**NOTICES FOR UNDERGRADUATES**

The Editor of the Tech:

Now that the T. C. A. has brought its campaign to a close, and the elections are about to begin, it is in order to make a few notes of the future likely to be brought about by this result.

The most important item of these changes is that the administration of the Institute is to be run entirely by the student body, and that the student body will have the right to elect the officers of the Institute.

The nomination of officers was decided upon by the student body, and it is expected that this action will be taken.
