PARADE AND BARBECUE WILL FOLLOW THEATRE

The official opening of the school year will be marked by a solemn procession through the streets of the city, with the students and faculty of the Tech, led by the band and a large drum corps, as the first event of the day. It is necessary and so on. You identify Stratton's absence in the field from the list of the roll, so you identify this lack with the inclusion of the student's name in the roll. This will be the first opportunity for the band and the drum corps to show their skills, and the parade will be a grand occasion for the students to display their talents.
