A MOOT POINT

AN opportunity to gain practical experience together with personal distinction and a cash emolument is afforded by the prize contest announced by the City of Boston for the student solution of certain of its problems that is accepted. Having to do with the traffic congestion and building and sanitation conditions, the problems cover a wide enough field to be within the scope of a large number of students. The assignment for men who undertake the solution of problems such as these is big, but for that very reason all the more glory will be attached to arriving at adequate solutions. The fact that the \$500 prize awards will be made on the basis of reports on thesis work makes the plan all the more attractive in the eyes of the Institute Senior. Various conflicting opinions as to the motives prompting the offering of such a prize, and the chance that students have of arriving at satisfactory solutions to problems as complicated and requiring as much study as these, have been voiced within the past few days. To try to pass upon the merits of the arguments now would be futile. Suffice it to say that should the awards be made, the accusation that the technically trained man is steeped in theoretical knowledge to the exclusion of the practical, would be seriously challenged.

COACH KANALY

HERE at the Institute, working steadily the year round, and facing problems of a most disheartening nature, we have in Coach Frank Kanaly a man who is constantly striving for the benefit of Technology. The results of his efforts have been well reflected in the standing of Technology's track and cross-country teams. Regarded more as a friend than a coach, Frank Kanaly has gained the respect, the confidence, and the admiration of all who have come in contact with him in the track house. He has constantly had to contend against the time demands of studies, insufficient appropriations, and indifference upon the part of athletes and the student body as a whole. In face of all of these obstacles he has turned out well balanced teams and has been instrumental in getting an ever increasing number of men to take advantage of the opportunity of keeping in physical condition.

CHORAL SOCIETY PLANS TO GIVE BROADCAST SOON

New Men Will Be Welcomed to Rehearsals on Monday
The first entertainment given by the Choral Society is to be a broadcast from the wireless station of the Shepard Store in Boston, if present plans are carried out. This will be an innovation in the way of concerts as nothing of the sort has ever been given by the Society's chorus before. Mr. Stephen Townsend, who is coaching the singers, reports favorably of the progress the chorus is making, but announces that he can use more men than are now reporting regularly. Any men interested are requested to report at the rehearsals Monday evenings at 7:30 o'clock in room 5-330.

DEAN HOFFMAN OF BABSON INSTITUTE WILL LECTURE

"Democratic Theory and the Government of Industry" is the theme of the talk which is to be given today and tomorrow by the Dean of Advanced Courses of the Babson Institute, Mr. F. L. Hoffman. The lecture will be given today at 12 o'clock in room 5-330, and tomorrow at 10 o'clock and 12 o'clock in room 2-390. This lecture is the fifth one of the term given under the auspices of the English Department on the subject of Democratic theory and its application to modern problems. Although the course was primarily arranged for the Sophomore English sections, anyone is invited to attend.

PROFESSOR MILLARD TO GIVE CHEMICAL LECTURE

Professor E. B. Millard of the Chemical Department will lecture this afternoon on "The Evolution of the Elements." The talk will be given at four o'clock in room 10-250, and is the sixth one of the series given on "Recent Developments in Science." Course 5.94. Although the subject is chiefly of interest to men taking chemical courses, the lecture is not exclusively for them, and anyone interested may attend.

NOTICES FOR UNDERGRADUATES

The night editor in charge of the next issue of THE TECH is E. S. Gray '24, telephone Saugus 115-W. All matters concerning the issue should be referred to him. Musical Club members will leave tonight for the Wakefield concert at 6:55 o'clock from North Station. The next Personal Hygiene Lecture will be given Wednesday, December 6, 1922. The lecture scheduled for November 29 will be omitted. Crew men who turned in medical slips to the crew management may get same by applying at the M. I. T. A. A. office, third floor, Walker, any day from 4 to 5 o'clock. There will be a meeting of all men interested in forming a Minnesota Club next Wednesday at 5 o'clock in Runkle 405, Technology Dormitories, for the purpose of organization. The sixth meeting of course 5.94, Recent Developments in Science, will be held today at 4 o'clock in room 10-250. Professor E. B. Millard of the Department of Chemistry will speak on the "Evolution of the Elements." The Intercollegiate Ball will be held in the Swiss Room of Copley Plaza, Saturday night at 8:30 o'clock, following the Dartmouth Brown game. The captains of the two teams will be guests of honor. Subscription will be \$2.50 for a single ticket.

OUTING CLUB'S RIDE PLANNED FOR TOMORROW

Will Take Hike to Rockport Thanksgiving

On their first outing of the season to be held tomorrow, the Outing Club, which was recently formed, will spend the afternoon in the vicinity of Winchester. The party making the trip will meet at the information desk in North Station at 2 o'clock to take the train to Winchester. Upon its arrival horses will be hired and the afternoon will be spent in riding. The Outing Club invites candidates as well as its members to this event and hopes to make a success of its first expedition. The hiking trip which is planned for Thanksgiving day will be made to Rockport on Cape Anne.

