Notices and Announcements

OFFICIAL
LLOYD'S SCHOLARSHIP
Applications for the Annual Lloyd's Scholarship in Naval Architecture and Marine Engineering, at the Institute, which is tenable for three years and of \$500 per annum, should be made immediately. Freshmen who expect to complete their first year with a satisfactory scholastic record are eligible. Applications must be in on or before May 31, at Headquarters of Department of Naval Architecture, Room 5-121.

UNDERGRADUATE
Endowment Meeting Today
The 100 members of the Endowment Fund Committee will meet today in the Main Lobby at 1 o'clock in order to receive further instructions and to hear reports of their work up to that time. Attendance at the meeting is said to be of great importance, in view of its object. The committee represents the entire Class of 1923.

COMBINED SOCIETIES
Will hold "Open House" Night tomorrow. All laboratories open and in operation. Students will conduct visitors through the Institute. Invitation extended to all engineers and executives in vicinity of Boston.

"BENCHMARK"
Candidates for general manager, editor-in-chief and treasurer of the Benchmark, the civil engineering summer camp publication, will meet in room 10-275 at 5 today.

C. E. SOCIETY
Will be addressed by Captain W. E. Parker '99, chief hydrographer and topographer of the U. S. Coast Geodetic Survey, on the work of the Survey in room 5-330 today at 4.

T. C. A.
The T. C. A. Undergraduate Employment Bureau will give out samples of Colgate's rapid-shave cream and ribbon dental cream Tuesday during the lunch hours in the dining room of Walker.

Elections
ELECTRICAL ENGINEERS
Will elect officers for the coming year in the D. E. M. Laboratory, building 10, from 10 until 4 o'clock today.

Meetings
MECHANICAL ENGINEERING
Society banquet comes on next Friday.

PLAN OPEN HOUSE AT INSTITUTE TUESDAY
(Continued from Page 1)

sible, with actual experiments being carried on. Guides will conduct small groups so that detailed answers may be given to questions.

"The heads of all departments, and most of the professors and instructors will be present both to explain any phase of the operation, and to meet the visitors in a purely social way. Late in the evening we expect President Stratton to be on the grounds and he will be pleased to meet and talk with anyone.

"All laboratories, including the research divisions will be open to the public. In addition, industrial movies will be shown continuously from 7:30 until 10:00 o'clock in room 5-330.

"We are making plans for from 500 to 1000 guests, and while we are desirous of having the general public attend we particularly wish to have technical and business men come. It is for them that Technology can do the most and we hope they will take this opportunity and let us show them what is possible in the way of co-operation, research, and other activities."

ELECT NAUGHTEN CORP XV LEADER
(Continued from Page 1.)

Previous to Dr. Stratton the large gathering was favored by an inside story of the workings of modern advertising and its methods, given by Mr. R. M. Perrin, vice president of the J. Walker Thompson Co. of New York City.

Equally popular was the other speaker of the evening, Mr. W. I. Bullard, an honorary stockholder, who, after an introduction by Professor E. H. Schell '12, told about foreign trade opportunities, emphasizing those of Brazil, from which he had recently returned.

Dr. D. R. Dewey, head of Course XV, was enthusiastically cheered and he gave a brief address. Officers for all positions of the organization were chosen last night. In addition to the election of J. M. Naughten '24, for president, was that of P. H. Littlefield '24, to the office of secretary, and the choice of F. L. Gemmer '24 for treasurer. Paul Cardinal '24, and A. W. Rhodes '24, were elected Senior Directors and the Junior members of the Board of Directors picked were R. F. Needham '25, and J. E. Russell '25.

"TECHNOLOGY MEN NOT OVERWORKED"
(Continued from Page 1.)

work desk. Professor Timble can't hope to compete with such a distracting influence.

The best method of making sure you handle your time properly is to get a week ahead of the game. By this simple expedient of doing your work a week in advance, you will often find it possible to go to the theatre the evening before a heavy day. Professor Inglis assured his audience.

