

## SHOW TAKES EARNED REST DURING EXAMS

### List of Patrons Includes Many Prominent People of Country

## SONGS TO BE BROADCASTED

There has been no rehearsing of the Tech Show since the Jordan Hall showing and there will not be any until tomorrow when exams are over when the grind will begin again and with no studies it will be an excellent opportunity to work it into shape for the trip to the great metropolis. The ballet has even a longer vacation as they will not fit about again until Sunday when they will try out the poses before they take to the trains.

Of the work of the various members of the show little has been said, but the prize for quantity and quality goes to Frank Gage. He has written three of the songs and is taking one of the big parts of the cast at which he is doing very well. Of the rest of the musical numbers, H. G. Ripley, Jr., has written seven and the music for two more. This is quite a record but he is not doing any acting so we will leave the honors with Frank Gage.

### Chorus Has Good Appearance

Of the rest of the cast we will not say much not because they do not deserve it but because there is so much to say that it would take a whole page to do it in. Of the regular members of the cast we will say that Joe Keegan does wonders and Hood Worthington makes an admirably loose Spanish dancer. Donnelly and Fletcher do their parts with such lady-like grace that it is hard to believe your eyes but your ears can't be deceived.

Of the chorus the best that ever can be said is that they are all alike and that is a great compliment, for that has brought many choruses both fame and fortune. The chorus is approaching that quality as a limit and they have a constant variation which all means that they are almost very good but they are near enough alike so that no one or two show up the rest and they all look good to the eye of the uninitiated.

### Ballet in Temple Scene

As for the ballet they have a very good story this year. Some Mexicans are at the old Sun Temple and one of them runs off. The rest steal away and leave her as night comes on. The old people of the temple come back and an old woman tells the future with kernels of gain. They then begin their sacrifice with a fight between the victim and two of the fighters. The victim however kills the two fighters who are thrown over the cliff and the prisoner is released. The old woman tells the priest that the Mexican girl is just inside the temple and so they get her for the sacrifice. She is dressed in sacrificial clothes and is just about to be killed when the god appears and forbids the sacrifice. He dances with her and then kisses her. The end is the same as in all old legends, the kiss of a god means death.

All members of the cast, chorus, ballet, orchestra and management are to make the trip to New York. They will leave the South Station at 9 o'clock on Monday morning and will return on the Owl from New York on Tuesday night.

On Friday night of this week Frank Gage is going to New York and on Saturday evening he will sing songs from the present and the past Tech Shows to be broadcasted on the radio at the American Telephone and Telegraph Company's station in New York. On Tuesday afternoon and evening the Westinghouse Company is going to broadcast the show as it is given in the Waldorf-Astoria.

### Governor Smith of New York Is Patron

The list of Patrons and Patronesses for the New York performance includes the names of many prominent people.

Mrs. Eliphalet Hott Anable, Mr. and Mrs. Samuel Sloan Auchincloss, Mr. and Mrs. Bernard M. Barsuch, Mr. and Mrs. W. R. Bishop, Hon. William Harman Black, Mr. and Mrs. Irving Brokaw, Mr. Thomas D'A. Brophy, Mr. Mathew C. Brush, Mr. and Mrs. Charles Hudson Bull, Mr. and Mrs. James Byrne, Mrs. Robert James Campbell, Mr. Noel Chamberlin, Senator and Mrs. Royal S. Copland, Mr. and Mrs. Heyward Cutting, Mr. Thomas C. Desmond, Mr. and Mrs. Robert Drysdale, Mr. and Mrs. James Dun-

## ADOPT AMENDMENT TO T. C. A. CONSTITUTION

### Cabinet Will Elect Officers in the Future

At the March meeting of the T. C. A. cabinet an amendment to the constitution was adopted which provides for the election of the T. C. A. officers by the cabinet instead of by the undergraduate body as a whole, as was the case in the past. The officers affected are those of president, vice-president, and treasurer.

To change the constitution of the T. C. A. the consent of the Advisory Board to the amendment is necessary, and also either a unanimous vote of the cabinet or a two-thirds vote of the undergraduates. As the first two have been secured, the latter is unnecessary.

