Is on Saturday, May 5, from 8-12 o'clock, in the main hall of Walker. It is informal. Tickets will be on sale later or may be obtained now from any of the class officers.

VOO DOO EDITORS FOR VOLUME SIX NAMED

(Continued from Page 1)

Epsilon. During the past year under Rowe, the solicitation of advertising has been put on a strictly systematic basis.

Rowe is going to attend the Intercollegiate Conference at the University of Pennsylvania in the interest of promoting an association of comic publications which shall solicit and syndicate national advertising to its members. A similar organization, the Engineering Colleges Magazine Association, now exists among engineering publications.

Billman Business Manager

Billman, the new Business Manager, transferred to Technology from Denison University, in Ohio, where he was quite active in publication work. Morse, the Literary Editor, has served on the paper for three years. He is a member of Woopgaroo. The Art Editor, Kane, is holding that post for the second time. He has done all the covers this year, and is a member of Woopgaroo and Pi Delta Epsilon.

Riegel is the new Advertising Manager, and has attained to this position after being in the competition for two years. The Circulation Manager Bartow has also been out for the publication for two years. Westman, a Rogers student, was elected to the position of Publicity Manager during the past volume and has been re-elected for Volume VI.

Other elections include A. R. Belyea '23, W. T. Cook '24, and Henry Sachs '25, Associate Editors; J. B. Goldberg '26, A. E. Ulman '24, B. P. Lambert '26, W. W. Robinson '26, Assistant Editors; Blaylock Atherton '23, Harold Bishko '25, B. R. Freudenthal '25, N. L. Olken '24, W. T. Brown, Jr. '25, J. M. Mayoral '24, F. S. White '26, E. E. Talbot '26, Business Associates.

Show Fighter Sick

One of the fighters in the Tech Show ballet, B. P. Young '26, is sick with pneumonia and will not be able to appear in this week's performances. H. F. Whitaker '24, a member of the chorus has been selected to take his place.

T. C. A. OFFICES

On account of the official holiday Thursday, the T. C. A. offices will be closed but will be open Friday and Saturday as usual.

CIVIL ENGINEERING

Society will hold a smoker on Thursday, April 26, at 7:45 o'clock in the north hall of Walker.

TRACK MEET TICKETS

Tickets for the Interclass Meet will be on sale in the main lobby today from 12-2. Tickets will be \$1 for reserved seats, with half price for holders of student tax cards, who will also be admitted free to the unreserved section.

FRATERNITY RELAYS

Entries for the interfraternity relay races for April 20 may be made with Manager, George Swartz '24, at the M. I. T. A. A. office. A cup will be presented to the winner.

TECH SHOW REHEARSALS

Thursday: Cast, chorus and orchestra ballet, at 9 and 10 o'clock, at the Boston Opera House.

STUDENTS WILL GO IN TECHNIQUE BATTLE

(Continued from Page 1)

cannon contributed by the Department of Military Science.

Representatives of four moving picture concerns will be on the job to shoot the fracas. These pictures will be shown in all Boston theatres and will be sent all over the world incorporated in the travel pictures of the various companies.

Overcoats in Demand

It will be a disheveled and ragged mob which the movies will show straggling over to Walker after the rush for the distribution of Techniques. In previous years many frantic appeals have been sent around the Institute for blankets wherewith to cover the unfortunate participants who have been stripped bare in the furious encounter.

The Techniques will have to be distributed over the checkroom counter in the basement of Walker this year, rather than in the main lobby, because the Institute is going to be closed up on account of the holiday. Men who haven't redeemed their sign-ups will have to wait until Monday to get their copies.

Will Announce Board

Next year's Technique board, elected under the new dispensation, will be announced for the first time at the

rush.

The Corporation Tea Dance, to which all student are invited, will be getting under way up in main hall, Walker, while the Techniques are being given out in the basement. This will be about 3:30 o'clock tomorrow afternoon.

The young lady up from the old home town will have a busy time of it Thursday, if her trusty swain takes her to the Tea Dance, for surely they aren't going to miss the Spring Concert and Dance of the Musical Clubs in the evening. The concert will begin at the early hour of 8:15 o'clock and the dancing will not be done until 2 o'clock.

Tech Show will be rigged up in its best bib and tucker Friday afternoon for the student body. There will be performances Thursday and Friday evenings as well but this matinee is especially for the undergraduates. The stage department of the Show is not counting on much sleep Friday night for all the sets and accessories must be loaded up on the Show's special train which will take the whole work up to Northampton for the Smith performances Saturday.

The crowning event of the week will be the Prom Friday night. Tickets have been long since exhausted and are now at a premium. The dancing will continue until 4 o'clock and the returning merry-makers will be able to read the morning papers and

then settle down for a long sleep, because there are no official activities at all planned for Saturday, which this time threatens to replace the Sabbath as the day of rest.

