psychology should be highly beneficial and practical for many students.

The Institute has taken a step forward in the study of this subject by making the study of psychology compulsory for all students in the junior and senior years. The students are required to take a course in psychology, and this course is divided into two parts. The first part is devoted to the study of the principles of psychology, and the second part is devoted to the study of the methods of teaching psychology. The course is designed to be of great value to students who are interested in the study of psychology, and it is hoped that it will be of great value to students who are interested in the study of other subjects as well.

The Challenge