The election of the new officers will come March 30. A nomination committee consisting of C. T. Jackson '23, chairman, A. S. Redway '23, and H. O. Tappan '23, was appointed by R. H. Frazier '23. This committee must submit a list of nominations by March 23.

## AMATEURS IN ENGLAND TEST WITH RADIO 1XM

### Radio Society Begins New Plan of Training Operators Next Term

In addition to the transmitting tests which are rapidly proving amateur communication by radio with France practicable, the M. I. T. Radio Society is starting similar tests with amateurs in England.

The schedule, which was arranged at the request of the English amateurs, calls for daylight tests every Sunday from 12 to 1 o'clock. The stations listening for 1XM in England are 2KW and 2GW. 2KW is located at Manchester. The radio society will accept messages for England to be transmitted during these tests. As announced before, they may be telephoned to University 5502-W, or written out and placed in the society's mail box in the main lobby, No. 160.

### To Complete Changes in Vacation

Several improvements are to be installed at 1XM during the vacation, according to present plans of the radio society. The two special cage aerials for transmission on a wave-length of 50 meters, which were completed recently, are to be put up between the station and the Institute power house. The society also expects to permanently erect its new Beverage antenna, which is being installed especially to make possible reception of foreign amateur signals. Besides these

## WILL TELL OF LIFE AND ART IN MEDIEVAL TIMES

### English University Lecturer to Give Series of Eight Lectures

A series of lectures on Art and The Reformation will be given free by the Lowell Institute by G. G. Coulton, M. A., Hon. D. Litt, who is the University Lecturer in English at Cambridge, England. This series of lectures will be given in Huntington Hall, 491 Boylston Street, and start at 8 o'clock in the evening. Tickets should be secured by applying by mail to the Curator of the Lowell Institute, 491 Boylston Street, Boston. A stamped and addressed envelope should be enclosed for each ticket desired.

The first of these lectures comes on Monday, March 26, at 8 o'clock in the evening. Mr. Coulton will lecture on the "Historical Development of Medieval Art. The second lecture will be given on March 28 and is on "The Monk as Artist." The third, March 30, is on "The Lay Artist" and will include a talk on his material existence and social status.

Those occurring during the first two weeks of April are continuations of "The Lay Artist" and his different characteristics. On April 2, "Guild Life" of the lay artist will be the subject of his lecture. On Wednesday, April 4, "The Lay Artist Technique and Scientific Equipment." On Friday, April 6, "The Lay Artist. Artistic Symbolism." On Monday, April 9, "Art and Religion in the Thirteenth Century." The last lecture on Wednesday, April 11, is on "Art and Religion in the Sixteenth Century and Beyond."

## Last Issue of Volume XLII

This is the last issue published by Volume XLII of THE TECH. The first issue of next term will be published by the newly-elected Board of THE TECH VOLUME XLIII, on Wednesday, March 21.

## D. F. ELLIOTT HEADS NEW T. E. N. BOARD

### Annual Elections Put H. R. Clark as Editor-in- Chief

### HAS INCREASED 20 PER CENT

At the annual elections of The Tech Engineering News, the Managing Board and Staff were elected for Volume IV. The new General Manager is

D. F. ELLIOTT '24

D. F. Elliott '24. On the board with him are H. R. Clark '24, as Editor-in-Chief; W. F. Donovan, Jr. '24, as Business Manager; M. P. O'Brien '25, as Personnel Manager; B. E. Groenewold '25, as Advertising Manager; H. G. Donovan '24, as Circulation Manager; W. F. Burbank '25, as Managing Editor.

Elliott, who is succeeding F. G. Harmon '23, as General Manager, has been Managing Editor for the past year and active on T. E. N. since he entered Technology in the fall of 1920. He is a member of Pi Delta Epsilon and the Colonels, and is a Course VI man. He was on the Point System Committee and in his Freshman year was Assistant Swimming Manager. His home is New Orleans, La., and before coming to Technology he prepared at Woodberry Forrest School, Virginia, where he was Business Manager of the yearbook.

