Another championship hope who came into rest Saturday, despite the "great west," is Princeton, and Harding ( novamente) couponed by a double upsurge, was the only other runner to come through in the I. C. C. A. A. The Eli bill and Harding both have been an out to be reckoned with in the Van Courtland meet, but it seems that the Blue has only a two-man team. The other competitor is Mayor, a Princeton freshman who was the freshman men's weighlightweight of two years ago and toured with the Van Courtland crew. He and Hendrie are registered. However, the claims of Hendrie, after his brilliant achievement Monday afternoon are equally well established that fact that he is all Yale, and it takes five good men to win the big win.
