CHRISTIAN ASSOCIATION MEN MEET AT BOSTON "Y"

Dinner Planned With Well Known Speakers

A get-together dinner of all the college men in this vicinity who have been connected with or interested in the Christian Associations of their college will be held at the Boston Y. M. C. A. on Huntington Avenue at 6:30 o'clock on December 14. Letters of invitation have been sent to all such men who are at present on the lists of the Round-Up Committee, of which Wallace M. Ross of the Technology Christian Association is Chairman.

A similar dinner was held here at Technology a year ago, at which 37 men were present, but the committee expects to see a much larger attendance this year. Quite a list of speakers well known to Christian Association men has been drawn up for the occasion, on which appear the names of D. R. Porter, Bowdoin '03; Ralph Harlow, Harvard '09; Clarence Shedd, Clark '09; and Professor Francis Sayre of Harvard, Williams '09. Professor Sayre will preside, and Mr. Harlow, just back from Smyrna, will speak on the subject "Is America a Part of the Non-Christian World?"

ALUMNI GIVE RECEPTION TO DR. S. W. STRATTON

(Continued from Page 1)

of the Pennsylvania Railroad; and J. Waldo Smith '86, engineer of the New York Water Supply, a general discussion will take place. Dr. A. W. Rowe '01, will later talk on "Athletics at M. I. T." A short business meeting of the Technology Clubs Associated will be held at which motion pictures of the Institute and its activities will be shown.

Wives of Alumni Invited

On Saturday morning there will be excursions to various places of interest around the city. It is planned to have an inspection of the new automatic telephone exchange. Class luncheons, arranged by members of the different classes, will be held at noon. A reception will be held in the afternoon for all ladies who attend. All Alumni are requested to come to New York with their wives.

The most important affair will take place at 7 o'clock, Saturday evening, at the Hotel Biltmore. The All Technology dinner will be informal in character and seating will be by classes. The ladies will be seated in the main hall if room is available, otherwise they will have tables in an adjoining dining room and will later be escorted in the main dining room to hear the speakers.

Committees Active

After the dinner the various classes and courses will welcome Dr. Stratton. Five minute talks will be the limit and different Technology organizations will present greetings; H. J. Carlson for the Alumni Association; from the Technology Clubs Associated by A. T. Hopkins '97, its president; from the Technology Club of New York by R. S. Allyn '98, its president; and from the Corporation, by Everett Morss '85, its treasurer. President Stratton will then reply to all these greetings and it is this talk that will be broadcasted over the eastern half of the United States.

Many graduates have helped towards the success of the affair by their work on the committees. The chairmen of the different committees are L. D. Gardner '98, Executive; Gerard Swope '95, Reception; C. E. Lawrence, '96, Dinner; A. T. Hopkins '97, Meetings; W. H. King '94, Excursions; T. H. Wiggin '95, Class Luncheons; R. S. Allyn '98, Technology Club Reception. The Faculty will be represented by Professor D. R. Dewey, head of the Department of Economics and Statistics. H. E. Lobdell '17, will represent Institute activities and R. P. Shaw '23, the Institute Committee.

M. I. T. RADIO SOCIETY STAGES DEMONSTRATION

Talks on Radio Given at Class of 1893 Dinner

A radio demonstration was given by two of the officers of the M. I. T. Radio Society at the smoker and dinner of the Class of 1893, which was held last Friday evening at the Algonquin Club.

J. K. Clapp '23, Vice-President of the society, gave a summary of the development of wireless telegraphy up to the time when amateurs began to experiment with radio. Secretary J. A. Stratton gave a talk which was a continuation of the subject. He outlined the development of amateur radio, taking the society's station 1XM as typical of an amateur station.

The radio receiving demonstration staged at the dinner by these men was made with a new type of receiver, which receives on a small loop instead of an aerial and ground. One stage of radio frequency amplification, a detector, and one stage of audio frequency amplification are used in this set, which was loaned for the occasion by Mr. F. C. Bowditch '21.

Freshmen Quintet Outscores Varsity in Short Well Played Practice Game

Yesterday afternoon the varsity and freshman teams went through a hard practice session, the varsity men being scrimmaged with a team of freshmen picked by Coach Hitchcock. In the short scrimmage practice, the one marked feature was the great improvement shown by the freshmen players. During the last few practices the freshmen have been steadily showing better form, and yesterday the improvement appeared in both their shooting, passing, and team work. Although the scrimmage was only for a short time, the first year men were able to score nine points while the varsity caged seven points.