### Donovan Is Business Manager

W. F. Donovan, Jr. has been Advertising Manager during the past year. His home is Toledo, Ohio. He is a graduate of Georgetown University and transferred to Technology from Case School of Applied Science. Last month he was a delegate to the national convention of the Engineering College Magazines Associated at Urbana, Illinois, where with F. G. Harmon, he represented T. E. N. He is a Course II man and member of Pi Delta Epsilon.

Clark was on the Editorials Division and has been active on T. E. N. for over a year. He is a member of The Tech Literary Supplement Committee and played on the Tech Show Orchestra for two years. He is a Course VI man from New York city.

O'Brien has been on the staff of T. E. N. for over a year. He is a resident of Arizona and came to Technology from Holy Cross College. He is a Course I man, was on the editorial staff of the T. C. A. Handbook, 1922, and Assistant Editor of Voo Doo during the past year.

H. G. Donovan, who assumes the duties of Circulation Manager, is a Course XIV man. He prepared at Concord, N. H., High School. Since coming to Technology, he has been Assistant Manager of Freshman Crew and a member of the Chemical Society and Technique Electoral Committee, 1924. He was Assistant Circulation Manager during the past year.

## HOLD NOONDAY LENTEN MEETINGS AT KEITH'S

### "The Citizen" Is General Topic of Addresses

A series of Lenten Noonday meetings is being given under the auspices of the Greater Boston Federation of Churches and Religious Organizations at B. F. Keith's Theatre on Tremont street from 12:15 to 12:55 o'clock every day except Saturday and Sunday from February 26 to March 30. "The Citizen" is the general subject of the addresses, which are made by the "best thinkers and pulpit orators" of Boston.

News of these lectures was obtained through the Church Relations Department of the T. C. A. of which A. W. Rhodes '24, is chairman. Cards containing the schedule of the lectures are being distributed to the fraternities and to the men in the dormitories. "Ideals in Industry" is the subject for next week, and should appeal to Institute students.

## GENERAL BULLETINS DISTRIBUTED TODAY

### Third Term Classes Will Begin on March 22 — Mail Reports Monday

The General Bulletins for the third term are ready for distribution today in the Information Office. In order to avoid the five dollar fine imposed upon delinquents for late registration, the term's tuition must have been paid before next Tuesday afternoon when the Cashier's Office closes at 2 o'clock. In event of being unable to meet the payment on time, students should see the Bursar or Assistant Bursar before the closing time.

Next Wednesday is to be Registration Day and each student must call for his approved registration card before 3:30 o'clock that afternoon and at the same time secure a Student Address Card from his registration officer. With this approved card the student should go to the Cashier's office before 4 o'clock and obtain the booklet containing class and roll cards which are necessary for admission to classes.

The results of the examinations being held this week will be mailed out on next Monday, March 19. The regular classes of the third term will begin at 9 o'clock on Thursday morning, March 22.

## MEN LEAVE FRIDAY FOR Y. M. C. A. CONFERENCE

### East Northfield Meeting Place of University Students of New England

So far only three men have expressed their intentions of attending the conference on the Christian Way of Life to be held under the auspices of the student Y. M. C. A. New England Field Council, but several others are considering the trip and may decide to make it. The conference will be held in East Northfield, Mass., and will last from March 16 to 18.

The three who have definitely decided to go are R. H. Frazier '23, H. F. Stose G. and W. M. Ross, General Secretary of the T. C. A. Nearly all the colleges of New England will be represented at the conference, at which the total attendance is expected to be about 100. Any student of Technology may go, and all who wish to do so should leave their names in the T. C. A. office.

### Expenses Will Be Small

The delegation from Boston will leave North Station at 9:30 o'clock Friday morning, arriving at East Northfield about 5 o'clock that afternoon. The conference will begin with a meeting after supper that evening and will continue through until Sunday. The men will leave after dinner Sunday and are scheduled to arrive back in Boston at 9:05 o'clock that night.

