training school, and about three quarters of them have chosen the Institute.

The Army method consists of a basic course at Camp Humphrey, Virginia, where Training Administration and Engineering Tactics are taught. Practical work is then pursued through an assignment of one or two years with troops. Following them, technical training is obtained at Technology or a similar place, and this theory in turn is put into practice by two years of detail work in the District Engineer's office. This completes the officer's general education.

The officer must serve two years out of six with regular troops. Further advancement is possible by taking the Company Commander Course and the Field Officer's Course, each one year long. For advanced training he is sent to the Officer's School of Line at Fort Leavenworth, which in turn leads to the Educational College at Washington, the highest in the Army, and positions which require executive ability.

SUMMER CAMP MEN HOLD REUNION AT RIVERBANK

The men who attended Summer Camp last summer held their annual banquet last Friday evening at the Riverbank Hotel. About 50 who were at the camp attended.

Elmer Sanborn of the Engineers gave Captain Jim Young of the Green a man sized battle for second place. It was only in the last mile that Elmer fell behind, and then but a few yards. He wasn't beaten yet and the least let-up would cost Young his place. There was half a mile to go when the Dartmouth leader, unfamiliar with the route, started to take a wrong turn. Instantly Elmer perceived the error and before his rival had time to leave the course warned him with a shout. At once Jim recovered himself and in the resulting contest managed to beat Elmer to the tape but his margin wasn't large. Just a little delay by the Institute man in giving the warning and Young couldn't have made up what he'd lost.

Sportsmanship is better than glory and the Dartmouth captain appreciated Elmer's spirit. As his defeated rival crossed the line the Dartmouth man greeted him with a handshake and the words, "That was a fine piece of sportsmanship on your part, Sanborn. I thank you."

The Crimson cubs gave promise of a good season when they swamped Dartmouth '26, over the three mile course just before the Varsity run. Nineteen and 40 were the totals with the Harvard men taking four out of the first five places. J. W. Waters, an Exeter miler, won individual honors in 16min. 6sec.

Incidentally that frosh contest threw a temporary scare into the crowd of Technology rooters at the finish line. In the excitement of waiting for the first man in the yearlings were forgotten. Then came two Crimson jerseys down the lane for first and second places. For a moment Technology stock took an awful tumble. A green jersey appeared for third position but Dartmouth, more thoughtful under the circumstances had provided her cubs with large white 1926 numerals. This woke up the crowd and we were deeply relieved.

It seemed odd to us to see Billy MacMahon at such a time in street clothes. It does show, however, that the former Engineer leader of both cross country and track hasn't forgotten when the Cardinal and Gray goes into an important contest even now. We'd like to know how many of the present undergraduates can say as much?

BROWN SECONDS WIN GAME WITH FRESHMEN

(Continued from Page 1)

and was checking well. McDonald, the Brown quarter had confined his activities entirely to line bucking, evidently expecting to tire the frosh, but they stood up to it hard, and while ground was made through the line, it was not made easily.

The opening of the third period saw Brown opening up its style of play, and after going down the field on a series of first downs, the ball was finally forced over by Wentworth, who played a fast game at full for the Bruins. A poor attempt at the goal was made, leaving the score 6 to 0 against the frosh. A series of line plunges sent Dickson over the line for another Brown tally early in the last quarter, putting the frosh in the hole by 12 points.

Soon after the second Brown touchdown, Charley Bianchi started an aerial attack and after two unsuccessful attempts to pass, finally got one over to Isart from the fifty yards line, and Isart cleaned up the necessary fifty through the middle of the Brown warriors, saving the frosh from a white-wash, and bolstering up the 1926 hopes considerably. Captain Bianchi put over the kick for an extra point, and before many more plays could be run, the whistle ended the game at a 12 to 7 score.

The effective line work of Steam Harrison and Callahan, and the work of the entire frosh backfield came in for a good deal of comment on the part of the spectators, for holding the visitors to such a low score was an unexpected accomplishment for the frosh.

FRESHMEN	BROWN SECOND
Isart, lc	re, Meiers
Reed, lt	rt, Glass, Bower
Wilman, Rand, Berman, lg	
	rg, Johnson, Baptist
Callahan, c	c, Mazet
Walworth, Gorsuch, rg	
	lg, McCrillis, Holden
Harrison, rt	lt, Roman, Mitchell
Manning, re	lc, LeFevre
Bianchi, qb	qb, McDonald
Johnson, rhb	lhb, Dickson
DuPont, lhb	rhb, Oflugi
Magrew, fb	
	fb, Wentworth, Peters, Marley
	Score, Brown 12, Technology 7.
	Touchdowns, Dickson, Wentworth,
	Isart. Goal from touchdown, Bianchi.
	Referee, E. S. Coles, Bates. Umpire,
	David Evans '24. Head Linesman, W.
	H. Robinson '24.

The Brown eleven seemed to have the idea that the referee of the game Saturday was a product of some course at the Institute which did not include football in the curriculum. His ruling out of their claimed safety was legitimate, however, and little fault could be found with the work.

Steam Harrison as usual could be heard all over the field pleading for more scrap. Harrison's work is not all vocal by any means, his position being one of the least puncturable in the frosh line.

The absence of Deignan from the lineup was no doubt a big handicap to the frosh, but the backfield which was used came through in fighting style, and proved that no man on the squad is so good that he cannot be replaced.

McDonald, the Brown quarter, was more or less peeved to find that his trick wass did not operate fast enough to be legal.

YOU'LL need an Overcoat Ulster or Motor Coat for the game

To Order \$45.00 to \$90.00

Have some Ready To Slip On \$35.00 to \$70.00

TIREX (ALL RUBBER) PORTABLE CORD

A large proportion of portable tool troubles are cord failures. TIREX wears longer than other cords and keeps the tools in operation. It always comes back from one job ready for the next and stays in service, without repairs, more than four times as long as fibrous covered cords.
