Lecture Series to be Launched at Technology

Prominent Men in All Lines of Business to Take Part

GERARD SWOPE '95 TO MAKE FIRST ADDRESS

J. E. Aldred Founders Course Of To Link America With The World

The first of the Aldred Lectures in the Massachusetts Institute of Technology will be given this afternoon, according to a successful conclusion the plan to launch a lecture series, of which the Massachusetts Institute of Technology is one of the organizers. The first lecture in the series will be given at 4 o'clock this afternoon in the Lecture Hall of the Massachusetts Institute of Technology.

The lecture will be given by Prof. J. E. Aldred, who will deliver a paper on "The Coming of the Atom." The lecture will be followed by a discussion on the subject by Prof. G. P. Baker, of the Massachusetts Institute of Technology, and by Prof. F. A. Leavitt, of the Harvard University.

Other lectures in the series will be given by Prof. J. H. Moore, of the Cambridge University, and by Prof. F. W. H. Edgerton, of the Massachusetts Institute of Technology.

The series of lectures is designed to bring together men of science and men of business, and to promote scientific progress in the United States.

Super's Office Looks Like Curiosity Shop

A large collection of books, eighty rules, and other objects of interest are on display in the office of the Superintendents of the Massachusetts Institute of Technology. The collection includes a variety of books on the latest developments in science, and is designed to attract the attention of the students.

Field Day Must Report Tonight

Senior Coaching Staff Organized for First Football Practice

Relay Prospects Are Good for Yearnings

No Sophomore will be allowed to play on the football team unless he has been recommended by his class. The recommendation must be signed by the class and the student must have a good academic average.

Review to be on October 25

"Experience of Dying" Among Many Articles To Be Published

The first issue of the "Experience of Dying" will be published on October 25. The issue will be devoted to articles on the subject.

"Experience of Dying" is a monthly publication which deals with the experience of dying. The articles are written by the members of the scientific community, and are intended to promote the understanding of the experience of dying.

"Experience of Dying" is published by the Massachusetts Institute of Technology, and is available at the library.

Chicken Soup for the Soul