Total expenses for the trip will be either \$14.80 or \$15.80, depending upon whether the registration fee, which is to cover the cost of the conference, is \$1 or \$2. The round trip railroad fare will be \$7.50, and \$6 will be charged for room and meals for the two days. The Executive Committee of the T. C. A. has voted to pay half the expenses of any who desire to make the trip but who cannot afford it.

## N.E.I.S.A MEET DRAWS FIVE TEAM ENTRIES

### N. E. College Swimmers Clash in Boston "Y" Tank Saturday Night

### BROWN LIKELY TO WIN

Five New England colleges have entered teams in the swimming intercollegiate to be held on Friday afternoon and Saturday night in the Boston Y. M. C. A. pool. The preliminaries will be raced at 4 o'clock Friday and the experts who survive will clash at 8 o'clock Saturday night. Brown, Dartmouth, Wesleyan, Amherst and Technology will take part in the annual classic. The Bruin natators have an edge on first place, though they will be hard pushed by Dartmouth and Wesleyan.

In the 50 yard dash, the opening event of the title races, Brown has entered its star, Davy Jones, and by virtue of that fact has a decided edge on the five points. Davy has not been beaten in regular team meets this winter, and should have little trouble coming through on top. T. K. Seiberling, of Wesleyan, may be the runner up.

Davy will probably perform for Bruin in the century as well, and if he goes according to former performances seems set for another championship. If Seiberling slips up in the 50 he will have another chance to catch the Providence flash in this event.

The Brown coach has entered Jones in the 50 yard back stroke, but it is doubtful if he will perform in this race as well as the two dashes. On times made during this season Davy has a good part of a second over the other back strokers, but he can hardly travel at his highest clip in all three events if he decides to try it. One of Technology's best chances to score will be in the 100 yard breast stroke, in which both Captain Bill Stewart and Jerry Nauman are proficient. Bill has been beaten several times this year, but never by more than a foot. J. M. Steffler, of Brown, has done the trip in 1:21, which is very speedy.

The furlong looks like a scrap between Metzger, of Brown, and the Dartmouth representatives headed by Bob Eiche.

Brown, Wesleyan, and Dartmouth are the only teams who will take plungers to the meet. There will be no preliminaries for the tubby athletes, all their work being done before the crowd on Saturday night.

Four of the relay teams will be selected according to times on Friday afternoon and will churn the water in the windup of the finals. Technology is picked to land easily within the qualifying four, and may have a chance to take second place in Saturday evening's battle.

### N. E. I. S. A. Entries 50 Yard Dash

Brown—R. P. Adams '23 (25-3), Mark Coles '26 (24-4), D. L. Jones '24 (24-3), C. H. Polley '26 (26-3), C. L. Staples '24 (26), J. M. Stiffler '26 (26).

Amherst—None.  
Wesleyan—T. K. Seiberling '23 (19-2 for 40), G. R. Thomas '24, H. A. Howard '26 (19-3 for 40).

Dartmouth—H. F. Taylor '23, W. L. Kilde '24, G. E. Alzar '26, J. E. Dempsey '26, C. A. Bolles '25, S. E. Ellis '24.  
Technology—C. L. Dunn '24, E. S. Taylor '24, L. P. Marsh '24, E. C. Palmer '23, David Evans, Jr. '24.

### 50 Yard Back Stroke

Brown—D. L. Jones '24 (32), C. L. Staples '24 (34), J. M. Steffler '23 (32-2).

Amherst—A. L. Warner '24 (33-1), C. F. Stimson, Jr. '23 (33-1).  
Wesleyan—J. A. Bliss '25, R. G. Saxe '23.

Dartmouth—G. E. Alzer '26, D. L. Drummond '26, R. E. McDonald '26.

Technology—None.

### 100 Yard Swim

Brown—D. L. Jones '24 (54-4), Monk Cole '26 (57), C. L. Staples '24 (59).

Amherst—None.  
Wesleyan—T. K. Seiberling '23, H. A. Howard '26, G. R. Thomas '24.  
Dartmouth—H. F. Taylor '23, R. E. Eiche '25.  
Technology—None.