"Burning the midnight oil is not a good policy," asserted the Harvard instructor, in opposition to his colleague, Professor Shaw, who stated during his lecture that for him, the best time for study was between midnight and 2 o'clock.

Outlines Proper Mode of Study
Professor Inglis also corrected the impression which the other Harvard lecturers seemed to have left about such physical aids to study as perfect isolation and freedom from distraction and outlining of the books read. These are tools which need be employed only when difficulty is encountered.

The lecture was concluded by an outline of the four steps in the solution of a problem, one of the rare situations in daily life which actually require reflective thought, or reason. First, find out just what the problem is. Try to get the idea rather than the phrasing. Second, bring up all the associations of similar problems which have been dealt with before. Third, evaluate this experience and form a tentative hypothesis. Fourth, test out the principle you have formulated.

FIVE JUNIORS NOW ON X HONOR BODY

Newly Chosen '24 Men to Gradually Take Over Duties— Will Pick Ten More

The following members of the Class of 1924 have been elected to the Course X Honor System Committee: E. W. Brugmann, W. E. May, L. S. Gregory, D. M. Schoenfeld, and T. E. Simonton. These men will meet with the present Senior Committee today, and two or three more times during the term. The business of the Committee will gradually be turned over to them. Next fall ten more men will be elected from the Class of 1924, bringing the Committee up to its normal strength of 15 men.

Radios Nominate and Elect at Same Time

Nominations for the new officers of the M. I. T. Radio Society are as follows: President, C. F. Muckenhoupt '24; Vice President, R. W. Hart '24; W. D. Siddall '25; Treasurer, H. B. Cuthbertson '25; Secretary, Charles Rich '26.

The elections will be held Wednesday, May 9, from 9 to 2 o'clock in the lounge in building 5.

Course XV Grads Favor Boston University Club

Sixty members of the Five Hundred Club, an organization of Course XV men were present last Saturday night at the banquet held at the Engineers' Club.

A. R. Stubbs '14, Mathew Prosky '08, and Prof. E. H. Schell were the guests and speakers of the evening. The meeting went on record as favoring a University Club in Boston, and the aims of the Five Hundred Club were thoroughly discussed.

GOLFERS OUTPLAY BROWN OUTFIT 5-1

Captain Clement Leads Men to Easy Victory at Woodland Saturday

Captain Fritz Clement led the Engineer golfers to victory over the Brown outfit Saturday afternoon on the course of the Woodland Club by the score of 5-1. The Institute men came through their matches very easily and the playing form shown speaks well for the future. Ballard and Crowley played a mighty good game. This was Crowley's first match on the varsity team and his addition has greatly strengthened the combination. The golfers will go up against B. U. next Thursday.

Clement won from Lincoln, 1 up 19 holes.
Ballard won from Elmendorf, 5 and 4.
Johnson lost, 4-3.
Crowley won from Knickerbocker, 2 up.
Clement and Ballard won, 2 and 1.
Johnson and Crowley won, 1 up.

M. I. T. A. A.
Dinner will be held on Wednesday, May 9, at 6:30. Tickets may be obtained in the main lobby today, from 12 to 2. Athletic awards will be given out at this time.

EPISCOPAL CLUS
Meeting will be held next Sunday, May 12, at 5 o'clock in the Faculty and Alumni Room, Walker. Prof. R. E. Rogers of the English Department will be the speaker.

CHORAL SOCIETY
Important rehearsal this evening in room 5-330 at 7:30.
Tickets for the Choral Society concert next Monday are on sale at the Technology Branch, in the main lobby, and at the office of the Musical Clubs, Walker. Price \$1.

CHEMICAL SOCIETY
Annual banquet will be held in Riverbank Court, next Thursday at 7 o'clock. Dr. S. W. Stratton and Dr. A. D. Little will be the principle speakers.

Dances
WALKER MEMORIAL TEA DANCE
Will be held on Saturday, May 12, from 3 to 6 for benefit of Combined Musical Clubs. Price \$1.50 per couple. Dance under auspices of Walker Memorial Committee and Musical Clubs Jazz Band will play.

