The Head of the House.

With frost coming, the skating of the river is common in January.

The popular machines are the Winchester and the Superskate.

The Superskate is the most popular, as it is the fastest and the most durable.

The Winchester is a bit slower, but it is also very good for long distances.

The headliners are the “Wild West” and “The Yukon”.

Winchester — $25.00

Wild West — $30.00

The Yukon — $40.00

These are the most popular, but there are many other models available.

All machines come with a free repair kit and instructions.

To order, please contact your local sporting goods store or visit our website at winchesterskates.com.
