CLASS ELECTIONS
TO COME TUESDAY
(Continued from Page 1)

The Executive Committee of the class consists of all class officers and is empowered to appoint such committees as it deems necessary, and to fill all vacancies occurring within itself. The class president and the two members at large of the committee are also members of the Inter-class Executive Committee, which was organized during the past winter. Duties of the other officers are those usually assigned to such.

Many of the men who are class officials, or who hold positions on the student governing committees, expect to be candidates for a similar position for next year. In the class of 1924, D. W. Murdock is out again for the Institute Committee; F. G. Hamner, now on the Executive Committee, is running for treasurer; L. P. Marsh, vice-president, for presidency; D. H. Kock, treasurer, E. H. Bates, president, and J. D. Pritch, secretary, are not out for office.

In the class of 1925, Shedd Vandenberg, vice-president, is a presidential prospect; K. T. Bainbridge, now class secretary, is running for treasurer, as is C. R. Mabley who at present holds that office; W. A. Cook, now of the Executive Committee, for Institute Committee; E. W. Southworth, Jr., for his present position again on the Executive Committee; D. R. Campbell, of the Institute Committee, for treasurer; E. W. Southworth is after his present position on the Institute Committee next year; and G. L. Bateman, of the Institute Committee, is a candidate for president.

For the class of 1926, Ernie Dupont, vice-president, for the Institute Committee; R. W. Head, class treasurer, for the Institute Committee; K. S. Lord, of the Executive Committee, for vice-president; C. A. Bianchi, is out again for Institute Committee; and K. G. Gove of the Institute Committee, is running for the vice-presidency of the class.

NOMINATIONS FOR RADIO SOCIETY DUE THIS WEEK

Nominations for next year's officers of the M. I. T. Radio Society should be handed in before noon Saturday, May 5. The nominations, each of which must be signed by ten men and the nominee, should be left in Box 160 in the post-office in the main lobby.

Four officers are to be elected; a president, vice-president, secretary, and treasurer. Other officials of the society for the coming year will be appointed by the new officers. The elections will be held Wednesday, May 9. The place has not been announced yet.

Broadcast Debate by Radio Tonight

For the second time in history a collegiate debate will be broadcasted, when the Princeton and Yale debating teams discuss tonight the question, "Resolved, that the foreign policy of the present administration deserves the approval of the American people." The first college debate that was ever sent out by radio was broadcasted three weeks ago when two small southern universities met each other in a test of oratory. The success of the scheme was apparent by the numerous requests for a repetition. Tonight's controversy will be judged in a novel manner, for all the hearers are requested to send in their decisions by telegram. This decision coming from all over the country will be final.

With the Speakers' Club at Technology about to launch a debating team, we might expect to listen in on our own orators via radio in the near future.

Notices and Announcements

OFFICIAL

The United States Civil Service Commission has requested that we cooperate with them in bringing to the attention of graduating students the opportunities offered in the United States Civil Service. We maintain a file in Room 3-210, of announcements of examinations and as many of the positions are technical in nature and could be filled to advantage by Technology men, it is suggested that any students who would be interested in spending a few years, or possibly their career, in the government service, can obtain information and application blanks at our office, Room 3-210.

SCHOLARSHIP COMPETITION

Two scholarships of \$300 each are offered for special students in Course IV. Competition open to Americans between 21 and 28 who have had two years of office experience. Will be held June 30 to July 10. Applications should be made to Professor William Emerson, 491 Boylston Street, before May 15.

SUMMER POSITIONS

The Arnold School in Pittsburgh offers opportunity to able men during September as instructors. Two men will be chosen to fill the following positions: one, as instructor in Manual Training and Elementary Mathematics and athletic coach; the other as instructor in History, and miscellaneous Junior High School subjects and as leader in some form of extra-scholastic activity. These positions pay from \$1700-\$1800.

UNDERGRADUATE

SPEAKERS CLUB

Debate with B. U. next Wednesday in Jacob Sleeper Hall, 638 Huntington Avenue, at 8.

TECHNIQUE COMPETITIONS

For both editorial and business departments for freshmen will open next Wednesday. Candidates report to Technique office, room 398, Walker Memorial, at 5 on that day.

FRESHMAN TENNIS

All first run matches in the tournament must be played off before the end of week or they will be defaulted. First team match is with Harvard 1926 on Wednesday, May 2. Lists are posted on bulletin board in main lobby.

COLLEGE CONFERENCE

(Continued from Page 1)

Technology were unique in being managed practically completely by undergraduates. None of the other schools represented could boast of such freedom from faculty interference.

Many of the delegates commented upon the business-like manner in which the convention got down to work, without wasting any time in useless eloquence. Today also there will be separate meetings of the groups into which the conference is divided—publications, student government, athletics, and musical clubs. General meetings of the entire 80 delegates will follow tomorrow.

The second Biennial Intercollegiate Conference on Undergraduate Activities is now being held at the University of Pennsylvania. The conference calls together eighty representatives from thirty colleges and universities of the country. The discussion will center about four distinct divisions of undergraduate activity, namely: Student Government, Athletics, Publications, and Musical Clubs, Dramatics and Debating.

