Technology Dames Hold First Meeting Monday

Next Monday at 3 o'clock will see the opening of the social activities of the Technology Dames when they meet at the Margaret Cheney room for a get-together meeting. The wives of all students are urged to attend as well as the mothers and sisters of those who live at distant points. After the meeting there will be a violin entertainment given by Miss Margaret Allen.

The Technology Dames met during the school year twice a month, at which time there is some sort of entertainment. This includes bridge parties, receptions and the like. Near the end of last year, a buffet supper was held which proved quite popular. The intention is to continue this program for the coming year.

T.C.A. HANDBOOKS OUT

Leather covered T. C. A. Handbooks otherwise known as the "Tech Bibles," have been sent out to a total of 559 men, of which 291 are freshmen and 268 are college transfers. This is the first year that the handbook has been sent to transfers. Only those admitted clear and with conditions on September first was sent copies, but it will be given to those admitted since upon application at the T. C. A. office in the basement of Walker.

All former students may obtain copies if they so desire, but they will not be entitled to receive the leather covers. Letters were mailed to members of the faculty informing them that a supply of the booklets would be reserved for them until after today.

UNDERGRADUATE NOTICE

Applicants for employment at the T. C. A. Undergraduate Employment Bureau are requested to call at once and complete application card.

Students who made applications last spring should fill new cards.

MILLIONAIRE CLASS DONATES DORMITORY

(Continued from Page 1)

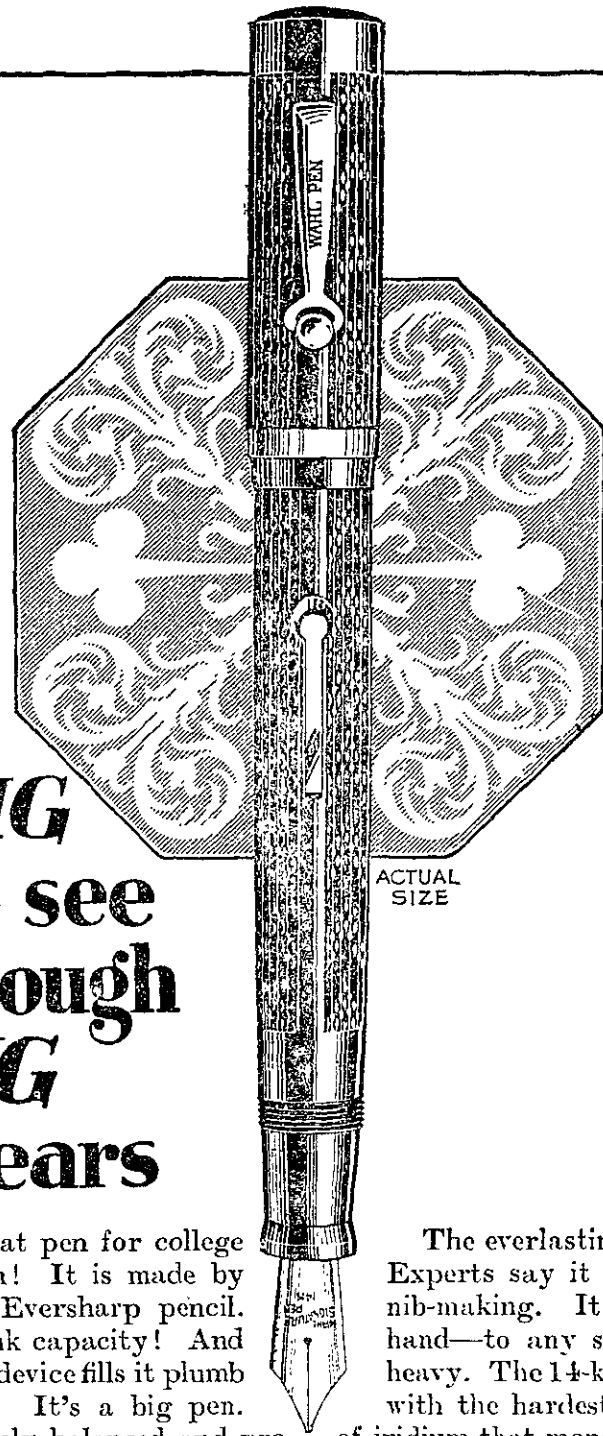

details have been worked out largely by H. W. Brown, '15, of the Housing Company of Boston, a concern headed by A. F. Bemis, member of the Corporation and a particularly generous member of the Class of '93. The actual construction of the building is in the hands of the Holt-Fairchild Company, contractors.

The estimated cost of the dormitories is placed at \$160,000, or about \$2,000 per occupant. This figure, only slightly higher than the cost of the old dorms which came at \$1,800 to \$2,000 per room, has been attained in spite of enormously increased building costs by a new method of construction developed by Mr. Brown.

By this method, the building can be run up with as much speed as steel-frame structure. Many of the wooden forms will be left in place permanently, imbedded in concrete which will speed up the work with the added advantage of providing something to nail the interior trim and lath to.

With good weather, the contractors expect to have the building closed by the first of November and approaching completion by Christmas. It will almost certainly be occupied next year.

Over the concrete wall slabs a brick and limestone veneer will be placed to match the old dorms and Walker, but the ends, to which it is planned to add more units, will be covered with Gunite, a sort of rough stucco which is blown onto the wall with a cement gun. Those walls on the Institute to which extensions are to be made are finished in the same manner.

A BIG PEN to see you through a BIG four years

This is a great pen for college men and women! It is made by the makers of Eversharp pencil. It has a huge ink capacity! And the Wahl filling device fills it plumb full every time. It's a big pen. But it is so nicely balanced and proportioned that it fits into the fist most comfortably.

The Wahl Signature Pen writes the instant the point touches paper. The ink begins to flow evenly—always enough, never too much. The patented comb feed makes shaking unnecessary.

Made in the U. S. A. by THE WAHL CO., Chicago

WAHL
Signature PEN

The big pen for big business

The everlasting nib is a wonder. Experts say it is the ultimate in nib-making. It suits itself to any hand—to any style. It is extra heavy. The 14-karat gold is tipped with the hardest and finest grade of iridium that money can buy.

The patented construction of the cap makes it impossible for the pen to leak in the pocket. The cap cannot split, for it is strengthened by the plain gold band. There are two sizes of the Wahl Signature Pen—one at \$5 for women, and one at \$7 for men! Other Wahl Pens, \$2.50 up!
