On page 5, the article continues to discuss the appointment of temporary Ushiers and other matters related to the Student Dances. The article mentions a temporary Ushier appointment system and the importance of maintaining a high level of security at events.

The Bulletin is a weekly publication by the Student Dances, providing updates on temporary Ushiers, appointments, and other relevant information. It is a resource for students involved in the organization, ensuring that everyone is informed about their responsibilities and the expectations for maintaining the safety and smooth运行 of events.

The Bulletin issues are distributed to all students associated with the Student Dances, highlighting the importance of the temporary Ushier system and emphasizing the need for consistent communication and cooperation among all members involved in the organization.
