

BASKETBALL TEAM SCALPS BOSTON COLLEGE AND UNIV. OF MAINE

Technology Mile Relay Beaten by Princeton Four

After First Two Men Lose 30 Yards Engineers Gain Ground

The Engineer mile relay lost out to the fast Princeton team in the New York A. C. games last Saturday by a very narrow margin, only eight yards remaining between the Tiger anchor man and Captain Art Smith when the Princeton runner flashed across the line.

Ray Holden was the leadoff man for the Engineers. He had the pole at the start and jumped off in the lead. His Princeton rival caught him after rounding the first corner, however, and proved too fast for Ray to stay with. The Engineer kept on plugging in spite of the superior speed of his opponent, but was unable to keep up the terrific pace set by the Tiger runner and handed the baton over to Peggy Joyce with about a twenty yard handicap to overcome.

Peggy started right after his man, but the Princeton flyer had no intention of being headed and Joyce was not able to keep the rate at which he started. He dropped back slightly, the Princeton man turning in an extra fast partner, and when it came time for Peggy to turn the job over to Glen Bateman, the Engineers were about thirty yards in the rear. It looked then as if Princeton had the race cinched but there remained Glen and Captain Art Smith to reckon with.

Glen Makes Up Ten Yards
Glen hit his stride as soon as he received the baton from Joyce and started after Conger, who was the third man on the Princeton team, as if nothing could stop him. Conger is no slouch of a quarter miler, but Glen gained on him slowly but surely and when he reached the line to pass to Captain Art, he had made up about ten of the thirty yards which lay between him and the Princeton runner.

Captain Art Smith took up the burden with about twenty yards separating him from Hitzrot, the orange and black's anchor man. The Tiger lost ground consistently and during the last part of the race the Engineer was right on his heels at every corner, only to lose the chance to pass him when they came onto the straight stretch. The Princeton team turned in the fast time of 3:30, while the Institute time was one second slower. This is good clocking for the distance and the Engineers are improving.

The showing of the team was good enough to make it feasible to enter the I. C. A. A. relay carnival which will be held in New York soon.

No Victories in Navy Meet for Technology

Middie Boxers Win All Bouts in Contert Down at Annapolis

A complete shut out was won by the Naval Academy boxers over the Institute team, in the midshipmen's ring Saturday, all fights going to the sailors.

One hundred and fifteen pound class—Hayes, Naval Academy, defeated Woodward, M. I. T., by decision.
One hundred and twenty five pound class—Goldwaine, Naval Academy, defeated Norwood, M. I. T., by a technical knockout in two rounds.
One hundred and thirty five pound class—Kurtz, Naval Academy, defeated Phillips, M. I. T., by decision.
One hundred and forty five pound class—Leach, Naval Academy, defeated Mott, M. I. T., after an extra round.
One hundred and sixty pound class—Lyon, Naval Academy, defeated Levine, M. I. T., by decision.
One hundred and seventy five pound class—O'Regan, Naval Academy, defeated Scholtz, M. I. T., by decision.
Referee—Mr. McGrath, Philadelphia.

Intramural Sports

Interfraternity basketball is now under way and all but one of the preliminary games have been played. As last year the games will be by elimination, a team dropping out as soon as it loses one contest. In the first game of the series Delta Kappa Epsilon beat Delta Tau Delta by 15-11. In the games played last Tuesday evening in Walker Memorial, Theta Chi beat Delta Upsilon 6-2; Lambda Chi Alpha beat Beta Theta Pi 11-6; Sigma Chi beat Phi Kappa Sigma 16-4; and Theta Delta Chi beat Phi Beta Epsilon 12-4.

Harvard Wrestlers Here Tomorrow

For the first time since the Yale meet the Technology mat men will use their regular lineup tomorrow night, in a match with Harvard University in the New Gym. The 115 pound opener is scheduled to start at 8 o'clock.
The Engineers lineup will be: 115—Harry Bruner, New England champ,

who has won eight consecutive falls; 125—Bill Norwood; Vaughn Weatherly, who licked Norwood in an elimination scrap; 145—Herm Pike; 158—Captain Rock Hereford, conqueror of the national amateur championship; 175—Walt Kennett; Unlimited—Greer, who has been out for a month with a bad knee.

Varsity Five to Play W. P. I. and Harvard

Worcester Poly Here Circus Night and Crimson on Saturday

The basketball squad has another hard week on their schedule as two games are booked for this week. Worcester Polytech will be the visitors Thursday evening in the New Gym while the annual clash with Harvard will take place Saturday night. Only three more games remain on the Engineers' schedule and every man on the squad is determined to end the season with three more wins.

