THE EXCITING SATURDAY

It is unfortunate that more undergraduates were unable to attend the recital given by Mrs. Ross and Mr. Griffith. Although it
guished a number of talented students and
guests, the possibility of examination
deviating many from the program was
doubted, and no one was able to attend.

The large number of Institute men
taking part in the preparation of the recital in Music, and the many who go to con-
certs, shows the interest which is being
generated by the musical department. It is
to be hoped that the T. C. A. will be kind
enough to have more such interesting recitals
during the coming term.