CATHOLIC CLUB
Will have a dance on Friday, May 11, at 8 o'clock in Walker. Bert Lowe's orchestra will play. Tickets are \$2 per couple and may be obtained at the Coop or in the main lobby.

MILITARY DANCE
The Society of American Military Engineers will hold its annual party in the faculty dining room and north hall, Walker, next Thursday at 8 o'clock. The wearing of uniforms is optional. Sophomores who have signed up for the Engineer Unit of the Advanced R. O. T. C. may attend.

Tickets
JUNIOR PROM SIGNUPS
This is the last day on which Prom signups will be redeemed. Ernest Hosbach '24, at Runkle 206, will give out the refunds on presentation of signup stub.

Tappan to Lead T.C.A. Trip to Silver Bay

H. O. Tappan '24, has been elected chairman of the Technology Silver Bay delegation by the executive committee of the T. C. A. The conference this year will be from June 14 to 22. Notice has been received by the T. C. A. concerning the summer quarters of the Southern College of the Y. M. C. A. It will be located in the Blue Ridges of North Carolina from June 15 to August 30. Its purpose will be the intensive training of secretaries for all branches of the Y. M. C. A.

YALE NETMEN HOLD ENGINEERS SCORELESS

The varsity tennis team lost to Yale last Friday, the New Haven team making a clean sweep of the matches on the courts of the New Haven Lawn Tennis Club. The Engineers were unable to secure a set from the Yale racket welders.

Singles
Capt. Tremaine lost to Captain Williams, 6-0, 6-2.
Tressell lost to Jones, 6-3, 6-4.
McWane lost to Vaughan, 6-1, 6-3.
Russell lost to Wheeler, 6-4, 6-4.

Doubles
Tremaine and Tressell lost to Williams and Jones, 6-3, 10-8.
Russell and McWane lost to Comstock and Wheeler, 6-3, 6-4.

THE MASSACHUSETTS INSTITUTE OF TECHNOLOGY
Cambridge, Mass.

THE MASSACHUSETTS INSTITUTE OF TECHNOLOGY offers Courses, each of four years' duration, in Civil, Mechanical and Electrical Engineering; Naval Architecture and Marine Engineering; Mining Engineering and Metallurgy and Geology and Geological Engineering; Architecture and Architectural Engineering; Chemistry, Chemical Engineering and Electrochemical Engineering; Biology and Public Health and Sanitary Engineering; Physics, General Science and General Engineering; and in Engineering Administration. These Courses lead to the Degree of Bachelor of Science.

To be admitted to the first year class, applicants must have attained the age of seventeen years, and must satisfactorily fulfill entrance requirements in Algebra, Plane and Solid Geometry, Trigonometry, Physics, Chemistry, English, History, and French or German and one elective subject. Examinations are required in all subjects except Chemistry, History and the elective, the requirements for which are fulfilled by the presentation of satisfactory certificates. A division of these entrance subjects between different examination periods is permitted.

Entrance examinations are held at the Institute in September. In June, applicants will be examined by the College Entrance Examination Board in Boston, New York, Philadelphia, Chicago, and many other cities in America and Europe. A circular stating times and places is issued in advance by the College Board.

Graduates of colleges and scientific schools of collegiate grade, and in general all applicants presenting satisfactory certificates showing work done at another college corresponding to at least one year's work at the Institute, are admitted, without examination, to such advanced standing as is warranted by their previous training.

Graduate courses leading to the Degrees of Master of Science, Master in Architecture, Doctor of Philosophy and Doctor of Science are also offered. Special Research Laboratories of Physical Chemistry, Applied Chemistry and Science have been established.

PUBLICATIONS
Bulletins of General Information, Courses of Study, Summer Session, Advanced Study and Research; and the Report of the President and the Treasurer.
Any of the above named publications will be mailed free on application.
Correspondence should be addressed to
