

FIFTH PLACE WITH 56 POUND WEIGHT WON BY DEXTER

Technology Gym Team Humbles Yale Acrobats

Jack McCoy's Victory on Rings in Final Event Beats Bulldog

The Bulldog gymnasts, who had journeyed to Boston on Friday proved a hard match for the Engineers, last Saturday afternoon, though vanquished by the score of 25 to 20. The meet was closely contested, and the issue in doubt until the very last event had been run off.

The Institute men started off in fine shape by winning the first event, the parallel bars. Manuel Ruiz '25, secured first place, an unusually good performance considering that this is his first year on the team. Jack McCoy got second place, leaving third to the Yale team.

Even as the parallels was a complete runaway for Technology, so did Yale outshine the opponents in the horizontal bar, taking the first two places, while Max King '25, secured third. This made the score even so far.

Captain Bill Vicinus won the horse event, and his side kick, Rol Turner, got third place. This put Technology in the lead by three points, but the advantage dwindled to almost nothing when Root of Yale won first in the tumbling. Sam Caldwell '25 surpassed himself, and won second place by the prettiest series he has ever performed, while George Anderson took third. The score now stood 19 to 17 in the Engineers' favor, with the ring event still to be run off.

Here is where the sensation of the meet occurred when H. G. Shea '24, while doing a cut-off and catch missed one of the rings, and was left swinging by one hand from the other ring. However, he managed to catch the second one on the fly, and continued his exercise. In spite of this failure, he secured third place. Jack McCoy went through the usual process of winning the event by a complete mastery of difficult stunts. Captain Estill of Yale showed very good form and got second place.

Intramural Sports

Holman hall won the inter-dorm game last Thursday evening by defeating Runkle 33-6. This is the second championship that Holman has won this year as it won the bowling championship last week. The team is anxious to meet the winner of the inter fraternity series so that the intramural champion may be determined.

Lambda Chi Alpha beat Kappa Sigma last Friday evening to the tune of 29 to 16.

Varsity Basketball Team Closes Season Against Norwich Tomorrow

Tomorrow evening the basketball team plays its last game of the season when it clashes with the Norwich University five at 8 o'clock on the floor of the New Gym. With a win over Worcester and a defeat handed them by Harvard last week, Capt. Cook's basketballers will make things hum in order to close the season's schedule with a victory. The Vermont five has a reputation of playing mighty fast basketball and a hotly contested game is assured.

The Engineers have been fighting hard for every win in these last weeks of the schedule and have played good consistent basketball. The Worcester contest was one of the best played games seen on the local floor as the Institute passers got their attack off in fast order and were hard to penetrate on the defense. The combination of Mike Miller and Stan Cook has

accounted for practically all the team's goals and once this scoring machinery gets under way the baskets are sure to run up.

The week before both the University of Maine and B. C. lost to Coach West's team, so in the last two weeks Harvard was the only five defeating the Engineers. This gives the cardinal and gray quintet a record of three wins out of the last four contests. It is doubtful if Capt. Cook will be in the starting lineup tomorrow night, but there is a possibility of his being able to play. His absence greatly handicaps the scoring power of the team as he is an accurate shot both from a distance and in the close up shots. His loss accounted for the lack of baskets in the contest with the crimson five.

The largest crowd of the season attended the Harvard game last Saturday and stayed for the dance after. As tomorrow is the last game on the schedule preparations are being made to handle a large turn out.

Cardinal and Gray Passers Beat out Worcester Poly in Overtime

Two Field Goals in Last Half Minute Put Technology in Victor's Seat

In the closest and most hotly contested game yet seen on the floor of the New Gym, Coach West's passers snatched a 27-25 victory from the Worcester Polytech five last Wednesday evening. For keeping the crowd on edge and providing plenty of thrills for the onlookers, the contest surpassed any game played this season.

Although the score was knotted six times during the playing time, the real excitement came during the extra period of play necessary to break the deadlock at 23-23 when with 50 seconds to go, the Worcester forward broke through and caged a basket. It looked if all was over for the Engineers, but Mike Miller made himself the hero of the evening by putting in two of the neatest shots of the game, one right after the other, with only 20 seconds to go.

Captain Stan Cook and Mike Miller were largely responsible for the team's victory, while Cub Hubbard played a wonderful defensive game. Stan didn't get under way until the second period but when he began caging goals, nothing seemed to stop him. He put the ball through the net five times during the last half, at least three of them being perfect distance shots, while the other two were secured by breaking in under the basket.

During the entire game neither team was more than four points ahead of its opponent, the score see-sawing back and forth, as first Capt. Cook's five then the visitors put the ball through the basket. Although the score was close through the contest, it was not until the second half that the teams really got under way, and launched some speedy plays. The first period was an exhibition of fairly fast floor work by both sides, but neither could come anywhere near the basket.

Poly Five Speedy

The Worcester five presented one of the fastest attacks the Engineers have encountered, and their team plays were gotten off in quick order, Berry, their center, in co-operation with the forwards made up a speedy combination but they had a hard time during the early part of the game to locate the basket.

