THE TECH

A PERMANENT INSTITUTION?

To the Class of 1923 belongs the distinction of having been the
originators of the idea of providing future funds for Tech-
chairs through the medium of a Senior Endowment Fund. An
organization gives, the groups lose, the groups win all lose. But
it is up to every member of the Senior Class to appear in his
activity if we are to prevent the development of occupations which,
will be worth while, that is, it must pre-
be settled. It is up to every member of the Senior Class to appear in his
in 1925. Compared with the
age, prizes the comradeship and
institutions may be considered as
are side shows which out-
for an indefinite run.
