ALMA MATER SONG

IT is not an exceptionally difficult feat for any person possessing the necessary musical ability to hammer out a new jazz-tune, witness the prolific production of Tin Pan Alley, but the composition of an Alma Mater Song is quite a different matter.

It is undoubtedly true that Technology is not so fortunate as to possess an original Alma Mater Song in the true sense but it is hoped that the competition now in progress will meet with the desired result.

Aside from the purely sordid aspect of the cash remuneration, would not the mere satisfaction of realizing such an ambition be worth one's most serious efforts? What could be more gratifying than the realization that one's brain-child would thrill student hearts a score of years from now? It is a thought to conjure with.

MINOR SPORT CHARMS

FEELING that there has not been enough recognition to minor sports and to the men who participate in them at Technology, the M. I. T. A. has decided to give charms to those who win minor sport letters.

It would be poor policy to have a distinguishing charm for every form of activity, for then we should be placed in a position such that the men who had really done something would fail to receive their full due.

If, however, a charm worn by participants in minor sports stimulates an additional interest in these branches of athletics, its adoption will be amply justified.

PROFESSOR WARNER IS ELECTED TO AIR BOARD

Hartford Meet Demonstrates Airplane Uses
Professor Edward P. Warner, head of the Aeronautical Department, has been elected to the Board of Governors of the First District Convention of the National Aeronautical Association.

The meet was one in which the various commercial uses of the aeroplane were demonstrated in a convincing manner. Air mail was received the same day that it was sent from Cleveland, and served to show the great amount of time saved during this method of transportation.

LAST MEETING FOR TERM IS HELD BY MATH CLUB

Thursday evening the Math Club held its third meeting for this term. Professor Joseph Lipka, of the Mathematics Department of the Institute, gave an interesting discussion of the properties of fields of force, and the paths of particles in these fields.

This meeting was the last meeting for the term. The next meeting will be held the second Thursday of the next term.

HARVARD-TECHNOLOGY CHEMICAL CLUB MEETS

There will be a meeting of the Harvard-Technology Chemical Club tomorrow evening at 8 o'clock in the American Academy of Arts and Sciences, 23 Newbury Street, Boston. Professor T. W. Richards will address the assembly on "The Atomic Weight of Gallium," and Professor F. J. Moore will lecture on "Some By-products of a Uric Acid Investigation."

The purpose of the Harvard-Technology Chemical Club is to promote interest in the investigation and development of chemical theories through a series of talks on some of the facts that have evolved from recent scientific research.

Northwestern Co-eds Limit Dates
The Woman's Self-Government Board of Northwestern University announces that the co-eds of the school have agreed not to have any dates on Monday, Tuesday, or Thursday nights.

First Football Team in Reunion
A reunion of six of the seven surviving members of the old Oneida Football Club was recently held in Boston. The original team of the club was the first in New England, and as far as can be traced, in United States.

NOTICES FOR UNDERGRADUATES

The night editor in charge of the next issue of THE TECH is G. F. Ashworth '24, telephone Winchester 609J. All matters concerning the issue are referred to him.

All students designing Tech Show scenery are invited to attend the exhibition of scene models by American artists in the Boston Public Library on the second floor all this week.

The R. O. T. C. dance which was to be held Tuesday evening, November 28, has been postponed until the fifth or sixth week of next term.

EXCHANGE SENDS BOOKS TO STUDENTS IN RUSSIA

Membership Cards Now Ready at T. C. A. Office

The Book Exchange of the Technology Christian Association has sent letters to all who have books on the Exchange shelves, regarding the disposal of many of these books that are no longer in demand by the students at the Institute.

Director H. L. Hazen '24, of the Exchange, announces that, if nothing regarding the books is heard from the owners within 30 days, they will be disposed of as the Exchange sees fit, as the storage space in the office is very limited.

List of Books Published
The membership cards of the Association are now ready at the office. Anyone at Technology may become a member if he so desires, by signing the pledge card of the Association, on which appears the following statement of the purposes: "The Association is an organization of the students faculty and alumni of the Massachusetts Institute of Technology for the purpose of fostering among the members of the Institute the best ideals of Christian living and to enlist them in active Christian service.

AT THE THEATRES

BOSTON OPERA HOUSE: Cecil Sorel in modern and classic masterpieces in French. Tonight "L'Aventuriers." Tues. "Camille."
COLONIAL: "Scandals." Spry musical revue.
FINE ARTS THEATRE: "Beggar's Opera." A gay play of the 18th century with music.

FEMININE ISSUE OF VOO DOO IS SENT TO PRESS

Voo Doo's December issue, the Feminine Number, has gone to press and will soon be placed on sale. The response from the different girl's colleges to the request for cover designs was most gratifying as 23 cover designs were submitted.

EPISCOPAL MEET CHANGED

Due to unforeseen difficulties, the meet of the Episcopal Club scheduled to be held on the first Sunday in December, has been postponed until the second Sunday in December. This will be held in St. Paul's Cathedral at 10 o'clock.

M. E.'S AWAIT CONVENTION

Until after the convention of the American Society of Mechanical Engineers which is to be held in New York from December 4 to 7, the local society at the Institute will suspend operations.

STILL TIME TO SIGN UP FOR ADVANCED R. O. T. C.

According to the Military Science Department, there seems to be an idea among the students of the Institute that it is too late to sign up for the advanced R. O. T. C. course.

W. L. IRVINE '26, TO BE MARRIED THANKSGIVING

Following a Valentine romance, W. L. Irvine '26, is to be married to Miss Angel A. Ishnejeji on Thanksgiving Day. Irvine came to Boston three years ago from Phoenix, Arizona.

COMBINED CATHOLICS OF NEW ENGLAND HOLD DANCE

Drive For Members Started on Large Scale

The New England Province of the Federation of Catholic Clubs held its first dance of the season last Saturday evening, in Whitney Hall, Brookline. Bert Lowe's Orchestra furnished the music.

Many of the colleges of New England were represented, including a large delegation from the Institute Catholic Club. The president of the Province is M. J. Naughten '23, of Technology.

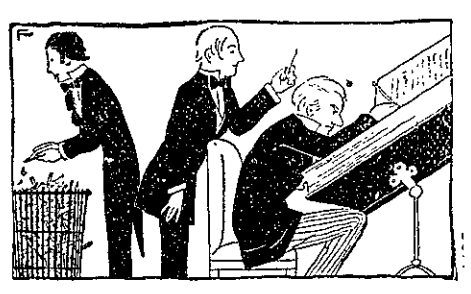

Membership Now 100

A second supper-meeting of the Technology Catholic Club was held in north hall, Walker, last Wednesday evening. The program consisted of supper accompanied by music by members of the club, speeches, and a short business meeting.

A drive for members has been started, in which an attempt will be made to enlist the remaining 200 Catholic students in the club, the membership of which now numbers more than 100.
