Harry Bruner and Hereford Win Falls as Usual in Meet Last Night

The Engineer wrestlers defeated the School two teams, 46 to 14, at the T. N. E. I. on the last day of the tournament. The falls were scored by a gift of the occasion. The Engineer team will now go on to the State meet, where they will show their colors.

Harry Bruner, the 111 pound champion, started the meeting off with a clean round in the opening bout. Later, he fought a hard battle, but after eight minutes of wrestling, Bruner was victorious. The same afternoon, Bruner also fought the same competition, but this time Bruner was defeated. As the result of the game, Bruner lost his balance and threw the 135 pound class so the bout was forfeited.

Next Tuesday Mr. William Murray will address the Chemical Society of Harvard to discuss the training of Chemists. The speaker has spent fifteen years in the petroleum industry. Murray will also discuss the present situation in the industry and the future possibilities therein. The meeting will be held in the new gym last night.

CHROMIC ACID IN THERE

In the 135 pound class Norwood Washburn did the best job, but after eight minutes of wrestling, Norwood lost his balance and threw the 135 pound class so the bout was forfeited. As the result of the game, Norwood lost his balance and threw the 135 pound class so the bout was forfeited.

Werner von Braun, a German rocket scientist, has just returned from Europe where he studied the latest developments in rocketry. Von Braun is planning to start his own rocket research center in the United States.

SPECIAL LECTURE ON WATER STERILIZATION

Next Tuesday, Mr. Oscar Smith will give a special lecture on water sterilization in the field of public health. Mr. Smith is an expert in the field of water treatment and has spent many years working in this area. The lecture will be held in the new gym last night.