Visit Dartmouth Outing Club

A membership campaign will be started in the next few days and all men who are interested in the club and its activities may sign up for it. A delegation from the club went to Hanover N. H. last Saturday and Sunday as guests of the Dartmouth Outing Club. This organization has grown to a large size and has some very good equipment. It owns a number of shacks and cabins in which the members gather for their meetings. These were visited by the men from the Technology club and plans for a trip to Dartmouth talked over. The Outing Club is one of Technology's new activities and was organized just this term. Its purpose is to promote the love of the outdoors and to acquaint the men with the arts of tramping, hiking, riding, skiing, skating and all other vigorous outdoor diversions. Special rates will be made to members in hiring horses for the club's rides. The club has been recognized by the Institute Committee and thus far has been successful in its activities.

NEW ENGLAND CATHOLIC CLUBS DANCE TOMORROW

Meeting Tonight Opens Year For Federation

The New England Province of the Federation of College Catholic Clubs opens its activities for the present season with a meeting of the representatives of each club this evening at St. Cecilia's Guild Hall. The question of a formal dance and some important policies will be decided. Following closely on the heels of this is an informal dance which will be given in Whitney Hall, Brookline, Saturday evening. Bert Loew's orchestra will furnish the music. The matrons for this occasion are Mrs. M. V. Crocker, Mrs. Elizabeth P. Sheridan, Mrs. Henry Hagan and Mrs. James P. Murphy. The tickets for this dance are \$1 apiece and can be obtained from M. J. Naughton '23, President of the New England Province, or G. A. Rowen '23, president of the Technology Catholic Club.

New Members Added

The officers for the current year are: president, M. J. Naughton '23; vice-president, Miss Dorothy Hagan '23, B. U.; treasurer, Carl Anderson '23, B. U.; secretary, Miss Alice W. Murphy '23, Simmons. Three new members have been added to the Province since last year, namely: Dartmouth, University of Maine, and Boston University Girl's Catholic Club. The older members are: St. Cecilia's, Simmons, Smith, Wellesley, Massachusetts Institute of Technology, Massachusetts Agricultural College, Framingham Normal, Boston University Newman Club, and Tufts.

G. F. COOK APPOINTED LEADER OF BANJO CLUB

(Continued from Page 1)

Although not yet definitely complete, the program of the Musical Clubs includes three trips and a concert in Symphony Hall for the winter and spring, as well as the usual local concerts.

The longest trip, scheduled for the Christmas vacation, is to be one in the South which present plans extend as far as Richmond. The routes of the other two trips have not as yet been chosen, but they are to be shorter than the Christmas trip. One will be made in the March vacation and the other some time in April.

Only One Local Concert a Week
The concert in Symphony Hall will be the first that has ever been held there by the Combined Musical Clubs, and will be at popular prices. The management also wishes to announce that there will be but one local concert a week this season, instead of the several a week held in previous seasons.

The initial try-outs for the Clubs are to be held today and tomorrow at 5 o'clock in room 10-250. All men with musical talent are urged to report at the try-outs, whether or not they have had any previous experience.

The instruments wanted for the Banjo and Mandolin Clubs are tenor and five-string banjos, banjo mandolins, banjo guitars, guitars, saxophones, and cellos.

NEW YORKERS ORGANIZE

Students from New York and vicinity have organized a New York City Club, which is to have its first meeting in room 2-142 at 5 o'clock today. Alexander H. Brown '26, will be acting chairman until officers are elected. About 20 freshmen have already signed up for the club, but still more are desired. The by-laws of the club will be decided upon today.

AT THE THEATRES

COLONIAL: "Scandals," a dashing musical show.

FENWAY: John Barrymore in "Sherlock Holmes."

FINE ARTS: "Beggar's Opera," a gay old musical comedy.

HOLLIS: "He Who Gets Slapped," deep stuff, and very good.

KEITH'S: Vaudeville, a melange of song, dance, and humor.

PLYMOUTH: "Anna Christie," a Eugene O'Neill masterpiece. Better than good.

SELWYN: "It's a Boy," a big hit. Last week.

SHUBERT: "Make It Snappy," Eddie Cantor's show and that's enough.

ST. JAMES: "The Meanest Man in the World," a snappy and smart comedy.

STATE: "Trifling Women," a well acted tragedy.

SYMPHONY HALL: Nov. 26 at 3:30, Heifetz, in violin concert.

TREMONT: "Captain Applejack," a lively comedy with buccaneers and everything.

TREMONT TEMPLE: "One Exciting Night," a masterpiece of mystery, fun, and love romance.

WILBUR: "The Bat," the same old show still going strong.
