Technology is not the only limiting influence having difficulty with the three. A popular student, using the Medill School of Journalism at Northwestern University for his thesis, smoking in the halls and classrooms was not only against the rules but was a real body. Already 25 undergraduates, both men and women, have lost their municipal invitations of leaving the college.

**The Umberlian Essays**

The recent form of undergraduate studies at the University of Illinois with the purpose of broadening the educational and cultural opportunities of the students, has been met with considerable popular enthusiasm. The University has already received a large number of applications for admission, and the number of students who have signed up for the course is expected to reach 500. The course will be offered in the fall and spring semesters, and will consist of nine credits per semester.

**Construe Golf Courses**

The interest shown by the under-graduates of the University in golf is evidenced in the results of golf competition and the good weather conditions. The physical education department is sponsoring golf, because it is an active form of exercise and can be enjoyed by students of all ages and abilities.
