Sophs Issue Rules to Freshmen
 Freshman-Sophomore activities at Cooper Union college have started in earnest. The Sophomore class held a special meeting on Wednesday, Oct. 11th, and after grave consideration drafted a set of Freshman Rules. These rules order the lower classmen to wear a red Windsor Tie, to refrain from smoking and to address upper classmen respectfully. They must also wear their "tags."

The second year men issued this set of rules for the purpose of continuing a tradition handed down to them by the Sophs of last year. As a result of their activities, in which the frosh had to wear small skull caps, the freshmen and the Sophs had much in common at the end of the school year.

Fellowships For American Graduates
 An opportunity has recently been opened for graduates of American Universities to pursue higher education at French institutions. The Society for American Field Service Fellowships is offering to open competition fellowships of \$200 and \$,000 francs to fifteen college graduates from any part of the country who can qualify as a candidate.

These scholarships, awarded in practically every field of study, are to be named after the men of the American Field Service who died in France; and it is intended, if sufficient funds can be obtained, to name a fellowship in memory of each one of these men.

Toronto to Erect War Memorial
 At the close of the recent war, the University of Toronto decided to establish a memorial "to commemorate the part taken by the University of Toronto in the Great War." The memorial is to take the form of a sum of money to be used for scholarships, and a like sum to erect a "Memorial Tower." It is planned to spend about \$400,000 on the entire memorial, but to date only about \$350,000 have been collected by subscription. It is expected, however, to obtain the lacking sum in time to start construction on the "Tower" this fall.

Student Steals Horse; is Fined
 Howard Hopkinson, a student at M. A. C., was arrested on complaint of a farmer. The charge against him was horse stealing. The police say he obtained the horse from the farmer's wife, who mistook him for a soldier on account of his uniform. After he got the horse he forgot to return it, so the farmer asked the aid of the police to recover the horse. The student was fined \$25 to cover the cost of locating the animal. As the horse was only valued at that amount, it would have been cheaper for the unfortunate youth to have bought the animal in the first place.

Ten Indians in Short Course
 Ten Indians have registered in the Short Course of the College of Agriculture this year. They are selected by their own groups from the Indian Reservation in New York State to train in a certain field of Agriculture, according to their locality. Seven tribes are represented, the St. Regis, Mohawks, the Oneidas, the Canandaiguas, the Cayugas, the Senecas, and the Tuscaroras.

Princeton's New Rink Uncompleted
 Due to labor strikes, Princeton's new Baker Memorial skating rink is still under construction. It is expected, however, that it will be entirely done by December 1, while the skating surface will be ready for use in time for opening hockey practice. The building will be one of the finest of its kind and will embody features of construction not often found in buildings of that kind.

Take Athletic Posters For Souvenirs
 Undergraduates at Brown University have a passion for collecting souvenirs that is getting them strenuous objections from their athletic department. It seems that they take what ever posters appeal to them regardless of whether the event advertised has taken place or not.

Due to the fact that the "Student Body," the student's financial organization at Brigham Young University, is in financial straits, the school paper, *The Y News*, will be unable to change from a weekly to a semi-weekly this year, as hitherto planned.

UNCLAIMED ARTICLES TO BE HELD ONLY TWO WEEKS

Lost articles are accumulating at the office of the Superintendent of Buildings and Power so rapidly that hereafter it will be necessary to dispose of unclaimed articles at the end of two weeks instead of retaining them for a month, as formerly. Articles not called for at the end of two weeks will be given to Mr. Wallace M. Ross of the T. C. A. for disposal. There are a great many books and articles of clothing at the office now waiting for claimants.

The Head of the House.
 Wife beating, having the sanction of the Koran, is common in Egypt.

WINCHESTER

"Sportsmen's Headquarters"

Tremont at West St. BOSTON Washington at Bromfield St.
