CUPS ARE AWARDED

The activities of the Boy's Work departments of the Technical Institute were terminated by a banquet held at the Y. M. C. A. Auditorium, to which were invited Messrs. H. C. Converse, W. W. Etris, W. F. Hearn, R. E. Sturrock, H. E. Stack, T. B. H. Whipple, W. W. H. Brown, and the President, Dr. S. A. Stratton. The banquet was an excellent one, and the fare was enjoyed by all who were present. The President of the Institute, Mr. Converse, was the principal speaker, and his address was most interesting. The banquet was a great success, and the cups were awarded to the winners of the various contests.

MEN STUDY ABROAD

Four American students will go to Sweden next year, through the efforts of the American-Scandinavian Foundation. Among those who have been selected is Park, who will study at the Technical University of Stockholm, and who has been awarded a fellowship for his studies. Another of the eight officials, who has been selected, is the President of the Institute, Dr. S. A. Stratton. The students will be provided with stipends of $1000, and will study at the various technical universities in Sweden. The American-Scandinavian Foundation is a long-established organization, and has been very successful in its work of promoting the study of science and art in Sweden. The students will be provided with all the facilities necessary for their studies, and will be given every opportunity to make the most of their opportunities.

PLOPSTudiosDare

The first copies of the Technique, together with the twentieth, are free. All other copies are autographed by the first author of the Technique. One of the subscribers to the Technique is Dr. S. A. Stratton, President of the Institute. The book is beautifully printed, and is a great credit to the institute. It is a real treat to receive the Technique, and it is a great pleasure to be associated with such a great institution.

TECHNIQUE PADDLE WINNERS

Two numbers, six, and nine, and Franece T. HazeIi, 23, of Springfield, Mo.; and, one, of whom is Park, to Sweden next year, through the efforts of the American-Scandinavian Foundation. Among those who have been selected is Park, who will study at the Technical University of Stockholm, and who has been awarded a fellowship for his studies.
