CONTINUOUS UNEXCELLED DANCE MUSIC, 8 UNTIL 2

Subscription: Gentlemen \$2.00 Ladies \$1.00 Checking Free

NOTE: STARS AND BEAUTY CHORUSES FROM THE "SCANDALS" AND "MAKE IT SNAPPY" COMPANIES WILL JOIN THE PARTY AFTER THE SHOW.

Results in N. Y.

Varsity Race table with columns: Pos., Name and College, Time. Lists results for various colleges including W. Higgins, E. Hendrie, H. Smith, etc.

Team Score table with columns: Team, Score. Lists scores for Syracuse, Yale, M. I. T., etc.

WALT HIGGINS WINS CROSS COUNTRY RUN

(Continued from Page 1.)

ued to show the way, with Hendrie dogging his steps. Tredwell had moved into third place and Moore was fourth, with Higgins fifth.

Then they disappeared around the foot of the hill and over the golf course. Crossing the line for the first lap of three miles, Hendrie led Higgins by about forty yards, with McLane ten yards back and only inches ahead of Dykeman and Smith, who were running neck and neck.

Hendrie, a slender little runner, was trying hard to maintain his advantage, but he was not good enough to hold off a runner of Higgin's ability and over that last two miles the M. I. T. star was compelled to bow to the superiority of the local man.

Wins By Forty Yards

Higgins flashed into the worsted tape at the finish forty yards ahead of Hendrie. This pair was safely in, but the fight for the other places was surprisingly close.

The supporting cast of the Columbia star failed miserably. Bob Moore, prominent in the early running, was hopelessly out of it at three miles and finished in wretched condition.

Walton E. Shipley, of Penn State College, won the freshman championship, which was decided over the three-mile course just previous to the varsity event.

Penn State won team honors here with a score of forty, with Princeton second, Yale third and Syracuse fourth.

Shipley was leading at the completion of the first mile, with Ernest Bailey, of Pennsylvania, second and Russel Gage, of Cornell, third.

Shipley was forced to his best to shake Barclay, but shake him he did, despite the fact that the latter was his teammate.

Engineer Sport Men Comment on Harriers Achievement in N. Y.

Coach Kanaly:

All credit is due to the men who held up to their work and improved in it. Everything that was needed to make Technology runner up to the champions was one more with the first four.

Trainer Doc Johnson:

Fine. The boys ran a wonderful race and it was the sight of my life to watch them. Bob deserves lots of praise for his work as does the whole bunch of them.

Ground Keeper Mike Hoar:

It was great. I wish I could have seen the boys run and I'd have given a lot to have Bob win, but it means a good deal to get second in a championship run.

A. D. Smith, Track Captain:

I was mighty pleased at the fine showing of the team and of Bob at New York. It will assist in securing Technology's rightful recognition in the field of athletics, we have the goods here and we must prove it and establish the prestige of Technology.

Dr. A. W. Rowe:

Bully!

Flashes on the Harrier Battle

Too bad Bob Hendrie just missed out on his last chance to annex the Intercollegiate cross country championship. After leading the field up to within 150 yards of the finish, the Institute leader was nipped at the tape by Walt Higgins' great sprint, losing out by less than 40 yards.

Frank Bemis surely showed great form in annexing twelfth place for the Engineers. This boy promises to be one of the mainstays of next year's team.

Great weather for a race Monday. A light snow was falling throughout the race, but even with this handicap, Higgins came within two seconds of breaking the course record.

Hendrie's pace was too much for McLane, the University of Pennsylvania's star. After staying with Bob for about three miles, he began to drop back and finished in fifth place.

Princeton's showing was a big surprise to many. The Tigers were picked by several followers of the sport to win the meet, due to their fine showing in their earlier meets, but the team failed to come up to expectations, finishing in eighth place.

Clarence McIntire, although not running for the Engineers, accompanied the team to the race and put in some mighty fine work in collecting the Technology alumni present and leading some enthusiastic cheering for the Institute harriers.

Speaking of alumni, there was a large gathering of Technology graduates at the race, showing that Institute teams are receiving the support of men formerly at the Institute, which is especially welcome when a team is away from home so that the student body cannot turn out to support it.

This year's freshman team stuck around after finishing their race to cheer the varsity at the finish of their six mile grind. The varsity was not lacking support at the finish, anyway.

Gubby Holt ran the best race of his career, and helped greatly in keeping the Engineer total down. He was the Institute's fourth scorer and grabbed off the thirty-first position in the scoring, a feat of no mean ability in an I. C. A. A. A. A. championship.

Quite a difference between Cornell's showing this year and what Jack Moakley's charges did last year. The first Cornell runner finished in fourteenth place this fall while last time all five of Cornell's scorers finished in the first ten.

Yale's annexing of second place was a big surprise. After losing to Harvard and Princeton in the triangular meet held at Belmont early in the season, the Blue harriers showed rare form in the big race and left its rivals far in the rear.

The Engineers defeated their old rival, University of Maine, and took off a little of the sting of the defeat they suffered at the hands of the down-east runners in the New England championships.

The last three Institute runners finished close together. Leo Poore, after trailing Robertson during most of the race, nosed Bud out at the finish.

Newly Adopted Minor Sport Charm Ready for Orders of Letter Men

Shortly before school closed last year, the M. I. T. A. A. adopted a similar plan is now in effect in most other colleges.

G. H. Cowan '24, is in charge of the ordering of the charms and any orders received by him will be filled in about two weeks. All orders must be prepaid.

In the past, shingles have been given to the men. The new charms are similar to a varsity club award and a