The game Thursday will begin at about 6 o'clock as it will be one of the opening events of the circus held in Walker. After their two victories last week Capt. Cook's passers will be hard to beat and a good hard game is assured. The Worcester outfit has played a schedule of 10 games and has won four of them. They defeated Brooklyn Tech, Brown, Mass. Aggies, and New Hampshire State, while they lost to the University of Maine players, Clark and Rhode Island State in the last few games.

Coach West will probably start the same line up as in the B. C. game with Cook and Miller at forwards, Coleman at center, and Johnston and Hubbard guards. This combination has proven to be the best scoring machine for the Engineers as the last few games have shown and the team work has steadily improved.

This contest will put every one on the team in tip top shape for the game Saturday night with the Harvard passers. It will be played in the New Gym and a dance will be held afterwards.

The mile relay will have a chance to get into action again when it runs in the I. C. A. A. relay carnival later this month at New York. Trials will be held today and tomorrow to determine who the third and fourth men on the team will be. Captain Art Smith and Glen Bateman are sure of their places, but the other men will be picked from among Peggy Joyce, Ray Holden, Jack Tench and Al Makepiece. These men will battle for the other two positions in the trials.

Howard Dexter showed up well in the thirty-five pound weight throw in the competition last Saturday. The big boy placed second to Toottell, the Bowdoin star, in the N. E. A. U. championships and shows promise for a reliable man in the weight events in the outdoor competition. His tossing will probably give him a chance to go to New York for the championship.

Heap, Porter and Webster have been performing well in the dashes lately and it is probable that one of these men will be entered in the coming I. C. A. A. meet. Eddie Heap has been doing some mighty fine work this winter and he will be a valuable man when spring comes around.

Russ Ambach showed up very well in the hurdles on Saturday. He crashed through and defeated Bob Merrick, last year's champion, although he followed Reilly, Russ is coming along fast and will be a good man to fill the shoes of last year's hurdlers who have graduated.

Freshmen to Box

Freshman boxing candidates are to report in the New Gym for eliminations this afternoon at 4 o'clock. Those who have already signed up are: 115—Grills and Airlano; 125—Washburn and Schultz; 135—Shaheen, Ames and Bates; 145—Novo and Samaha; 158—Laitz; 175—Clark and Hirschman. New men are expected to turn up today.
The opening meet will be with Yale at New Haven next Saturday afternoon.

B. C. Quintet Falls Before Institute Players, 28-20

Engineers Attack in Second Half Leaves Eagles Behind

Playing a good consistant game of basketball throughout, Captain Cook's passers defeated the Boston College five by the count of 28-20. With Mike Miller and Stan Cook at forwards the Engineers attack rolled up the baskets on their opponents during the second half of the contest, while the first period proved to be a neck and neck struggle in the final minutes before the whistle blew ending the first half, although Coach West's men had forged ahead at the start.

Technology made the first counter of the contest which was a shot from the side of the floor by Ed Johnston, this was quickly followed by a foul by Mike Miller and two fouls were put through the net by Murphy of B. C. With the score standing at 3-2 for the Engineers both sides started a series of attacks up the floor but neither managed to make any baskets for quite an interval of time.

Just at this point Stan Cook seemed to get a corner on the basket and showed his ability to play the forward job as well as the defense. He broke through and caged two pretty field goals which, with two fouls by the B. C. shooter, brought the count to 7-4. Then Technology got well under way and Mike came through with a counter after he had received a good pass from Stan Cook.

After Mooney got another goal for B. C., Captain Cook took time out with only three minutes to go, but the visitors' attack was not turned back the first half, as both B. C. forwards got a goal from the floor before the whistle blew ending the first period, the score being 14-12 for B. C.

At the start of the second half, Coleman dropped in a neat goal on an individual effort up the floor. The En-

Cardinal and Gray Passes Defeat Maine

Ted Storb's Field Goal Results in Conquest by One Point Margin

The varsity basketballers added two more victories to their record last week when they defeated both the University of Maine five Wednesday evening and the Boston College outfit Saturday night on the floor of the New Gym. The University of Maine quintet made the Engineers play at top notch speed during the final minutes of play in order to come away with a win. With the score 20-19 in the Up-Staters favor Ted Storb went into the game and dropped the deciding basket through the net.