An Executive Committee has been chosen consisting of David F. Cavers of the University of Pennsylvania, General Chairman, Alfred S. Dashiell of Princeton, in charge of the discussion on Student Government, Edgar L. Kaw of Cornell in charge of Athletics, George F. Nesbitt, Jr., of M. I. T., in charge of Publications and Elary S. Husted of Yale in charge of Musical Clubs, Dramatics and Debating. The discussion will be conducted by the four chairmen from a summary of questionnaires submitted by the various colleges to be represented at the Conference.

First Conference Here

The first Intercollegiate Conference was held here at the Institute two years ago. At the suggestion of Dean Burton the alumni took up the subject of a conference of delegates from the eastern colleges to discuss student activities. In the fall of 1920 the Institute Committee took up work on the plan and in December of that year there was a meeting in New York of men from the large eastern colleges and there they made plans for a conference at the Institute in the spring.

The conference took place on Fri-

day and Saturday, April 15 and 16, 1921, and was such a success that it was decided to hold another similar gathering two years hence at University of Pennsylvania. The delegates were entertained here by a dance and banquet that were arranged by the committee.

Men See "Here's Howe"

The program of the second conference began on Thursday, April 26. The morning was occupied with registration of delegates and there were conferences in the afternoon and evening. This morning will be given over to conferences, followed by luncheon at the various Fraternity houses on the campus.

This afternoon the delegates will attend the opening day of the Pennsylvania Relay Carnival, and after dinner the representatives will again be entertained at the special performance of "Here's Howe" the 1923 production of the Mask and Wig Club of the University. The program for the closing day of the Conference will consist of a General Conference in the morning followed by a Luncheon for all delegates. The delegates will again attend the Relay Carnival on Saturday afternoon.

Thirty Send Delegates

The thirty colleges and universities to be represented at the Conference are as follows: Amherst College, Bowdoin College, Brown University, Carnegie Institute of Technology, Columbia University, Cornell University, Harvard University, Haverford College, Johns Hopkins University, Lafayette College, Lehigh University, New York University, Ohio State College, Pennsylvania State College, Princeton University, Rutgers College, Swarthmore College, Toronto University, University of Chicago, University of Maine, University of Pennsylvania, University of Pittsburgh, University of Vermont, University of Wisconsin, Washington and Lee College, Wesleyan College, West Virginia University, Yale University.

Married Thrown Out

Chancellor Charles Wesley Flint of Syracuse University has placed an official ban on student marriages.

"Marriages of any student enrolled in Syracuse University henceforth will be accepted as withdrawal from the university," said a statement issued by the chancellor to the student body. "Marriage will automatically cancel a student's enrollment and all of his or her connections with the university."

The ban was issued, the chancellor said, "in keeping with similar moves taken by other leading universities."

At a meeting of the deans of the various colleges of the university, the general opinion was that student marriages are disrupting to academic enterprise and achievement, that students need a stern regulation to make them appreciate the seriousness of marriage and that a firm and fast rule against undergraduate matrimony is the only solution.

Scholarship and matrimony do not mix in the case of undergraduates, according to Vice Chancellor William P. Graham.

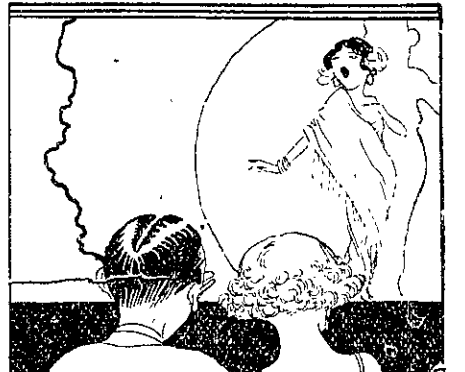

POLICE APPROVE IDEA OF BONFIRE FOR TECH NIGHT

Boston Police, that is those of Station 16, think that the proposed parade and bon-fire next Tech Night will be a good thing. The captain of Station 16 said: "It will greatly simplify matters for us as last year's affair was due to there being too much booch in the party." He thinks there will be no difficulty in getting the necessary permit even if a band is to march in the line.

The Cambridge Fire Department also thinks the plan a good idea and doesn't think that there will be any trouble in securing a permit for the big bon-fire if it is gone about in the right manner.

VOO DOO

will buy 25 copies of the Architects' Number, May, 1922. Vol. V. No. 1, at 25c per copy. These copies must be turned in at the Voo Doo office and will be paid for upon their receipt. Voo Doo will only accept undamaged copies.

THRILLED?

YOU bet he is! He's making a tremendous hit! She has just told him that he has hair like Rudy Valentino's. But he doesn't know whether to pretend that it came that way or confess that he did it with his little bottle of "Vaseline" Hair Tonic. He owes a lot of his manly beauty to that bottle. "Vaseline" Hair Tonic promotes the growth of the hair and keeps the scalp in the healthiest condition. At all drug stores and student barber shops.