The varsity team was composed of Storb and Miller as forwards, Coleman as center, and Cook and Hubbard guards. All the men but Miller have had experience on last year's varsity; this is the first year Miller has been at the Institute. This is the combination that has been working out together in the practices and it shows good results. Cook and Hubbard make a pair of fast guards, who get down the floor in quick order, while Storb, Miller and Coleman all have shown shooting ability.

Although these men have shown up especially well in the practices, no positions can be fixed with any certainty until the very opening of the schedule. Coach West has not had much time to form an opinion of the ability of the men for himself and so the final varsity positions can not be decided until immediately before the opening game. Among the forwards out are Davis, Ingram, Robinson and Daily. There are not many men competing for the center position. Coleman and Skinner have shown up the best. Among those out for the guard positions are Johnson, Lauria, Davidson, and Cornelius.

The five freshmen who were picked by Coach Hitchcock to play against the varsity showed exceptional passing and team work as compared with what was done in the other sessions. The forwards were Timmerman and Forrester and, both of whom showed some fast floor work and passing, in addition they seemed to have a good eye for the basket as they cared their goals from some difficult positions.

Freshman Guards Play Well

Those who are making a strong bid for freshman center are Wilnot and Reed. The guards who played against the varsity were Lord and Walsh and

they both showed they had developed their floor ability since the beginning of the season as they broke up a number of the varsity's plays by their quick work in cutting in. The guard positions are being competed for in a lively fashion. Among those who have shown up well are Azoormanian, Gleason, Lawrence, Stell and duPont.

SOUTH AMERICAN LECTURE HELD FRIDAY AFTERNOON

The fifth of the series of lectures on "Journeys and Explorations in Tropical South America" will be given in Huntington Hall, Rogers Building, 491 Boylston St., by A. Hamilton Rice, A. M., M. D. The specific subject of this lecture is "The Great Rio Negro (Amazonas)" It will be presented by Dr. Rice at 5 o'clock tomorrow afternoon, and any one who wishes to attend may get a free ticket from the Curator of the Lowell Institute, 491 Boylston Street, by enclosing a self-addressed, stamped envelope for each ticket desired. The sixth and final lecture on this subject will take place on next Tuesday, December 19, at the same hour.

ANNOUNCE MUSICAL CLUBS WINTER TRIP

(Continued from Page 1)

nected with the Niagara power transmission system. After the trip through the plant the men will attend a luncheon given for them by Mrs. A. B. Potter. Between 4 and 4:30 o'clock numbers by the Glee Club and Jazz Band will be broadcasted by wireless. In the evening the men on the clubs are to be dinner guests of the various Buffalo alumni.

May Return Through Pittsfield

The concert in Utica is directed by C. D. Williams '04, and H. D. Williams '12, graduates of the Institute. It is to be given at the Hotel Utica and will be followed by a dance lasting until 1 o'clock. From Utica the clubs will return to Boston, either through Pittsfield and Holyoke, or directly, this point being still undecided. This will be announced some time in the near future.

The management wishes to announce at this time that a man is not dropped from the clubs because he is not taken on the trip. It is not feasible to take all the men on the trip because of the expense and it is hoped that those who are not taken will remain on the clubs after Christmas. It is expected that the clubs will make a New York trip and a Central Massachusetts trip later in the year.

The program for the concerts on the trip is as follows:

1. Battleship Connecticut...Banjo Club
2. Invictus...Glee Club
3. Canadian Capers (Banjo Duet) Cook and Ecker
4. Moonlight Fancies...Mandolin Club
5. A Little Harmony...Quartet Burkholder, Decker, Thomas, and Wilkins
6. Rastus on Parade...Banjo Club
7. Mystery...K. C. Kingsley
8. Sweet and Low...Glee Club
9. Uncle Moon...Glee Club
9. Xylophone Solo (You Tell 'em Ivories)...G. P. Rupert
10. Serenade...Mandolin Club
11. Conner Moon...Glee Club
12. Road to Mandalay...Glee Club
13. Popular Selections...Jazz Band
13. Stein Song...Combined Clubs

Going Into Business?

After graduation, you must bridge the "years of experience" before you will be fitted to occupy a position of business responsibility and trust.

To men who are eager to shorten these years, Babson Institute offers an intensive training course of one or two years in business practice.

No lectures; no conferences. No written work; but dictation through dictating machines and secretaries.

Babson Institute, an educational institution endowed for the purpose of fitting men for true executive responsibilities, invites you to send for the booklet "Training for Business Leadership." Write today.