Stan Cook and Ed Johnston at the guard positions proved well high invulnerable during the first half as the visitors caged only two goals from the floor. At the end of the first period the score stood 14-9 in Technology's favor, the neat foul shooting of Berg for the Maine players accounted largely for their points as he shot five free throws out of 6 attempts in the first half.

At the start of the second period the Maine defense tightened up while Berg continued his good foul shooting, caging 5 out of 7 attempts. Holmes got two neat goals for the visitors this half followed by one from Mike Miller. Two more fouls by Berg and it looked as if the Maine basketballers would go home the victors, but Ted Storb came through with a neat shot that cleared the rim and put the game on ice for the Engineers.

TECHNOLOGY U. OF MAINE
Miller, Storb, rf rf, Holmes
Davidson, lf lf, Nowell
Coleman, c c, Cahill
Cook, rg rg, Berg
Johnston, lg lg, Horsman
Field Goals—Miller 4, Davidson 3, Coleman, Storb, Holmes 2, Nowell 3. Foul Goals—Miller 3, Berg 10.

Brown Bear Squeezes Out One Point Victory

Cardinal and Gray Wrestlers Get 13 to University's Total of 14

A one point conquest over Technology was earned by the Brown wrestling team, at Providence, Saturday, the last fight giving Bruin 14 points to the cardinal and gray 13.

One hundred and fifteen pound class—Bruner, M. I. T., defeated Jones, Brown, fall. Time—5 min. 57 secs.

One hundred and twenty five pound class—Brightman, Brown, defeated Hart, M. I. T., decision. Time advantage—4 min. 47 secs.

One hundred and thirty five pound class—Dickinson, Brown, defeated Cohn, M. I. T., fall. Time—3 min. 14 secs.

One hundred and forty five pound class—Elike, M. I. T., defeated Andrews, Brown, decision after extra period. Time advantage—4 min. 59 secs.

One hundred and fifty eight pound class—Capt. Hereford, M. I. T., defeated Allington, Brown, fall. Time—3 min. 51s.

One hundred and seventy five pound class—Capt. Spellman, Brown, defeated Kent, M. I. T., decision. Time advantage—3 min. 2 secs.

Unlimited class—Sayward, Brown, defeated Shepard, M. I. T., decision. Time advantage—4 min. 15 secs.

Four Veteran Golfers Available for Team

Golf is included in the list of spring activities which are beginning to come out of the winter's state of rest. A liberal budget, together with a veteran four-man team, leaves the Institute golfers in a good position to show up well this year, and every effort will be made to take advantage of the prospects.

From last year's team, Captain Fritz Clement seems to be about the best of the combination, but he received excellent support from Russ Conant, Ab Johnson, and Johnny Ballard, all of whom have had considerable experience on the links.

An appropriation of \$300 to the golf cause leaves the team in a position to negotiate for a trip this spring, and efforts are being made to sign up with Princeton and Penn. Tournaments with Amherst, Williams, and Brown are also definitely settled, and it is probable that Harvard and Yale will be added as they were last year.

A Sophomore management competition will be opened this afternoon at 5 o'clock in the M. I. T. A. office. Candidates are to report to Bill Van Dusen. The contest will be short and will lead to the position of manager next year.

gineers began with earnest and soon Miller got another basket.
B. C. was swept off its feet in the attack that followed, although Hickey managed to get a goal from the floor, a foul by Cook and one more goal by Miller brought the count to 19-16 for the Engineers.

The cardinal and gray five took things a little easier, and contented themselves with keeping the ball in their own territory by passing around at this stage of the contest. With four minutes to go Stan Cook caged his fourth basket of the game and put in another foul which ended the scoring for the Engineers.

TECHNOLOGY BOSTON COLLEGE
Mike Miller, rf rf, Murphy
Stan Cook, lf lf, Mooney
Bernie Coleman, c c, Hickey
Cub Hubbard, rg rg, Mocker
Ed Johnston, lg lg, Melley
Storb rg, Harrison
Davidson lf, Whelan
Field Goals—Miller 5, Cook 4, Coleman 2, Johnston, Murphy, Mooney 3, Hickey, Mocker, Harrison, Whelan. Foul Goals—Miller 2, Cook 2, Murphy 4.

Fencing Team Licked by Both Navy and Penn

Navy and Pennsylvania proved too stiff for the Technology fencers in a triangular meet at Annapolis Saturday, the victory going to the Middies, with 20 points, second to Penn with 15 and third to the Engineers with 10.
