Worth While Work for Qualified Men

Senior and graduate students from all engineering courses are invited to confer with representatives of the Bell Telephone system, who will be at Technology on Wednesday, April 4th.

Opportunities will be presented in research and technical development, construction, engineering, supervision of telephone operations, accounts and finance, manufacturing, installation, sales and distribution.

The positions open for qualified men offer a wide choice of work and location in the nation-wide Bell System, which is composed of the American Telephone and Telegraph Company, 17 Associated Operating Companies and the Western Electric Company.
