PRESIDENT OF JUNIORS

returns from Africa

Guilhemian 25, president of the Junior Freshman Class, returned from a two-month trip to his native Africa. As the first junior to visit Africa from the United States required 21 days, Guilhemian also became the first to spend his winter break there. He is expected to return to the United States in late February.

WINNER OF MOST POINTS

takes 3rd Place

(Continued from Page 1)

The Junior Freshman Class has announced that the winner of the Most Points competition is Grillen 25, who scored a total of 135 points. Grills 25, a member of the Junior Freshman Class, was chosen for his leadership, academic achievement, and overall contribution to the class. The competition was held throughout the spring semester and involved various activities such as sports, academics, and community service.

TECHNOLOGY SPIRIT IS

ROTTEN TO THE CORE

(Continued from Page 1)

The Technology Spirit Award was given to Domino 25 for his enthusiastic support of Technology events throughout the year. Domino 25, a senior in the Technology department, was chosen for his commitment to the school and his dedication to technological excellence.

TECH MEN IN THE

TELEPHONE INDUSTRY

According to Mr. W. E. Hendrickson, Assistant General Manager of the Southern Bell Telephone Company, the telephone industry is facing a shortage of qualified engineers. This is due to the rapid growth of the industry and the increasing demand for skilled workers. Hendrickson emphasized the importance of recruiting and training new engineers to meet the demands of the industry.