Miller started the scoring at the initial whistle by caging a foul soon followed by one from the visitors. After working the ball up the floor Ed Johnston shot the first goal which was a beauty. Both teams then started a series of attacks but neither were able to get near enough to the basket to score, but Worcester's fast plays were for the most part stopped by Cub Hubbard who was everywhere on the defense. The half ended 9-8 for Worcester.

Cook Gets Started

With the opening of the second half Capt. Cook started in to make his string of baskets, his first one was caged from underneath after he had received the ball from Ed Johnston, a foul by Miller made the count 11-11. Stan soon got his hands on the ball again and dropped in a clean basket, but Worcester was not to be left behind and soon came through with another.

Freshman Basketeers Dropped by Andover

Academy Players Win by 31-14 Score in Prelude to Harvard Game

In the preliminary game Saturday night the Andover basketball five beat the freshmen by the count of 31-14. The prep school outfit exhibited a smoothly working combination that was able to score consistently, every man but one getting some goals from the floor.

Andover also was a fast moving team, and obtained many of its shots by working quick cut in plays under the basket. The Engineer yearlings were forced to depend more upon long shots and both Forrester and Capt. Timmerman pulled some pretty goals from the middle of the floor.

The score the first half was 10-6 Andover, but at the start of the second period, Mumby of Andover ran wild, caging three goals in succession, while in the latter part of this half Timmerman and Forrester shot goals from the floor while near the center circle. Forrester got all Technology's points except Timmerman's one field goal, while Mumby led all scorers by caging six baskets. Forrester's foul shooting was the best yet done by the freshmen, as he threw six fouls out of eight attempts.

TECHNOLOGY '26 ANDOVER Timmerman, rf lf, Billhardt Forrester, lf rf, Mumby Remington, c c, Miller Bianchi, rg lg, Randall Lord, lg rg, Hitchcock, Evans Field Goals—Timmerman, Forrester 3, Billhardt, Mumby 6, Miller 3, Hitchcock, Evans. Foul Goals—Forrester 6, Mumby 7. Time—Two 20 minute halves.

Brown Swimmers Leave Engineers 45 Points Asten

Every First and All But Two Seconds on Bruin's Scoring List

Taking first in all the events and second in all but the fancy diving and the breast stroke, the Brown swimming team defeated Technology, 56½-11½, at the Boston Y tank Saturday evening.

The Brown team led all the way and showed exceptional form throughout the meet. Capt. Davy Jones, the Bruin flash, did not compete in the 100 and the 50-yard dashes but was content to win the back stroke and be anchor man on the relay.

The 50-yard dash was close but Nip Marsh was unable to defeat Staples and Coles, the Brown entries. In the 220-yard dash, Sam Metzger and Almy easily beat out Dave Evans and Brown. Miller, the Technology entry in the fancy diving, showing considerable improvement over his previous performances, was able to secure second place over Bod Adams, Brown tankman, who was tied for third with Keay.

Davy Wins Back Stroke

The 50-yard backstroke was won by Davy Jones and Stiffler, a freshman at Brown, secured second place, being followed by Aze Ames, who was not far behind.

Coles and Staples won the 100-yard dash and had things their own way because Nip Marsh did not compete, Carroll Dunn and Keay being the Technology entries. The plunge was captured by Homer Metzger, who made 71 feet and second place was taken by Hayward, who was able to do 62 feet. Perlman, the Institute entry who had done 63 feet in the Yale meet, was off form and his best distance was 56½ feet.

Breast Stokers Even

The 100-yard breast stroke was the closest event on the program and Capt. Bill Stewart led the Bruins for the first three laps only to be beaten out by a few inches for first place, which was taken by Stiffler. A little amusement was injected into the list of events when Larry Johnson, the referee, during the excitement at the finish of the breast stroke fell into the tank and came out a sorry looking individual soaked from head to foot.

In the relay race the Technology team was even all the way but Davy Jones opened up a lead towards the end of his lap and finished ahead of Keay, the Engineer's anchor.

50 Yard Dash—Won by Staples (B); second, Coles (B); third, Marsh (T). Time 26 4-5 secs. 220 Yard Dash—Won by S. Metzger (B); second, Almy (B); third, Brown (T). Time 3 min. 42 4-5 secs. Fancy Dive—Won by Whitehouse (B); second, Miller (T); third, tie between Adams (B) and Keay (T). 50 Yard Back Stroke—Won by Jones (B); second Stiffler (B); third, Ames (T). Time 33 secs. 100 Yard Dash—Won by Coles (B); second, Staples (B); third, Dunn (T). Time 61 1-5 secs. Plunge—Won by H. Metzger (B), second, Hayward (B); third, Perlman (T). Distance, 71 ft. 100 Yards Breast Stroke—Won by Stiffler (B); second, Stewart (T); third Reynolds (B). Time 1 min. 24 4-5 secs. Relay—Won by Brown (Adams, Polley, Staples, Jones), second Technology (Dunn, Taylor, Evans, Keay). Time 1 min. 48 1-5 secs.
