We Want A Man
to act as our representative at
Tech. He must be live, ener-
getic and anxious to earn
money. His work will be to
interest his fellow students in
our smoking tobaccos and cig-
arettes, so personality and wide
acquaintanceship are essential
qualities. The recognized merit
of our products makes results
certain for the right man. Write
us about your qualifications,
stating age, class and why you
want the position. Our sales
proposal is liberal.

Juniors Defeat Sophs
(Continued from Page 1)

son hit an infield grounder that put
Lankton on second and Michelena on
third. Michelena tried to steal home
but was caught at the plate.

Balcom led off for the Sophs but
was struck out by Canfield. Terrell
got a pretty three bagger over third.
Bill Brown hit a lily to Bates and
Dave Peene was hit by Canfield and
took his base. It looked as though
the Sophs were going to get some
runs but Terrell was caught off third
and there was no scoring.

Eager Scores Soph's Run
Robinson led off for the Juniors in
the second inning but was struck out
by Wheeler. Pfland and Canfield fled
out. Lumb was leadoff man in the
second for the '25 team and he struck
out. Eager was passed and stole sec-
ond. Fuller hit to center field and
made two bases when Robinson and
Robertson bumped in the field, going
after the ball. Robinson came out of
the collision with a sore wrist that
will be slow to heal. Fuller's hit was
good enough to bring in Eager with
the Soph's one and only run. For the
third out Wheeler hit to Bates.

Bates Hits Safely Again
In the third inning Earl Bates came
through with another hit to start with
but Michelena and Walterskirchen
fled out. Neither team did much in
the fourth inning and they were put
out with good fielding on both sides.
In the fifth the Juniors started a rally
with two out and Canfield on second.
Bates hit a liner over second and
brought Canfield in for the Junior's
last run. In the sixth the Sophs got
going after two were out.

Terrell hit over third and Bill
Brown made first through an error by
Canfield and he was advanced when
Fuller was hit by Sanfield. This was
the best chance that the sophs had
to even the score, but Canfield was
steady and struck out Lumb.

In the last inning neither team
could increase their number of runs
and the final score was 3-1 with the
Juniors in the lead. The game was a
good one considering the coldness of
the day. The weather interfered with
the pitchers and they did very good
work under the conditions. Bill Cook's
finger opened up when he started to
pitch but some adhesive tape held the
cut closed and he pitched a good
game. With a little more batting prac-
tice both teams should look a lot
better than they did Wednesday.

The Sophs next game is on Tues-
day when they meet the frosh for the
Junior Week attraction. The frosh
have been working hard at their prac-
tice sessions and they should trot out
a good team next Tuesday. The sum-
mary of Wednesday's game:

JUNIORS									
	ab	r	h	po	a	e			
Manning 2b	4	1	1	1	2	0			
Bates ss	3	1	3	2	2	0			
Michelena c	3	0	0	11	0	0

Two base hits—Bates 2, Manning, Ter-
rell. Three base hit—Terrell. Struck out
—by Canfield 11, by Wheeler 7, by Cook 2.
Umpire—Lemler and Massey.
*Batted for Fuller in the ninth.
xBatted for Cook in the ninth.

TRACK SQUAD HAS MEETS TOMORROW

Second Inter-Team Meets Held between Picked Teams This Saturday

The second inter-team meet of the season will be held tomorrow afternoon when the members of both the varsity and frosh squads will be divided into two teams each and go through the regular events on the program. These inter-team meets are turning out to be a great thing for the men on the track squads and Coach Kanaly was greatly pleased with the results of the one held last Saturday.

The track has been the scene of great activity all this week, with a gang of workmen on it every day and it is rapidly approaching perfection as far as repairs make such an approach possible. New boards have been put in all around the oval and the surface is in fine condition once more. The team will find the going good tomorrow and some good times ought to be turned in.

Team Split Again

With Captain Art Smith and Howard Dexter leading the two varsity teams, each team will be sure of one man who will lead the field in his event. The squad has enough material, however, to provide two well balanced teams and the races that result ought to prove well worth watching. There are many events that are drawing out a large number of competitors and the fights that are bound to result in settling who is the best man in these are going to provide a thrill or two.

The men who are doing regular work will have their chance to do something for their respective classes next Friday when the interclass games are run off. The big meets of the season start right after the Interclass games and the whole squad is rounding into top form and by the time the first meet outside the Institute comes round, there is going to be a team ready to put up a mighty good scrap with anyone.

Maine First Outsider

The dual meets start the week after the Interclass games with the tilt with the University of Maine at Orono. This meet is only two weeks off and the men who represent the Institute in it will be picked from the best of the performers in the two races before the team leaves for the Pine Tree state.

The idea of inter-team meets has met with much approval from the track men and the system has been a great help both to the men and to the coach. When the time comes for competition in the regular meets, every man will be used to working with someone opposing him and will benefit greatly thereby. The meets are also drawing out the biggest turnout of men in Institute history and are proving that they are well worth holding.

CREWS WILL HAVE NEW MOTOR BOAT

Coaching Launch Will Be Put in Use As Soon As It Arrives Here

Rumors heard early this year to the effect that there was to be another coaching launch available for the use of the crews seem not unfounded, for the Advisory Council on Athletics has approved the expenditure of a sufficient sum. Furthermore, the money has been advanced by Bursar Ford, and will be used immediately.

Coach Dellenbaugh has been looking out for suitable craft for some time and now has a line on a 22-footer which looks pretty good. It is to be put into the water at Quincy this week. According to its reported condition the boat should be ready for service right away and is expected on the Charles the first of next week.

Second Varsity Takes Swim

It is still rather early in the year for a daily swim but that doesn't seem to be a drawback to the ambitious second varsity. Without waiting for the finish of their practice run Wednesday, they found their opportunity, or rather had it thrust upon them, when the boat filled and left them awash. The place chosen was fortunate for the Union Boat afforded warm refuge nearby.

The varsity didn't seem to think so much of the stunt, however, for their part in it was emptying the foundered craft, after it had been rescued from the waves by the coaches in the "Wolf." Their own shell fared better, though it had to be taken out and dumped before the return trip could be made.

The first time trials came off yesterday under none too favorable conditions. Starting on the Boston shore course, the varsity and the first and second 150 pounders set off with the wind making quite a chop.

Seniors Play Frosh

The second game of the Interclass league is to be staged tomorrow afternoon at 2:30 when the Seniors cross bats with the frosh. Both teams have put in some hard practice sessions this week and are both well along for so early in the season. The Seniors have collected quite a stellar aggregation of ball-tossers and are out to cop the top honors in the Institute games. The frosh, however, have come along fast in the last two or three days with their new coach and will have quite a respectable organization to put on the field. The Seniors are out to get off on the right foot as their upper class rivals did and the frosh will tackle a tough job when they strike Walt Metcalf's outfit. This being the first year that the two classes have been represented by teams, the contest ought to be a good one and will probably result in a very close game.

It seems that the shelter of the Boston shore has a great influence on the rowing of the 150 pounders. Just line the rails and the form on both sides is perfect.

Wanted, a swimming coach for the second varsity.
