(Continued from Page 1)

The incoming class has absolutely no knowledge of the situation, and probably several weeks must elapse before the captains can jump to conclusions. Thev are still seeing things in the opinion of athletic fellows.

However, they will soon learn the rules of their trade, thanks to the Coast Artillery Unit, which will be formed as soon as the new class is notified of its formation. The following is an outline of the unit:

The former Lehigh coach has made a move, himself, an organizer, and he has been especially successful in starting Lehigh in athletics. One of the permanent accomplishments of the 25 day Middle States Exposition was to create a football team. The new team was formed in a number of phases, starting with the selection of the Harvard captain, and ending with the acquisition of the 25 points which will he required to win the championship of the East. The Harvard captain, under Dr. Connor, was one of the leading players in the Middle States District in the game.

The Pen that made the Grade

Will Help You Make It Too

One reason should you have the Parker Duofold is to attract people to you. You can attract people to you and put ideas in their minds. But Duofold's balanced swing, its super-smooth point, its extra thickness for your mind's free-steam will help you make it too.

Ask your student friends who use this classic pen—they'll tell you they would rather get good ideas than be with the fatuous Duofold. Its over-size ink capacity holds a long-distance ink supply. And its point is not only smooth but polished jewel, too. No style of writing can distort what is written from this pen. And its point is not only smooth but polished jewel, too.
