DEAN H. P. TALBOT LEAVES TODAY ON LONG VACATION

Will Spend Summer on Pacific Coast—Is First Take Rent in 36 Years

EXPECTS TO VISIT MANY UNIVERSITIES ON TRIP

Assistant Dean H. E. Lobdell Is in Charge of Office

Today Dean H. P. Talbot '91, and his wife are leaving for an extensive trip to Europe and the Orient. At the end of the month he will be in charge of Dean E. Lobdell '17, who will travel in his place. Professor Talbot plans to go through Europe under Dr. Talbot's leave of absence until the end of next term. The Dean expects to return in a month.

Will Meet Student Leaders and Representatives of Math.

Professor Talbot will meet several men who will represent the students of that college. The Social Science Department, of which Dr. Talbot is the president, includes the Institute of Arts and Sciences, the Science Department, the Department of Chemical Laboratories at the College of Chemistry, and the Department of History and Politics. The latter department includes the College of Arts and Sciences.

Many of the students who will be present at the meeting will be from other institutions and possibly to get some helpful information from them. The Dean hopes that some of the students may obtain a new view of the world, and may eventually become a new student in the Boston College.

REGISTRATION DROPS TO 2940 STUDENTS

Is 164 Less Than Last Term—$100 Collected in Fines

According to figures announced by the Registrar's office, the number of students now attending is 164 less than last fall. It is believed that the Registrar's office will do a larger business this year than last year. It is also expected that the number of students will continue to decrease.

Some Performer Has Traveled on Transmission Wires and CROSSED THE DECOS

Dormitory Senior Rupple's Six Story Walk in Human Fly Style

A dormitory Senior, who is currently studying in electrical engineering, has recently returned from a trip on the transmission wires. He claims that he was able to travel for several miles without the aid of any means of transportation.

Plan to Take Juniors Into Course X Honor Fold This Afternoon

Instructors and Students Favor Idea, Report Present System a Success

At the Combined Professional Societies' meeting in Walker Memorial last evening, Mr. Brown '16, president of the Junior Prom committee, declared that the orders of the day would be as follows: "Doing Our Work Here and What We Want from Home and Webster." The Junior Prom committee is expected to have a large number of speakers at the meeting.

ARMY NEPHOTYES PUNCHED FOR FIRST TIME

First Dose in Series of Three Rebuffs Army—Why It Was Done by Doctors

"Why, George, why are you so afraid of pneumonia?" asked the old man, as he went to his room one evening. His daughter, Mary, remarked, "I don't know, but I think he's afraid of something that happened to him a few years ago." The old man replied, "Yes, I remember. I was in the army, and I was afraid of the army."

ACTIVITY HEADS CONFER ON PLAN TO REBUILD GYM

To Replace Top Floor of Walker by Two Stories of Lounges and Dormitories

A. A. OFFICIAL REGARDS SCENE UNWARRANTED

P. G. Harnan Opens Discussion of Institute Committee

Meeting

The adviser of converting the Walker gymnasium into two stories of dormitories and student lounge rooms was under consideration by an institute committee, and was presented to the committee by Mr. Harnan, the adviser of the student lounge. The adviser of the student lounge, who was present, declared that the proposal was not feasible, and that the institute committee was not acquainted with the facts.

J. M. BREWER TELLS "ART OF STUDYING"

"The Psychology of Study" is Subject of Lecture

How to Study

1—Have a plan.
2—Study important facts and ideas.
3—Keep your object directly before you.
4—Review the points that you have learned, and do not forget the old lessons.
5—Remember that knowledge is not to be built in the mind. There is no way of transferring it from books or looking.
