

COACH HERB HOLM RETURNS TO TECHNOLOGY SWIMMING POST

Basketball Drill Starts for Varsity and Freshmen

Captain Stan Cook in Charge Since Coach Has Not Been Signed

The initial basketball practice of the season was held in Walker gym yesterday when a good sized squad of veterans reported to Captain Cook. Davidson, Hubbard, Coleman, and Storb of last year's squad were out together with several of the substitutes and some of 1925's squad. No coach has been secured as yet but negotiations are under way for one and until one is signed up, Captain Cook will take charge of the practice sessions. All ineligibles are requested to report and a separate squad will be formed which will scrimmage with the regulars and with the frosh. The varsity has a heavy schedule and is planning to get under way with some real work before long.

Later in the season four class teams will be formed. All men are eligible for these teams except members of the varsity and frosh teams. A series

of games will be played between them to decide the class champion.

The frosh schedule, while not complete as yet, will include games with Exeter, Andover, New Hampshire State 1926, Tufts 1926, Tabor, Dean, Cushing and Northeastern 1926.

All candidates for both varsity and frosh squads will report daily. Manager Murdock announces that practice will be held at the following times: Monday, 4-5; Tuesday, 4-6; Wednesday, 4-5; Thursday, 4-6; Friday, 4-5; Saturday, 2-4.

A competition is now going on for the position of basketball manager. This is open to Sophomores and freshmen.

Boxers Hear Ed Moll and Boutelier Friday

Captain Ed Moll and Coach Nap Boutelier will meet candidates for the Technology boxing team in the boxing room at 5 o'clock next Friday. Entries will be received at the same time for the two novice tournaments scheduled for this fall, one for the freshmen and one for upperclassmen who will not fight on the regular Technology team. No previous experience is required to enter these competitions.

FALL HANDICAP FOR CROSS COUNTRY MEN DUE NEXT SATURDAY

Entries to Be Made in Track House Before 6 O'clock Tomorrow

The Annual Fall Cross Country Handicap Run for all undergraduates of Technology will be held over the five mile Franklin Park course on next Saturday afternoon, November 11, at 3 o'clock. In accordance with the usual custom silver loving cups are offered for the best time and for the winner of first place. Entries for the run may be made in the track house and must be in before 6 o'clock Thursday afternoon. Coach Kanaly is in charge of assigning the handicaps and promises a good chance for a novice to compete successfully against the veterans of the squad. Last year handicaps up to six minutes were given and this is a most substantial start over even the redoubtable Bob Hendrie himself in a five mile run.

Technology Plays Military Academy in Soccer Today

Toting no very high expectations with them, the Technology soccer team left for West Point last night, and will play the United States Military Academy eleven there this afternoon. While the Engineers have shown, by their excellent play in the run away Clark game and the hard fought tie contest with Harvard's top notch outfit, that they rank high in collegiate soccer they are going against a very strong combination in the Army players. With many of the players still suffering from injuries received in the Harvard battle, the Cardinal and Gray soccer men will be long right at the top if they turn in a win today.

The absence of Ralph Wood from the tumbling squad leaves a big hole to be filled.

20 New Men and Many Veterans out for Gym

Opening what looks like a busy season, the Institute gymnasts held their first practice Monday. Coach Hinks, again with the team after a year's lapse, was not present as was planned, to meet the new candidates, about twenty of whom were present. Most of the old performers were on deck, and with a veteran outfit and a good schedule a creditable showing should be made.

Captain Thompson, Jack McCoy and Greg Shea, star performers on the rings on last year's team, are back again and are ready to take in more points. Bill Vicinus and Lloyd Littlefield are exercising the horse regularly and Norman Apollonio is preparing to share the honors with Jack McCoy on the parallels. The horizontal bar, always a hard position to fill, has back an old gym man in Way Bailey, but needs more upper classmen still.

A good schedule of three trips and four home meets has already been arranged and at present is as follows: Trips—Navy at Annapolis, Princeton at Princeton, Dartmouth at Hanover. Home meets—Dual meet with Harvard, Dual meet with Yale, Triangular meet with Penn and Harvard, Dual meet with Haverford.

Only Three Veterans Lost by Engineers—Both Divers Have Left

Swimming starts its winter career this afternoon with an opening meeting to be held in room 10-267 at 5 o'clock. Coach Herb Holm, Captain Stewart, and Manager Azel Ames will speak, and they are expecting a large attendance, since the gathering will include last year's veterans and also all candidates for both the Varsity and freshman teams.

Prospects are considered excellent for a successful season this year, all but three of last winter's aggregation having come back to school. Captain Bert Webber, Bob Purinton, and Mart Buerger will be lost to the squad this year, the absence of the latter two leaving the team very weak in the matter of fancy divers, but last year's frosh squad is expected to make up the loss.

The return of Herb Holm to the position of coach is felt by the management to be another indication of a successful season. Holm, who is considered in official circles as one of the best authorities in New England on water sports, was coach of the Institute team which in the season of 1920-1921 held the New England Intercollegiate Swimming Championship, and his return is hailed as a big advantage to the team.

The starting of the training season now will give the swimmers the advantage of over two months of work before the opening meet with Wesleyan on January 20, and this time should be ample to put them in the best of condition. The training plans, which will be discussed fully at this afternoon's meeting, are in part as follows: team practice at the Y. M. C. A. tank on Tuesday and Thursday, individual work at the tank on Wednesday, and hardening exercise in the gym on Monday and Friday. Time trials for the freshmen will be held at the Y. M. C. A. tank on Huntington Avenue tomorrow afternoon from 5 to 6 o'clock, and Varsity trials a week from tomorrow at the same time.