SWARTZ ELECTED

(Continued from Page 1)

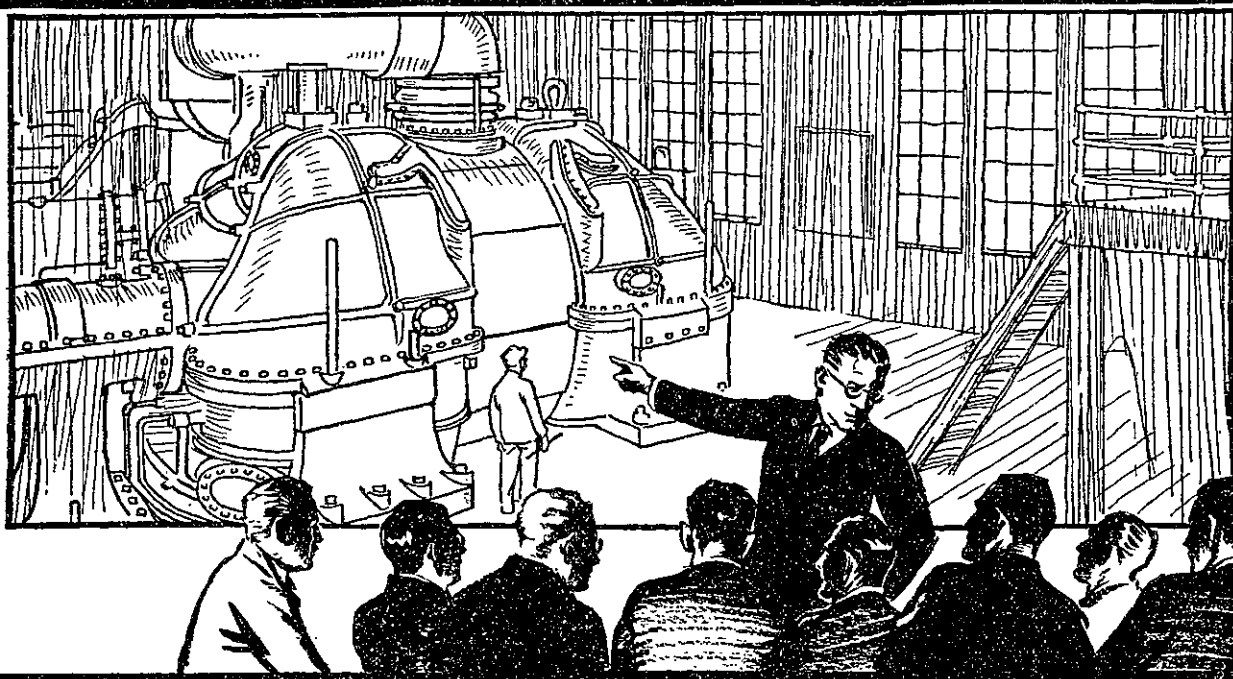

Day 1922, cross country 1922, and track 1923. He is also serving on the executive committee of the I. C. A. A. A. and the N. E. I. A. A., and is widely known in track circles for his managerial ability.

In addition to the election of officers, other business taken up at the meeting included the awarding of a bar T to H. H. Kurzman '23, in recognition of his work in establishing and supporting soccer football as a varsity sport. The award of hTt to B. J. Fletcher '24, manager of hockey, was also voted favorably. Numeral awards for freshman hockey were made to Deignan, Randall, Locke, Zubrinsky, Johnson, Rickerson, Waterman, and Weisner, for the past season.

FORM COMMITTEE

(Continued from Page 1)

ization is formally independent of the Institute Committee. It is expected that as soon as it shall demonstrate its worth, it shall be embodied in the latter organization as a permanent sub-committee.

The University of Engineering

Of all the things that go to make the successful engineer, none is more important, nor more in step with the spirit of the profession, than a studious attitude. One man says about another—"he is always willing to learn," "he doesn't think he knows it all"—and he intends to pay a high compliment when he says it.

The great engineers are always at school, always learning, always seeking for more knowledge. They begin with this desire for fuller understanding, and they keep it up to the end.

Any engineering operation, over and above the primary purpose for which it is carried out, is an active and post-graduate class in engineering, also. So that Westinghouse, or any other great business,

is, of its very nature, a University where theory and practice combine to make bigger, broader and more practical engineers.

The courses in this University are not limited to prescribed subjects nor terms—the subjects are almost infinite, and the semesters are endless. Men with the weight of years on their shoulders work and learn side-by-side with those whose day has just dawned.

This post-graduate school fits men for almost anything. Fits them for it, and makes them continually fitter. Out of this continuing fitness have grown the engineering accomplishments on which this institution has grown. It is, perhaps, one of the great educational institutions of its day.

Westinghouse

ACHIEVEMENT & OPPORTUNITY
